Sistema Mecánico y Eléctrico del Automóvil. Tom Denton,2020-04-30 Una de los aspectos mas interesantes acerca de la tecnologia automotriz es su avance y evolucion; como las ideas de hace anos vuelven a estar en boga. En esta obra, el autor se concentro en la esencia de la tecnologia, en otras palabras,en como funciona mas que en dar demasiados ejemplos de vehiculos especificos. Sin embargo, se han incluido algunos de la tecnologia de Formula 1, indiscutiblemente el pinaculo de la ingenieria automotriz. .Usted sabia que el auto McLaren MP4-26 F1 de 2011 esta hecho con 11 500 componentes? !Y eso es contando al motor como una de las partes! Se concentra en el conocimiento esencial y cubre todo lo que usted necesita para comenzar sus estudios, independientemente de cual sea el tipo de capacitacion al que usted aspire (si es el caso). Fue escrito con un lenguaje accesible para todos, adhiriendose a lo basico. A medida que usted desee mas informacion, se sugiere abordar los otros dos libros del mismo autor. Este es el primer libro de su tipo que cuenta con imagenes y diagramas a todo color, que estaran disponibles en nuestra pagina web. Ventajas Diseñado para facilitar el aprendizaje, este libro contiene: Fotografías, esquemas de flujo, tablas de referencia instantanea, descripciones de repaso e instrucciones paso a paso. Estudios de caso que le ayudan a puntualizar los principios cubiertos en un contexto de la vida real. Utiles llamadas al margen, como definiciones, puntos clave y recomendaciones de seguridad ante todo. Conozca Las nuevas tecnologias en las

areas de la electronica, los materiales y las fuentes de potencia motriz para adoptarlos en los vehiculos electricos e hibridos. Aprenda A disenar, analizar, integrar y validar los sistemas y los componentes automotrices

Merengue bien bailao César Hernández Coria,2024-02-01 ¿Qué puede hacer un niño cuando su propia familia lo abandona, lo rechaza o simplemente lo explota? ¿Qué futuro tiene quien ha crecido sin oportunidades? El Negro y sus cuates comparten experiencias muy parecidas de abuso y des-amparo. Por eso, cuando se encuentran, se hacen uña y mugre de inmediato. Los lazos que crean les darán la posibilidad de protegerse unos a otros al ir creciendo. Lo grave es que, para un grupo de muchachos sin opciones, las leyes empiezan a perder importancia. Robar puede ser el único modo de sobrevivir, pero también puede significar verse atrapado en un círculo vicioso de violencia y sufrimiento. ¿Se puede salir de algo así? El Negro lo ha intentado más de una vez...
