*Homeric Sites Around Troy* Jonathan Brown,2017-08-02 The mysterious places of Homer are explored in this most extensively illustrated account of the landscape around Troy. Over 170 photographs, 38 old paintings and drawings, 31 historical maps, 27 annotated excerpts from satellite imagery, and two new maps guide the reader in search of the sites celebrated in the Iliad and the Odyssey – the rivers, springs, mountains, the Hellespont, the ships' camps, and the heroic tombs. The book analyses the Homeric and literary sources, traces the historical and contemporary search for the sites, and summarizes the results of archaeological excavations. The findings are surprising. This edition adds two sections to the printed book. The penultimate section is a "List of videos of the sites" taken by the author and to be found on YouTube. The final section "How to get there" has detailed on-the-ground information on how to get to the sites. Beautifully illustrated, the book is an indispensable sourcebook and companion to Homer. It is also essential background for anyone planning a visit to Troy and its surrounds.

Village Life in the Forties Arcadius (Shelton A. Gunaratne),2012 When author Shelton A. Gunaratne was born in January of 1940 in Pathegama, Sri Lanka, life was simple for the poor people in this sparsely populated village. But it was this village that raised him. Through twenty-six biographical sketches of some of the village's most colorful characters, Gunaratne paints a portrait of what life was like in this rural setting. This collection of sketches, first published in the Ceylon Daily News from June of 1966 to April of 1967, narrates the real-life stories of the people who made Pathegama what it was in the mid-twentieth century. It includes sketches of Myna, the new village head-man; Vel Vidane, an unctuous official and the irrigation headman; cowards Wala Semba and Naamba; Singappuru Basunnehe, the goldsmith; Kankanama, the cinnamon peeler; Kalu Appu, the fierce burglar; Redi Nenda, the humble washerwoman; Menike Nenda, a village beauty; and Kunu Nachchile, the witchlike animal lover. Demonstrating the Buddhist/Daoist principle that unity and diversity are inextricably interconnected, *Village Life in the Forties* provides not only a social history, but also a greater global understanding of the life and times of rural Ceylonese during and around World War II.--Jacket page 2.

After Leaving The Village Helen Matthews,2019-09-04 Two women. Two villages. Different destinies. Odeta's life has

shrunk to a daily round of drudgery, running her father's grocery store in a remote Albanian village. One day a stranger from Tirana walks into the shop and promises her a new career in London. Odeta's life is about to change, but not in the way she expected. Journalist Kate lives on a quiet London street and seems to have a perfect life but she worries about her son Ben, who struggles to make friends. Kate blames the internet and disconnects her family from the online world so they can get to know their neighbours. On a visit to her home village in Wales, Kate is forced to confront a secret from her past. But greater danger lies closer to home. Perhaps Kate's neighbours are not the friendly community they seem.

A Kwakiutl Village and School Harry F. Wolcott,2003 This book is a reprint of a now classic text dealing with Wolcott's dissertation topic on the study of a Kwakiutl Indian village and the one-room school he taught at Village Island in the Alert Bay region of British Columbia. Within the book, Wolcott's interest in anthropology and training as an educator are blended together to present a unique look into the educational training of Indian children. Village life and the social environment from which young Indian children learn cultural conventions are skillfully contrasted with the formal, structured educational system--of which Wolcott as a teacher is part of--within the village. In showing these two opposing educational systems, the author is able to highlight problems that arise and additionally the issues which come from an ethnographer being involved in a situation more than through just observation.

**What Happened to the Village?** William Mandella Roland,2021-06-03 As time passes, we often forget or in many situations we never know the history of us as a nation and as a people. This book contains both positive and negative accounts of us as a nation of immigrants of whom many found success. It also tells the story of those who although worked hard found it as an unfriendly all too often a place of isolation and brokenness. There is, however, a hope that for what seems to have taken centuries to arrive-a hope that black people have wondered why have the believers in an almighty God taken so long to acknowledge by their actions to speak out and express what is wrong with us as a people, a nation, and a world! For the first time, we see the awesome shedding of influence of people around the world speaking to those who have for so long ignored the plight and indignity forced on segments of society by using our political system and unjust laws to violate basic human rights of its own citizens! America, we can do better; we must do better if we are to be that light that sits upon the hill for the world to see! If we continue as we have done historically; the question will not be one of what happened to the village

but rather one the world will ask in what happened to America?

Missing from the Village Justin Ling, 2022-05-03 A Globe and Mail Top 100 Book Shortlisted for the 2021 Toronto Book Awards An Indigo Best Book of 2020 Winner of the Brass Knuckles Award for Best Nonfiction Crime Book (Crime Writers of Canada Awards of Excellence) The tragic and resonant story of the disappearance of eight men--the victims of serial killer Bruce McArthur--from Toronto's queer community. In 2013, the Toronto Police Service announced that the disappearances of three men--Skandaraj Navaratnam, Abdulbasir Faizi, and Majeed Kayhan--from Toronto's gay village were, perhaps, linked. When the leads ran dry, the search was shut down, on paper classified as open but suspended. By 2015, investigative journalist Justin Ling had begun to retrace investigators' steps, convinced there was evidence of a serial killer. Meanwhile, more men would go missing, and police would continue to deny that there was a threat to the community. In early 2019, landscaper Bruce McArthur was sentenced to life in prison for the murders of eight men. There is so much more to the story than that. Based on more than five years of in-depth reporting, *Missing from the Village* recounts how a serial killer was allowed to stalk the city, how the community responded, and offers a window into the lives of these eight men and the friends and family left behind. Telling a story that goes well beyond Toronto, and back decades, Justin Ling draws on extensive interviews with those who experienced the investigation first-hand, including the detectives who eventually caught McArthur, and reveals how systemic racism, homophobia, transphobia, and the structures of policing fail queer communities.

*The Village Naturalist* Mark M. Peyton, 2017-12-14 *The Village Naturalist* By: Mark M. Peyton Mark M. Peyton has always had a deep love of nature and of natural history. Like many of us who grew up before the internet could fit in our pockets, Peyton spent his younger days exploring the wonders that lie hidden beneath rocks and logs and in the creeks and ponds that dot the landscape. He took his love of nature even further as he grew, earning degrees in biology and assuming the role of the Village Naturalist, among his various professional positions. This collection of essays is an introduction, lovingly crafted by Peyton, to introduce the reader to only a small portion of the natural landscape of Nebraska. You'll meet slithering snakes, love-sick owls, pesky moles and even a few lickin' toads. Rather than serving as a replacement for actual interaction with the natural world, Peyton's stories will inspire you to go out and explore your own corner of the world. You never know what you might find.

**The Village of Misfits** Andrea Komorous, 2018-02-22 Anna's young life is turned upside down when the sudden appearance of her revenant grandfather unleashes a myriad of events. After earning back her trust, he reveals the existence

of an exclusive society of Shapeshifters, to which she has unknowingly always been a member. Under his watchful eye, Anna trains to master this new inherited skill, discovering, to her complete surprise that not only is she able to phase into a cougar, she can change people around her to the animal of her choice. Her happiness takes a dive when a series of unforeseeable events threaten to shatter her existence, causing the love of her life, Danny, to reject her. Heartbroken and wandering through her beloved forest she meets an unexpected and kindred acquaintance who is on her way home. Anna persuades her new friend to bring her along as they embark on an adventurous journey into the wilderness.

Learning 'from' and 'with' the Locals Anwesh Borthakur, Pardeep Singh, 2024-10-14 This book aims to capture the fading traditional knowledge systems of local and indigenous communities in the Himalayas. As many of these practices are at risk of disappearing, the book serves as a valuable record. It encourages readers to reflect on the implications of such knowledge for environmental sustainability today. Focusing on one of the most crucial mountain ranges globally, the book emphasizes the importance of learning 'from' and 'with' the locals about their lived experiences in the Himalayas. Understanding their unique set of traditional knowledge and technologies is crucial for building climate resilience and effective environmental management. With contributions from experts across the Himalayan region, the book strives for a comprehensive grasp of environmental challenges and potential solutions. Beyond documentation, the goal is to explore opportunities for integrating traditional knowledge with modern scientific approaches. Recognizing the urgency, the book advocates for the preservation of local and indigenous knowledge to address the ongoing global environmental crisis.
