

Say You Swear Who Does Ari End Up With

William Shakespeare

Aria's Fate Lanita17, From a very young age, Aria has lived among the shadows, treated as a slave and subjected to multiple abuses. She hoped that upon reaching the age of majority, she could escape from that terrible place, a pack that was not welcoming to her. Following the demands of her pack's Luna, Aria eagerly awaits the day she can finally escape from that place, but unexpectedly discovers who her mate is. But he, not willing to continue with this eternal union, rejects Aria as his mate. With those painful and heartbreaking words, an unbearable pain took hold of her chest, which was enough to make Aria decide to definitely run away from the pack, fleeing towards the territory of the vampires and facing new changes. Will Aria be able to fulfill what is predestined?

Things We Couldn't Say Jay Coles, 2021-09-21 From one of the brightest and most acclaimed new lights in YA fiction, a fantastic new novel about a bi Black boy finding first love . . . and facing the return of the mother who abandoned his preacher family when he was nine. There's always been a hole in Gio's life. Not because he's into both guys and girls. Not because his father has some drinking issues. Not because his friends are always bringing him their drama. No, the hole in Gio's life takes the shape of his birth mom, who left Gio, his brother, and his father when Gio was nine years old. For eight years, he never heard a word from her . . . and now, just as he's started to get his life together, she's back. It's hard for Gio to know what to do. Can he forgive her like she wants to be forgiven? Or should he tell her she lost her chance to be in his life? Complicating things further, Gio's started to hang out with David, a new guy on the basketball team. Are they friends? More than friends? At first, Gio's not sure . . . especially because he's not sure what he wants from anyone right now. There are no easy answers to love -- whether it's family love or friend love or romantic love. In *Things We Couldn't Say*, Jay Coles, acclaimed author of *Tyler Johnson Was Here*, shows us a guy trying to navigate love in all its ambiguity -- hoping at the other end he'll be able to figure out who is and who he should be.

Me, My Elf & I Heather Swain, 2009-06-11 It's not often you see an elf in the middle of Brooklyn, let alone a tall, blond, gorgeous elf in the middle of one of the most prestigious performing arts high schools in the country. And yet, that's just where Zephyr Addler finds herself: smack dab in the middle of a bustling New York City school, worlds away from the secluded woodland community she knows so well. But Zephyr knows that she has to figure out how to live in the world. And dress in the world. Thanks to a little friendly advice from her new friend Mercedes, Zephyr starts to get the hang of Brooklyn.

That is, until Zephyr snags a role in a commercial, beating out the most popular girl in school, Bella Dartagnan. Now with Bella and her friends out to get her, can Zephyr out-maneuver the mean girls (and catch the eye of a certain cute boy) without losing herself?

Mad About You Anna Premoli,2019-11-14 Giada Borghi has always known exactly what she wants. Graduating with honours? Check. An internship at a prestigious consulting company in Milan? Check! Ariberto Castelli, with his pretty face and unironically monogrammed shirts? Definitely not. Sure, they may have shared a kiss in a nightclub once upon a time - that doesn't change anything! Boys like Ariberto and girls like Giada just don't belong together. But working so closely with a handsome Italian is bound to turn any girl's head, especially as she realises there's more to Ariberto than meets the eye. The summer days are long and hot... can Giada make it through with her head - and heart - intact?

Drunken Space Pirates! Phoenix Freebird A.,2009-06-30 Running from a mutinous crew, sucked through a wormhole like in a bad sci-fi movie and slowly running out of booze . . . and that's just the beginning of this non-traditional story that starts off as a simple captain's log book and evolves into something more like a really warped and twisted TV show in text. Follow the Captain and crew on a series of seemingly random adventures, where it's obvious it's not just the Captain who's been drinking. At some point you may ask yourself, is all this just coincidence or is there something dark and annoying on the horizon? The Captain seems to have a drinking problem, the problem being he never has enough to drink and people from his past keep showing up and ruining his buzz / Akki a corrupted artificial intelligence who occasionally takes over the Captain's log has his own plans, mostly self-serving ones because he has nothing better to do. The rest of the crew, pirates, hot chicks, robots and a foul beaked little space penguin round out the Drunken Space Pirates and with all the wise cracks and shots aimed at everyone and everything its clear the alcohol flows rather freely within the D.S.P. Many of the off the wall characters of the D.S.P. are walking guilty pleasures who say what they feel, do what they want and just generally give it to life, pop culture and the universe in general with both barrels . . . and occasionally fish...

Hurricane Confessions D. Richard,2021-09-21 Hurricane Confessions By: D. Richard Delaney is not looking for love, despite the fact that everyone she knows is trying to set her up. She is far too busy dealing with her own life to take on someone else's; she has her son to raise, and besides, she knows she is not an easy one to love. Ari, still grieving from his

own personal loss, has just moved into town, and happens to be a stop on Delaney's delivery route. When they meet, there is an instant spark that neither can deny. Ari becomes entranced by the way Delaney is like a hurricane, constantly leaving him in a whirlwind. Delaney senses Ari's sincerity and refreshing honesty, and she wonders if he might just be the man to bring love back into her life. Hurricane Confessions reveals how love can burn like a fire; it can be beautiful, intoxicating, all-consuming, and dangerous, or it can just fizzle out. When the universe serves a less than desirable twist of fate, hope is all that binds.

Ten Doors Down Steve Conoboy, 2022-07-23 Ari has broken her phone again, and Mum's not replacing it this time. It's Ari's worst nightmare. No phone, no life. Her few friends don't visit, not even Beth, hilarious queen of the bitches. Mum finds her a job. Ten doors down the street: The Mad House. Crazy Crossman lives there, a bristly and reclusive woman. She's violent towards kids, they say. There's strange noises at all hours of the day, they say. It starts as bad as Ari expects - Crossman cannot stand the youth and has just about a million rules - and gets worse. The job is a messy, splattery clean-up in one part of the house - it's a disgusting mix of what looks like thick, multi-coloured paint and plasticine innards. Each day this mess is in another room, and Ari's curiosity skyrockets. It's like the aftermath of a mad fight between strange creatures from some Other Place. But that's crazy. There are no Other Places, and Miss Crossman is just some stiff old lady with odd thoughts about how to live. A confrontation with Mr. Ribbles, the curtain-twitcher from across the street, leads to Crossman defending Ari and bringing her inside. They very nearly start bonding over tea and biscuits, but when Ari is left to let herself out, she hears the noise upstairs. She gets a snapshot-glimpse of Crossman's bedroom before the door slams shut. She sees the impossible. No opposite wall, only a sweeping hill under impossibly blue skies. Another world. Ari vows never to return to the Mad House... This is a story of friendship across generations, of a lone woman's unknown power and sacrifice, and of responsibility without recognition. How far would you go to protect those who don't even care that you exist?
