Time to Think Nancy Kline,1999-01-01 Most people think they listen well, but they rarely do - not at this level. Listening this way is a radical act. The power of effective listening is recognised as the essential tool of good management. In this book, Nancy Kline describes how we can achieve this, and presents a step-by-step guide that can be used in any situation. Whether you want to have more productive meetings, solve business problems, create bold strategies, or build stronger relationships, this book offers you a new world of possibilities. From blue chip companies developing high-powered teams to individuals seeking personal growth, a Thinking Environment has come to mean transformation of the highest quality.

The Psychology of Early Childhood C.W. Valentine,2015-06-05 Originally published in 1942, this title attempted to trace, from their very earliest appearances after birth, all aspects of mental development in childhood up to the age of about 4 or 5. It is based largely on the author's almost daily observations of his own five children, over a period of some twenty years, supplemented by numerous tests and experiments. The first purpose of this book was to advance our knowledge of the psychology of childhood. The importance of such knowledge had become increasingly recognised. Even if not all is completely determined in the first 4-5 years, there was little doubt by this time that these first years are of profound significance for future development: and the better understanding and training of the young child may be at the root of many of our educational and social problems.

Instrumental James Rhodes,2017-02-07 An intense, eloquent, and appropriately furious memoir with the transporting beauty of classical music . . . The cumulative effect of the literary concert [Rhodes] gives in these pages is transcendence, both for him and for the reader. --Los Angeles Review of Books "A mesmeric combination of vivid, keen, obsessive precision and raw, urgent energy." --Zoe Williams, The Guardian James Rhodes's passion for music has been his lifeline--the thread that has held through a life encompassing abuse and turmoil. But whether listening to Rachmaninov on a loop as a traumatized teenager or discovering a Bach adagio while in a hospital ward, he survived his demons by encounters with musical miracles. These--along with a chance encounter with a stranger--inspired him to become the renowned concert pianist he is today. *Instrumental* is a memoir like no other: unapologetically candid, boldly outspoken, and surprisingly funny--shot through with a mordant wit, even in its darkest moments. A feature film adaptation of Rhodes's incredible story is now in development from Monumental Pictures and BBC Films, following a competitive bidding war involving major U.S. and U.K.

companies. An impassioned tribute to the therapeutic powers of music, Instrumental also weaves in fascinating facts about how classical music actually works and about the extraordinary lives of some of the great composers. It explains why and how music has the potential to transform all of our lives.

Behind a Glass Wall D. Schwarz, 2006-03 The Anatomy of a Suicide by Dorothy Schwarz ISBN: 1-904697-20-8 ISBN 13: 978-1904697-20-6 Published: 2005 Pages: 158 Description This book is the gripping and emotional portrayal of one young woman's ultimately unsuccessful battle against chronic depression. Zoe, was Dorothy's fourth daughter, born in new Delhi in 1972. When she threw herself under a train at the age of 27 in August 2000, Zoe was suffering from deep depression following a bout of mania. After her death Dorothy found her diaries, poems and other writings which she used to build her portrait. Dorothy wants to tell her daughter's story both as a tribute to this beautiful and talented young woman, who succumbed to a terrible illness and also to chart the passage of grief for a family after suicide. Dorothy wants to help remove or lessen the stigma attached to mental illness. Zoe fought hard and long but lost the ultimate battle. Dorothy hopes that the honest account of her life may help other sufferers and their families. Zoe herself would have wanted that. About the Author Dorothy Schwarz was born in London in 1937. She married Walter Schwarz, a journalist, in 1956 and has six children. The family lived in many countries where Walter was stationed. Dorothy brought up the kids, taught a bit and wrote children's books and short stories. She now lives and teaches Creative Writing part-time in Colchester. Her main hobby, now that the nest is empty, is a growing collection of parrots and parakeets. She and Walter wrote two books on ecology together, Dorothy's collection of short stories entitled 'Simple Stories about Women' were published by Iron Press in 1998.
