Il Duomo di Siena Gabriele Castiglia, 2014-05-27 Presents excavation data and pottery finds from the stratigraphy underneath the cathedral of Siena. The surveys were conducted between 2000-2003. The ultimate goal is to trace a view of the settlement types and economic framework that has affected the hill of the Cathedral from the Classical age to the late Middle Ages.

Journey to the Italian Republic Kalman Dubov, 2021-12-12 Visiting Italy is a unique experience for me. The history, culture, architecture, people, and food combine to provide a special experience for the traveler. This visit to Italy and the description of the cities I visited represents months of travel and my examination of the different aspects of each city. As I've done with regard to each city in the world about which I wrote a review, the template I adopted offers a panoramic approach to appreciate its multi-faceted presence. In the first section, I offer a review of the city's history, followed by its Jewish History and Presence, and then by My Visit. In this trip, in March 2016, I visited Civitavecchia, a beautiful city overshadowed by Rome, but a short train ride away. I then visited Naples and Pompeii, all in March 2016. This visit was accomplished while aboard the Rotterdam, a beautiful Holland America cruise ship, while on a 91-day voyage from the city of Rotterdam to the Far East. I worked aboard the ship as clergy, offering me the wondrous opportunity of meeting incredible people as we voyaged through the international waterways of exotic adventure. I returned to Italy on a personal visit in April 2017. This time, I stayed in Rome, then to Siena, Vicenza, Verona, Livorno, Florence and Padua. I stayed for about a week in each city, leisurely exploring each of these beautiful cities. I hope these descriptions and reviews offer travelers the opportunity to see these beautiful cities as I did during my time there.

City Views in the Habsburg and Medici Courts Ryan E. Gregg,2018-12-10 In City Views in the Habsburg and Medici Courts, Ryan E. Gregg relates how Charles V, Holy Roman Emperor, and Duke Cosimo I of Tuscany employed city view artists such as Anton van den Wyngaerde and Giovanni Stradano to aid in constructing authority. These artists produced a specific style of city view that shared affinity with Renaissance historiographic practice in its use of optical evidence and rhetorical techniques. History has tended to see city views as accurate recordings of built environments. Bringing together ancient and Renaissance texts, archival material, and fieldwork in the depicted locations, Gregg demonstrates that a close-knit school of city view artists instead manipulated settings to help persuade audiences of the truthfulness of their patrons' official narratives.

Journey to the Republic of Italy Kalman Dubov,2021-12-20 Italy is a wonderful country to explore and experience. Its geography, from the lower peninsula jutting into the Mediterranean to the north and into the heartland of Europe, makes it an ideal setup to travel. Each area of the country has a unique and special identity so the traveler experiences a range of styles that reflects the unification of this special country and people. Visiting Italy is a unique experience for me. Its history, culture, architecture, people, and food combine to provide an extraordinary experience. My review and description of the cities I visited represents months of travel and my examination of the different aspects of each city. finally in Vicenza, staying for about a week in each city, leisurely exploring each of these beautiful cities. I hope these descriptions and reviews offer travelers the opportunity to examine these beautiful cities.
