Creative Work Erika Andersson Cederholm, Katja Lindqvist, Ida de Wit Sandström, Philip Warkander, 2024-01-19 How do creative workers work? This book brings together insights from a range of relevant disciplines to help answer this significant research question. Featuring case studies from the European context, contributors tap into the experiences and practices from creative workers, demonstrating their attempts to navigate a changing environment which affects spaces, identities, and professional roles. As cross-disciplinary re-thinking of work, labour processes and management practices in the creative and cultural industries, the book offers perspectives on the importance of highlighting creative work as a phenomenon and practice beyond a particular industry, market, or public sector. Providing an opportunity to expand our conception of what creative work is, the book draws on studies of a range of activities, practices and sectors that are usually included in the cultural and creative industries as well as ones that are more untraditional. The result is a volume that will interest students, practitioners, and scholars with an interest in the creative industries. The Open Access version of this book, available at [www.taylorfrancis.com](http://www.taylorfrancis.com), has been made available under a Creative Commons Attribution-Non Commercial-No Derivatives (CC-BY-NC-ND) 4.0 license.

*Leadership in Game of Thrones* Brigitte Biehl, 2021-10-13 Winning power in Westeros is hard, but holding power is much harder. The book analyzes strategies of leadership in the popular television series as an inspiration for today's uncertain times and our corporate world, bringing together research on TV series with management studies. The medieval fantasy world presents emotional and larger-than-life leadership archetypes: charismatic, authentic, privileged, masculine, female, motherly, lonely, romantic and disabled leaders. They are constructed and deconstructed. Hands, penises, and heads are chopped off. In this way, the series also celebrates the power of those who follow or resist, and always influence their leaders. Dr. Brigitte Biehl (Biehl-Missal) is Professor for Media and Communication Management at the SRH Berlin University of Applied Sciences, School of Popular Arts in Berlin, acting as Head of Studies B.A. Creative Industries Management, M.A. International Management Focus on Creative Leadership, and director of the Institute for Professional Development (IWK). Her background is in theater, film and media studies and business studies; she has published widely on art, aesthetics and management. This book is a translation of the original German 1st edition *Leadership in Game of Throne* by Brigitte Biehl, published by Springer Fachmedien Wiesbaden GmbH, part of Springer Nature in 2020. The translation was

done with the help of artificial intelligence (machine translation by the service DeepL.com). A subsequent human revision was done primarily in terms of content, so that the book will read stylistically differently from a conventional translation. Springer Nature works continuously to further the development of tools for the production of books and on the related technologies to support the authors.

**Luxury and American Consumer Culture** Arthur Asa Berger, 2021-06-22 Using concepts from semiotics, psychoanalytic theory, sociology, and Marxism, this book analyzes the role of luxury in American consumer culture. It offers case studies that deal with how our love of luxury affects our choices of automobiles, homes, restaurants, cruises, department stores, and hotels. It also adopts a global perspective and features analyses of luxury in China, Iran, Germany, Monaco, Russia, and Turkey by scholars from those countries.

The Metamorphosis of Cultural and Creative Organizations Federica De Molli, Marilena Vecco, 2021-11-03 Organizations in the creative and cultural sector are experiencing transformational change. This book offers a new way of exploring the transformational processes that these organizations are going through, by focusing on their organizational space. By bringing together theoretical and empirical contributions from international scholars belonging to different fields of research, such as management, entrepreneurship, sociology, philosophy and anthropology, this volume seeks to provide readers with a multifaceted, comprehensive understanding of the changes that creative and cultural organizations are facing. By exploring them from an original perspective – the spatial one – this volume provides the foundations for developing a coherent research debate on the spatial dimension of creative and cultural organizations, leading to a new research agenda. This book contributes to our understanding of the ‘space’ of the creative and cultural industries and will be a useful reading for scholars involved in arts and cultural management in particular, as well as the social and human sciences more broadly. This book will inspire and inform researchers and managers who look with curiosity at the changes taking place in the creative and cultural sectors.

**Communication of Love** Eva L. Wyss, 2014-11-15 By the end of the twentieth century certain new media had established themselves which have profoundly changed communication among lovers. SMS and email in particular have created new relational forms and forms of intimacy. From declarations of love on talk shows to televised dating games and marriage quiz shows, television offers a panoply of wildly popular theatrical communications of love. Does the neglecting of traditional communication media, such as love letters and the telephone, cause the intermingling of intimacy with the public sphere and hence the abrogation of it? From the disciplines of sociology, history, cultural and media studies and linguistics, this book offers answers to this question by analyzing and discussing new media from various perspectives. Contributions by Eva Illouz, Joachim R. Höflich, Friedrich Krotz, Helga Kotthoff, Karl Lenz, Sabine Maasen, and others.

**The SAGE Handbook of Leadership** Doris Schedlitzki, Magnus Larsson, Brigid Carroll, Michelle C. Bligh, Olga

Epitropaki,2023-02-01 The Second Edition of The SAGE Handbook of Leadership provides not only an in-depth overview the current field of leadership studies, but also a map into the future debates, innovations and priorities of where the field will move to. Featuring all new chapters from a global community of leading and emerging scholars, each chapter offers a comprehensive, critical overview of an aspect of leadership, a discussion of key debates and research, and a review of the emerging issues in its area. Featuring an innovative structure divided by prepositions, this brand-new edition moves away from essentializing boundaries, and instead seeks to create synergies between different schools of leadership. A key feature of the second edition, is the attention to sensemaking (exploring the current themes, structures and ideas that comprise each topic) and sensebreaking (disrupting, critiquing and refreshing each topic). Suitable for students and researchers alike, this second edition is a critical site of reference for the study of leadership. PART 1: Between: Leadership as a Social, Socio-cognitive and Practical Phenomenon PART 2: About: Exploring the Individual and Interpersonal Facets of Leadership PART 3: Through: Leadership Seen Through Contemporary Frames PART 4: Within: Leadership as a Contextually Bound Phenomenon PART 5: But: A Critical Examination of Leadership

Art of the 20th Century Karl Ruhrberg,Klaus Honnef,Manfred Schneckenburger,Christiane Fricke,2000 The original edition of this ambitious reference was published in hardcover in 1998, in two oversize volumes (10x13). This edition combines the two volumes into one; it's paperbound (flexi-cover--the paper has a plastic coating), smaller (8x10, and affordable for art book buyers with shallower pockets--none of whom should pass it by. The scope is encyclopedic: half the work (originally the first volume) is devoted to painting; the other half to sculpture, new media, and photography. Chapters are arranged thematically, and each page displays several examples (in color) of work under discussion. The final section, a lexicon of artists, includes a small bandw photo of each artist, as well as biographical information and details of work, writings, and exhibitions. Ruhrberg and the three other authors are veteran art historians, curators, and writers, as is editor Walther. c. Book News Inc.

**Berlin Metropolis** Emily D. Bilski,Jewish Museum (New York, N.Y.),1999 Berlin Metropolis: Jews and the New Culture, 1890-1918 vividly documents the diverse ways that Jewish artists, intellectuals, and cultural impresarios participated in this burst of creativity and promoted the emergence of modernism in Berlin and on the international scene.--BOOK JACKET.

**Tom Petty and Philosophy** Randall E. Auxier,Megan Volpert,2019-01-08 For the first time, serious thinkers explore the work of this towering genius of rock music. For fans of Tom Petty, this volume is an eye-opener, with fourteen music-savvy philosophers looking at different facets of Petty's artistic contribution. They examine not only Tom Petty's thoughts but also the thoughts we have while we listen. The authors, all Petty fans, come from every philosophical viewpoint: classical, analytic, postmodernist, phenomenological, and Nietzschean. Tom Petty's body of work exists on a continuum between Folk

and Rock, between New Wave and Americana, between Southern simplicity and West Coast chic. There is the legacy left to his main backing band, the Heartbreakers, but also bookended by Mudcrutch and his collaborations with his elders, such as Bob Dylan, George Harrison, Roy Orbison, and Johnny Cash. Tom Petty's songs hook and they captivate, but they are often profound in their understatement, their stark minimalism. His insight into the human condition conveys a powerful philosophical anthropology with a metaphysics of tragedy, gravity, and levity. Tom Petty's ethics focuses on dilemmas of the outcast, downtrodden, and heartbroken with a view to the fallen and the sinful as our redeemable antiheroes of the everyday. His political thinking is that of the artist, enlivened by Southern hostilities and Californian futilities, culminating in a personal ethic that puts duty to the fans first. Petty's theory of knowledge is psychological and interpersonal, both deeply meditative and delightfully skeptical. The dialectic of love and hate, abuse and recovery, poverty and power, triumph and loss provide the genuine objects of knowledge. Above all, Petty's songs are the confessions of a poetic mind interpreting a wounded soul. Petty lived his life the way he wrote and the way he played. It was grit, drive, and just enough finesse, to make things nice, where they need to be nice. On stage, he put the schau in Anschauung. Petty stood up to corporate assholes in a number of precedent-setting legal maneuvers and album concepts, risking his career and fortune, but never backing down. He was the center of a musical community that endured over four decades. His ability to cultivate new generations of listeners while connecting himself backward to the heroes of his own youth have made him universally respected by the widest range of music fans.

**Art at Lincoln Center** Charles A. Riley, II, Lincoln Center for the Performing Arts, 2009-05-11 The first volume to showcase both Lincoln Center's fabulous public art and the List Poster and Print collection, Art at Lincoln Center begins with a tour of the campus and the art that has been collected since its inception. A brief history of how the pieces were selected and brought to Lincoln Center follows (featuring Frank Stanton, David Rockefeller, and Philip Johnson who were the leading figures in building the collection) with charming anecdotes about the artists and the politics behind the selections of the artists and their works. The story of the creation of the List collection, with a focus on Vera List's formidable role, close the text portion of the book. The last portion is a complete catalog of the List print and poster collection.

**Popular Arts of Mexico 1850-1950** Donna McMenamin, 1996 One hundred years worth of quality Mexican popular art, including pottery, clay figures, marionettes, straw mosaics, Talavera, clay banks, coconut banks, laquerware, wood panels and rugs, from 1850-1950, is covered here. Detailed information about artists, styles and techniques are provided along with collecting hints in every chapter.

*The Routledge International Handbook of the Arts and Education* Mike Fleming, Liora Bresler, John O'Toole, 2014-11-27

This International Handbook brings together leading writers on Arts in Education to provide a much-needed, authoritative guide to the main debates in the field and an informed account of contemporary developments in policy and practice. Providing a detailed overview of key concepts and practical challenges, the book combines theoretical insight with specific examples of innovative projects drawing on theoretical, historical and empirical research perspectives to inform understanding. The range of content highlights the breadth of the field, addressing such issues as the importance of community arts and partnership as well as school education, and providing insight into developments in multiple and connecting arts as well as traditional art forms. Topics such as assessment, creativity, cultural diversity, special needs, the arts in early childhood, adult education, arts based research, are all addressed by recognised authorities in each area. The collection of chapters also serves to define the field of arts education, recognising its diversity but highlighting the common elements that provide its identity. The collection addresses generic issues common to all the arts while acknowledging differences and recognising the dangers of over-generalisation. It also includes specific chapters on each of the art forms (visual art, dance, drama, literature, music, media arts) providing a cutting-edge analysis of key contemporary issues in each subject. Bringing together specially commissioned pieces by a range of international authors, this Handbook will make an important contribution to the field of Arts Education.

Private Collecting, Exhibitions, and the Shaping of Art History in London Stacey J. Pierson, 2017-01-12 This book presents the history of a gentlemen's club in London that was founded in 1866 for the purpose of exhibiting private art collections. It takes the main exhibition themes as a starting point to explore approaches to art, connoisseurship and display in a unique setting.
