Comedy Quotes from the Movies Larry Langman,Paul Gold,2001-05-29 Clever repartee, double entendres, punch lines and many other variations of humor have been a staple of movie dialogue since the advent of talkies. Collected here are over 4,000 of the best comedic lines from the movies. The compilers of this book have tried to bring together some of the funniest, wittiest and most outrageous snatches of dialogue on film over a sixty year time period. For each entry the authors set the quotation in context, provide the name of the actor or actress, the name of the movie and the year of release. The quotations are arranged by a broad range of categories, such as politics, food and eating, gambling, and many others. A title index and a name index follow the body of the book..

Writing Home David Ellis,2007-05-21 When the SS Empire Windrush berthed at Tilbury docks in 1948 with 492 ex-servicemen from the Caribbean, it marked the beginning of the post-war migrations to Britain that would form part of modern, multi-cultural Britain. A significant role in this social transformation would be played by the literary and non-literary output of writers from the Caribbean. These writers in exile were responsible not just for the establishment of the West Indian novel, but, by virtue of their location in the Mother Country, were also the pioneers of black writing in Britain. Over the next fifty years, this writing would come to represent an important body of work intimately aligned to the evolving and contentious notions of 'home' as economic migration became a permanent presence. In this book, David Ellis provides in-depth analyses of six key figures whose writing charts the establishment of black Britain. For Sam Selvon, George Lamming, and E. R. Braithwaite, writing home represents a literature of reappraisal as the myths of empire -- the gold-paved streets of London -- conflict with the harsh realities of being designated an immigrant. The unresolved consequences of this reappraisal are made evident in the works of Andrew Salkey, Wilson Harris, and Linton Kwesi Johnson where radicalism in both political and literary terms can be read as a response to the rejection of the black communities by an increasingly divided Britain in the 1970s. Finally, the novels of Caryl Phillips, Joan Riley, and David Dabydeen mark an increasingly reflective literature as the notion of home shifts more explicitly from the Caribbean to Britain itself. Containing both contextual and biographical information throughout, Writing Home represents a literary and social history of the emergence of black Britain in the second half of the twentieth century.

The Media and Body Image Maggie Wykes,Barrie Gunter,2005-01-13 Drawing together literature from sociology,

gender studies and psychology, this text offers a broad discussion of the topic in the context of socio-cultural change, gender politics and self-identity.

Size Sexy Stella Ellis, 2010-04-18 I like to say that my hourglass figure is more like an hour and a half! --Stella, as quoted in O Magazine To become a muse to Jean-Paul Gaultier, you have to be someone special, and Stella Ellis filled that role when she rocked the modeling world.

New Woman, 1992

My Fair Ladies Julie Wosk, 2015-07-28 The fantasy of a male creator constructing his perfect woman dates back to the Greek myth of Pygmalion and Galatea. Yet as technology has advanced over the past century, the figure of the lifelike manmade woman has become nearly ubiquitous, popping up in everything from *Bride of Frankenstein* to *Weird Science* to *The Stepford Wives*. Now Julie Wosk takes us on a fascinating tour through this bevy of artificial women, revealing the array of cultural fantasies and fears they embody. *My Fair Ladies* considers how female automatons have been represented as objects of desire in fiction and how “living dolls” have been manufactured as real-world fetish objects. But it also examines the many works in which the “perfect” woman turns out to be artificial—a robot or doll—and thus becomes a source of uncanny horror. Finally, Wosk introduces us to a variety of female artists, writers, and filmmakers—from Cindy Sherman to Shelley Jackson to Zoe Kazan—who have cleverly crafted their own images of simulated women. Anything but dry, *My Fair Ladies* draws upon Wosk’s own experiences as a young female Playboy copywriter and as a child of the “feminine mystique” era to show how images of the artificial woman have loomed large over real women’s lives. Lavishly illustrated with film stills, artwork, and vintage advertisements, this book offers a fresh look at familiar myths about gender, technology, and artistic creation.

Media Discourses Matheson, Donald, 2005-09-01 *Media Discourses* introduces readers to discourse analysis to show how media communication works. Written in a lively style and drawing on examples from contemporary media, it discusses what precisely gets represented in media texts, who gets to do the talking, what knowledge people need to share in order to understand the media and how power relations are reinforced or challenged.

In the Trickster Tradition Peter Nazareth, 1994

Read Me Dwight Garner, 2009-11-03 This witty and heavily illustrated volume features more than 300 vintage book advertisements—startling and strange, beautiful and funny—that together reveal a kind of secret history of American literature over the last century. New York Times book critic Dwight Garner brings together original ads for some of the most acclaimed and best-selling books of the twentieth century, including *The Great Gatsby*, *Ulysses*, *On the Road*, *Invisible Man*, *Lolita*, *Silent Spring*, *The Joy of Sex*, *Fear and Loathing on the Campaign Trail '72*, *White Noise*, and dozens of other classics. These ads show us famous books when they were simply new volumes jostling for attention on bookstore shelves, not yet

icons of our literary culture. And the ads capture many beloved authors—Toni Morrison, Cormac McCarthy, Susan Sontag, and Kurt Vonnegut among a great many others—at moments before their careers were assured, before their personas had hardened into those of famous writers. In his introduction, Garner explains the changing styles of book advertising; explores the cross-pollination between literature and the world of advertising, in which many writers—including Don DeLillo, Salman Rushdie, and James Patterson—worked before publishing their first books; and makes a convincing case that these vintage ads are important and lasting literary documents. *Read Me* is a fascinating and unusual romp through literary history, and an ideal gift for any reader.

In the Event of Women Tani Barlow, 2021-09-20 *In the Event of Women* outlines the stakes of what Tani Barlow calls “the event of women.” Focusing on the era of the late nineteenth century through the mid-twentieth century's Cultural Revolution, Barlow shows that an event is a politically inspired action to install a newly discovered truth, in this case the mammal origins of human social evolution. Highbrow and lowbrow social theory circulating in Chinese urban print media placed humanity's origin story in relation to commercial capital's modern advertising industry and the conclusion that women's liberation involved selling, buying, and advertising industrial commodities. The political struggle over how the truth of women in China would be performed and understood, Barlow shows, means in part that an event of women was likely global because its truth is vested in biology and physiology. In so doing, she reveals the ways in which historical universals are effected in places where truth claims are not usually sought. This book reconsiders Alain Badiou's concept of the event; particularly the question of whose political moment marks newly discovered truths.

The Triple Bind Stephen Hinshaw, Ph.D., Rachel Kranz, 2009-02-10 *The Triple Bind* that girls face today: • Act sweet and nice • Be a star athlete and get straight A's • Seem sexy and hot even if you're not In many ways, today is the best time in history to be a girl: Opportunities for a girl's success are as unlimited as her dreams. Yet societal expectations, cultural trends, and conflicting messages are creating what psychologist and researcher Stephen Hinshaw calls the Triple Bind. Girls are now expected to excel at girl skills, achieve boy goals, and be models of female perfection, 100 percent of the time. Here,

Dr. Hinshaw reveals key aspects of the Triple Bind, including • genes, hormones, and the role of biology in confronting the Triple Bind • overscheduled lives and how the high pressure to excel at everything sets girls up for crisis • how traditionally feminine qualities (such as empathy and self-awareness) can put girls at risk for anxiety, depression, and other disorders • the oversexualization of little girls, preteens, and teenagers • the reasons girls are channeling pressure into violence Combining moving personal stories with extensive research, Dr. Hinshaw provides tools for parents who want to empower their daughters to deal in healthy ways with today's pressures.

Seductress Betsy Prioleau, 2004-10-26 In this road map to restoring feminine sexual power, Betsy Prioleau introduces and analyzes the stories and stratagems of history's greatest seductresses. These are the women who ravished the world—from such classic figures as Cleopatra and Mae West to such lesser-known women as the infamous Violet Gordon Woodhouse, who lived in a ménage with four men. Smarts, imagination, courage, and killer charm helped these love maestras claim the men of their choice and keep them fascinated for life. Through an exposé of their secrets, *Seductress* provides an authoritative, empowering guide to erotic sovereignty.

Anais Nin Suzanne Nalbantian, 1997-07-13 This book of essays is the first to probe Anais Nin's achievements as a literary artist. With an introduction by the editor, Suzanne Nalbantian, the collection examines the literary strategies of Nin in their psychoanalytical and stylistic dimensions. Various contributors scrutinize Nin's artistry, identifying her unique modernist techniques and her poetic vision. Others observe the transfer of her psychoanalytical positions to narrative. Mademoiselle , 1987

The Age of Dimes and Pulps Jeremy Agnew, 2018-07-25 From the dime novels of the Civil War era to the pulp magazines of the early 20th century to modern paperbacks, lurid fiction has provided thrilling escapism for the masses. Cranking out formulaic stories of melodrama, crime and mild erotica--often by uncredited authors focused more on volume than quality--publishers realized high profits playing to low tastes. Estimates put pulp magazine circulation in the 1930s at 30 million monthly. This vast body of disposable literature has received little critical attention, in large part because much of it has been lost--the cheaply made books were either discarded after reading or soon disintegrated. Covering the history of pulp literature from 1850 through 1960, the author describes how sensational tales filled a public need and flowered during the

evolving social conditions of the Industrial Revolution.

He might not realize it, but my life is splintering apart at the seams. My parents have lost everything and can't pay my tuition for the second semester, which means I need to figure something out.
