Romanesque Architecture and Its Sculptural Decoration in Christian Spain, 1000-1120 Janice Mann, 2009-01-01
Mann examines how the financial patronage of newly empowered local rulers allowed Romanesque architecture and sculptural decoration to significantly redefine the cultural identities of those who lived in the frontier kingdoms of Christian Spain.

The Basque Country and Navarre Stuart Butler, Murray Stewart, 2016-04-14 In this guidebook to the Spanish and French Basque Country and Navarre, Murray Stewart covers the principal cities - rejuvenated Bilbao, beautiful San Sebastian, verdant Vitoria and lively Pamplona - and also delves deeper into the region's interior, capturing the quirkiness that make it so special

Basque Country and Navarre Murray Stewart, 2019 This new, thoroughly updated edition of Bradt's award-winning guide to the Basque Country and Navarre remains the most comprehensive and in-depth guide available to this multi-lingual, multi-cultural borderland encompassing parts of southern France and northern Spain. This fully revised second edition includes all the elements required for an enjoyable holiday and also the unique aspects of Basque culture and traditions which make this such a fascinating part of the world. Bradt's *The Basque Country and Navarre* seeks to give a real insight into what is a strong regional identity, uncovering the peculiarities which imbue the area with its aura of intrigue and taking you way beyond the delightful, well-known cities and into the heart of the beautiful Basque countryside. When it comes to food, discover not just what to eat, but also how to eat it, for many Basque eating rituals apply! In this, the most complete guidebook to the Spanish and French Basque Country and Navarre, Murray Stewart covers the principal cities - rejuvenated Bilbao with its famous Guggenheim Museum, beautiful San Sebastián, verdant Vitoria-Gasteiz and lively Pamplona - and also delves deeper into the region's interior, capturing the quirkiness that makes it so special. With 36 maps, 16 walks, advice on where to cycle, horseride and surf, he guides travellers through an area whose profile is firmly 'on the up.' Find the best pintxos (Basque tapas) and txakoli wine, the finest chuletón (beef chop) and the freshest fish. From elegant Biarritz, via the French Basque Pyrénées, to the Navarran 'badlands' of Bardenas Reales, travel to fascinating, less-visited places. Here are the best festivals, including Pamplona's famous, bull-running San Fermin. Learn how the handing-over of three cows has kept

the peace for centuries, or where you can see the annual 'Benediction of the Red Pepper'. Join the walkers on the Caminos de Santiago, the pilgrim routes which still sustain the local economy, 1,000 years after they began. Find information on the unique Basque and Navarran wines, top birdwatching sites, history, music, sports and culture - and when to visit. Bradt's The Basque Country and Navarre is the ideal companion.

Romanesque Patrons and Processes Jordi Camps, Manuel Castiñeiras, John McNeill, Richard Plant, 2018-03-09 The twenty-five papers in this volume arise from a conference jointly organised by the British Archaeological Association and the Museu Nacional d'Art de Catalunya in Barcelona. They explore the making of art and architecture in Latin Europe and the Mediterranean between c. 1000 and c. 1250, with a particular focus on questions of patronage, design and instrumentality. No previous studies of patterns of artistic production during the Romanesque period rival the breadth of coverage encompassed by this volume - both in terms of geographical origin and media, and in terms of historical approach. Topics range from case studies on Santiago de Compostela, the Armenian Cathedral in Jerusalem and the Winchester Bible to reflections on textuality and donor literacy, the culture of abbatial patronage at Saint-Michel de Cuxa and the re-invention of slab relief sculpture around 1100. The volume also includes papers that attempt to recover the procedures that coloured interaction between artists and patrons - a serious theme in a collection that opens with 'Function, condition and process in eleventh-century Anglo-Norman church architecture' and ends with a consideration of 'The death of the patron'.
