What If Rebecca Donovan, 2025-05-01 A novel by the USA Today and Wall Street Journal bestselling author of The Breathing Series . . . What if you had a second chance to meet someone for the first time? Cal Logan is shocked to see Nicole Bentley sitting across from him at a coffee shop thousands of miles from their hometown. After all, no one has seen or heard from her since they graduated over a year ago. Except this girl isn't Nicole. She looks exactly like Cal's shy childhood crush, but her name is Nyelle Preston and she has no idea who he is. This girl is impulsive and daring, her passion for life infectious. The complete opposite of Nicole. Cal finds himself utterly fascinated-and falling hard. But Nyelle is also extremely secretive. And the closer he comes to finding out what she's hiding, the less he wants to know. When the secrets from the past and present collide, one thing becomes clear: Nothing is what it seems.

Out of Breath Rebecca Donovan, 2013 Emma trusts no one and she can't let anyone in, not when she knows all they'll find is darkness. But some people won't take no for an answer and Emma must decide if the hidden truths and painful secrets are enough to let go of the possibility of love - forever.

Closed Seasons Julia Brock,2025-05-27 In a unique and personal exploration of the game and fish laws in Alabama,

Georgia, and Mississippi from the Progressive Era to the 1930s, Julia Brock offers an innovative history of hunting in the New South. The implementation of conservation laws made significant strides in protecting endangered wildlife species, but it also disrupted traditional hunting practices and livelihoods, particularly among African Americans and poor whites. *Closed Seasons* highlights how hunting and fishing regulations were relatively rare in the nineteenth century, but the emerging conservation movement and the rise of a regional “sportsman” identity at the turn of the twentieth century eventually led to the adoption of state-level laws. Once passed, however, these laws, were plagued by obstacles, including insufficient funding and enforcement. Brock traces the dizzying array of factors—propaganda, racial tensions, organizational activism, and federal involvement—that led to effective game and fish laws in the South.
