S. A. Carter,2010-01 New Novel Weaves Together Adventure, History and Romance Historical Two Volume Set Chronicles Battle between Slavery and Freedom, Love and Hate PORT COQUITLAM, British Columbia - Readers who have enjoyed historical fiction with a strong dash of adventure and a pinch of sex will surely love The Dark Side of the Mountain (published by AuthorHouse), the new epic in two volumes by S.A. Carter. Fueled by American historical events from 1854-1884, The Dark Side of the Mountain follows the adventures of John Saxton and Marcus Brown, who fight as Union guerillas against the Confederacy and all it stands for. Major Horatio Garrow and his son, Lucas, are mad men full of hate and greed, dedicated to one cause - their own. Along with a supporting cast of unforgettable characters both real and imaginary, these men are caught up in a vicious web of murder, dark secrets, betrayal and intrigue where only survival

matters. In Volume One: *The Dark Side of the Mountain*; a young John Saxton watches helplessly as brutal slavers throw human cargo overboard to avoid capture by the Africa Patrol. From then on, the Boston shipping heir becomes an implacable abolitionist bent on destroying slavery in America. Confederate spies, traitors and the dreaded Deacon Gang are arrayed against him. Can Saxton and his beautiful black bride, Virginia, survive a dangerous game of espionage, treachery and betrayal that culminates in the honeymoon from hell? As the Civil War divides and devours a nation, a black American guerilla force is carried behind Confederate lines by a unique sinking ship. Led by a giant Maasai warrior, they fight a determined and deadly foe from the eastern seaboard of America to its vast western plains. Even as the horror of war explodes around them, the Maasai Rangers embrace a common dream deep within the heart of Dixie. In Volume Two: *The Dark Side of the Mountain*; John Saxton is captured and thrown into the horror of Salisbury prison. Pursued by Major Horatio Garrow and his hapless brute of a companion Harley Blackstone, can Saxton survive? From his father's grave, a vengeful Lucas Garrow is led on a torturous search for stolen treasure. But a love fueled by the Cause and poisoned by greed, leads to a deadly confrontation. With America facing total ruination by blackmail; a battle erupts between a drug-addicted Lucas Garrow allied with the Klan, a militant underground colony of religious zealots, and the forces of justice bent on self-destruction. It all comes to an explosive conclusion not only deep within the heart of the Ozarks, but on Elder Mountain, Tennessee, where a utopia called Harmony Farm faces a forest fire out of control. Could Saxton and Marcus survive in an alien world and still find another dream called 'home'?

My Conscience U Kyaw Win, 2016-07-08 Since gaining its independence from British colonial rule in 1948, Burma's history has been cursed. The military raped the resource-rich country for fifty years and drove its people to penury. Activists who advocated for democracy were imprisoned, tortured, and exiled. Civil society institutions were ground into oblivion. *My Conscience: An Exile's Memoir of Burma* is U Kyaw Win's compelling account of the bleeding of his homeland by the military. Born during the waning days of colonial rule, he experienced the brutality of Japanese occupation and the heady early days of independence. He studied abroad and acquired the skills that his country would need, but when the military seized power in

1962, he was made stateless and not allowed to return home for forty years. This memoir tells the story of his lifelong efforts to attract international attention to Burma's destruction and to restore freedom to his homeland. Win's memoir chronicles the struggles that he and those who fought for their country's freedom faced. He recounts the giants in Burma's struggle he met in his pursuit. At this historical moment in 2016, it is uncertain whether the elected civilian majority in parliament will take office and if the military will permit a government of the people's choice to rule.

In the Creeks of Fire Ebi Bless Asain, 2009-07 Until the most unacceptable, primitive, massively bungled and rigged elections of 2007, which most observers agree was the worst and most shameful of its type anywhere, the world hardly realized that nowhere in sub-Saharan Africa have ordinary citizens been so disappointed, abused and severely traumatized by their leaders than in Nigeria. And nowhere in Nigeria are the people more brutalized, marginalized and oppressed by the leaders than in the Niger Delta. As we remember the human tragedy that was Rwanda and now glued to the sad and despicable images of Darfur, the world must also pause to see the riveting and equally disturbing images that are emerging from the Niger Delta. In the Creeks of Fire is the inside story of a people as they try to emancipate themselves from a terribly broken down Nigerian system. The people in the center of this struggle for justice and freedom have become simply known as the militants of the Niger Delta. The world cannot help but listen to their plight and the voices of those they are fighting for. The rippling effects of this struggle may touch you directly or indirectly wherever you live. And that's both the sad and powerful reality of humanity's inter-connectedness.

Art and Praise in Kierkegaard's Works of Love Richard McCombs, 2023-12-19 Since art is essential to the love of one's neighbor as oneself and to love's chief goal of building up one another, we cannot understand love without also understanding its art. Observing that praise is ubiquitous in Søren Kierkegaard's writings, Richard McCombs interprets Kierkegaard's Works of Love as a eulogy of love's arts of forgiveness, peace-making, and building up one's neighbor in maturity and charity. Kierkegaard stresses love's ability to achieve results, calling love irresistible and almost magical in overcoming obstacles to its purposes; living the life of faith and love involves skillful attention to the specificity of the episodes in an individual's life, and the creative imagining of new ways of enacting these virtues. McCombs argues that Kierkegaard's ideas about the art of love reveal limits or exceptions to his individualism and to his anti-consequentialism in ethics. *Art and Praise in Kierkegaard's Works of Love* explores Kierkegaard's distinct praises of love through texts like Works of Love, The Brothers Karamazov, and Middlemarch to illustrate, complement, and sometimes correct Kierkegaard's profound account of love's art and wisdom, suggesting ways that the art of praise bears on other questions in aesthetics,

ethics, and religion.

The Climb Chris Froome,2014-06-05 On 26th July 2015, Chris Froome entered the record books. He won cycling's ultimate race - the Tour de France - for the second time. Taking a double Yellow Jersey was a staggering achievement. This memoir shows just how remarkable it was, given the uphill struggle Froome faced. Growing up in Kenya, biking down mile after mile of dusty road, and staying in a humble tin hut, he developed a fierce passion and determination to win. The road to Europe was long, gruelling and filled with setbacks - but it prepared him for teamwork as a domestique and then the leap to leader of Team Sky and a shot at winning the Tour de France. In *The Climb*, written with the renowned investigative reporter David Walsh, he vividly recounts the struggles, the rivalries, the battles, the comebacks. Finally he traces his path to triumph and his mission to help clean up cycling. Inspiring and exhilarating, it will leave you ready to face your own challenges in life, whatever they may be. Faith-Healing James Monroe Buckley,2012 The Rev. Dr. J. M. Buckley has collected together his papers from The Century and other sources, and like the wise householder who brings forth things new and old, has spread a rich table for those who enjoy reading about faith-healing. Christian science, and kindred phenomena. Unless one meets frequently the

victims of the delusions of astrology, divination, apparitions and witchcraft, or happens to be personally acquainted with the librarians of our great cities, he will have little idea how great a hold the occult sciences (heaven save the mark !) have upon the minds of millions in our country. Under the shadow of our churches and scientific institutions, there are multitudes who still believe in one form or another of these superstitions. Dr. Buckley's method is to find a rational explanation of what unquestionably is, before he looks at what is supposed to be, and he considers there is no reason to suspect, and that it is superstition to assume, the operation of supernatural causes, when experimental science can reproduce the same phenomena and results. He believes heartily in the Christian doctrine of prayer, but he has very little faith in what is called 'faith-healing,' and considers that the claims of Christian 'faith-healers,' technically so-called, are effectually discredited, and he shows clearly the evils of the superstition. Under astrology, divination and coincidences he brings up a great many readable anecdotes from the classic times, as well as from the modern, and under dreams, nightmares and somnambulism, endeavors by analysis and characterization to show what are the real facts, and also the rational use of dreams. He devotes one chapter to presentiments, visions and apparitions, hinting at unsuspected mental resources, and showing what are the uses of these apparently abnormal phenomena. In regard to witchcraft, he does not believe that the Bible teaches the reality of that in which generations of men have long believed. As for the Witch of Endor, he considers that she herself was mistaken, and that the whole story is of what was said, rather than of what was done. Strangely enough, in treating of the manifestations of the delusion in Europe and America, and of the reaction from the frenzy, he does not mention the work of the great Balthazar Becker, the Dutchman who wrote the book which did so much to demolish the superstition. His last chapter treats of Christian science and mind-cure, and in this chapter, as in the others, he shows a commonsense which is contagiously healthful, and winds up with a very appropriate quotation from Ecclesiasticus. Shakespeare's Auditory Worlds Walter W. Cannon, Laury Magnus, 2020-10-27 Inspired by the verbal exuberance and richness of all that can be heard by audiences both on and off Shakespeare's stages, *Shakespeare's Auditory Worlds* examines such special listening situations as overhearing, eavesdropping, and asides. It breaks new ground by exploring the complex relationships between sound and sight, dialogue and blocking, dialects and other languages, re-voicings, and, finally, nonverbal or metaverbal relationships inherent in noise, sounds, and music, staging interstices that have been largely overlooked in the critical literature on aurality in Shakespeare. Its contributors include David Bevington, Ralph Alan Cohen, Steve Urkowitz, and Leslie Dunn, and, in a concluding "Virtual Roundtable" section, six seasoned repertory actors of the American Shakespeare Center as well, who discuss their nuanced hearing experiences on stage. Their "hearing" invites us to understand the multiple dimensions of Shakespeare's auditory world from the vantage point of actors who are listening "in the round" to what they hear from their onstage interlocutors, from offstage and backstage cues, from the musicians' galleries, and often most interestingly, from their audiences.
