Revealing Male Bodies Nancy Tuana, William Cowling, Maurice Hamington, Greg Johnson, 2002-05-06 Revealing Male Bodies is the first scholarly collection to directly confront male lived experience. There has been an explosion of work in men's studies, masculinity issues, and male sexuality, in addition to a growing literature exploring female embodiment. Missing from the current literature, however, is a sustained analysis of the phenomenology of male-gendered bodies. Revealing Male Bodies addresses this omission by examining how male bodies are physically and experientially constituted by the economic, theoretical, and social practices in which men are immersed. Contributors include Susan Bordo, William Cowling, Terry Goldie, Maurice Hamington, Don Ihde, Greg Johnson, Bjørn Krondorfer, Alphonso Lingis, Patrick McGann, Paul McIlvenny, Terrance MacMullan, Jim Perkinson, Steven P. Schacht, Richard Schmitt, Nancy Tuana, Craig L. Wilkins, and John Zuern.

No Less a Man Douglas Robinson, 1994 Through close readings of these three figures, Robinson argues that more is going on among American men than meets the casual eye - and that much of what is going on is reflected in the most popular

of our art forms, detective novels, action movies, and rock music.

Comedy Quotes from the Movies Larry Langman, Paul Gold, 2001-05-29 Clever repartee, double entendres, punch lines and many other variations of humor have been a staple of movie dialogue since the advent of talkies. Collected here are over 4,000 of the best comedic lines from the movies. The compilers of this book have tried to bring together some of the funniest, wittiest and most outrageous snatches of dialogue on film over a sixty year time period. For each entry the authors set the quotation in context, provide the name of the actor or actress, the name of the movie and the year of release. The quotations are arranged by a broad range of categories, such as politics, food and eating, gambling, and many others. A title index and a name index follow the body of the book..

He Was Some Kind of a Man Roderick McGillis, 2011-04-08 *He Was Some Kind of a Man: Masculinities in the B Western* explores the construction and representation of masculinity in low-budget western movies made from the 1930s to the early 1950s. These films contained some of the mid-twentieth-century's most familiar names, especially for youngsters: cowboys such as Roy Rogers, Hopalong Cassidy, and Red Ryder. The first serious study of a body of films that was central to the youth of two generations, *He Was Some Kind of a Man* combines the author's childhood fascination with this genre with an interdisciplinary scholarly exploration of the films influence on modern views of masculinity. McGillis argues that the masculinity offered by these films is less one-dimensional than it is plural, perhaps contrary to expectations. Their deeply conservative values are edged with transgressive desire, and they construct a male figure who does not fit into binary categories, such as insider/outsider or masculine/feminine. Particularly relevant is the author's discussion of George W. Bush as a cowboy and how his aspirations to cowboy ideals continue to shape American policy. This engagingly written book will appeal to the general reader interested in film, westerns, and contemporary culture as well as to scholars in film studies, gender studies, children's literature, and auto/biography.

Control of Our Destinies Sam Mills, 2021-06-18 Current attacks on women who failed to fight or speak up remind me of the way that men were treated when they came back from the First World War. Their shell shock was initially downplayed and derided because in the public imagination the men ought to have returned as jolly war heroes rather than wrecked and distraught souls suffering hallucinations and the shakes. As we come to understand more about trauma, however, we realize that for those who suffer PTSD &- whether men on the battlefield or women suffering assault &- the body keeps their score...— Sam Mills, author of *Chauvo-Feminism: On Sex, Power and #MeToo* Sam Mills' 'Control of our destinies' is part of The Indigo Press's short-form Indigo Express series — short essays and fiction commissioned in companion with, and in celebration of, our authors' books. Ways of Being Male John Stephens, 2013-10-18 Given the substantial impact of feminism on children's literature and culture during the last quarter century, it comes as no surprise that gender studies have focused predominantly on issues of

female representation. The question of how the same patriarchal ideology structured representations of male bodies and behaviors was until very recently a marginal discussion. Now that masculinity has emerged as an overt theme in children's literature and film, critical consideration of the subject is timely, if not long overdue. *Ways of Being Male* addresses this new concern in an unprecedented collection of essays examining how contemporary debates about masculinity are reflected in fiction and film for young adults. An outstanding team of scholars elucidates the ways in which different versions of male identity are constructed and presented to young audiences. The contributors, drawn from a variety of academic disciplines, employ international discourses in literary criticism, feminism, social sciences, film theory, psychoanalytic criticism, and queer theory in their wide-ranging exploration of male representation. With its illuminating array of perspectives, this pioneering survey brings a long neglected subject into sharp focus.

Geisha of a Different Kind C. Winter Han, 2015-05-08 In gay bars and nightclubs across America, and in gay-oriented magazines and media, the buff, macho, white gay man is exalted as the ideal—the most attractive, the most wanted, and the most emulated type of man. For gay Asian American men, often viewed by their peers as submissive or too ‘pretty,’ being sidelined in the gay community is only the latest in a long line of racially-motivated offenses they face in the United States. Repeatedly marginalized by both the white-centric queer community that values a hyper-masculine sexuality and a homophobic Asian American community that often privileges masculine heterosexuality, gay Asian American men largely have been silenced and alienated in present-day culture and society. In *Geisha of a Different Kind*, C. Winter Han travels from West Coast Asian drag shows to the internationally sought-after Thai kathoey, or “ladyboy,” to construct a theory of queerness that is inclusive of the race and gender particularities of the gay Asian male experience in the United States. Through ethnographic observation of queer Asian American communities and Asian American drag shows, interviews with gay Asian American men, and a reading of current media and popular culture depictions of Asian Americans, Han argues that gay Asian American men, used to gender privilege within their own communities, must grapple with the idea that, as Asians, they have historically been feminized as a result of Western domination and colonization, and as a result, they are minorities within the gay community, which is itself marginalized within the overall American society. Han also shows that many Asian American gay men can turn their unusual position in the gay and Asian American communities into a positive identity. In their own conception of self, their Asian heritage and sexuality makes these men unique, special, and, in the case of Asian American drag queens, much more able to convey a convincing erotic femininity. Challenging stereotypes about beauty, nativity, and desirability, *Geisha of a Different Kind* makes a major intervention in the study of race and sexuality in America.

Real Knockouts Martha McCaughey, 1997-07 Unprecedented numbers of American women are today learning how to knock out, maim, even kill men who assault them. From behind the scenes of gun ranges, martial arts dojos, fitness centers offering Cardio Combat, and in padded attacker courses like Model Mugging, *Real Knockouts* demonstrates how self-defense trains women out of the femininity that makes them easy targets for men's abuse. And yet much feminist thought, like the broader American culture, seems deeply ambivalent about women's embrace of violence, even in self-defense. Investigating the connection between feminist theory and a woman's balled fist, McCaughey found self-defense culture to embody, literally, a new kind of feminism, one that will change forever the way we think of gender politics, the female body, and feminism itself.
