**Museums, Identity and Family Practices** Theano Moussouri,2024-10-07 Museums, Identity and Family Practices

locates museum participation and meaning making in the realm of everyday family practices, which are central to

understanding the role museums play in family social life. Drawing on a substantial amount of data from a wide range of sources, Moussouri discusses the importance of understanding how family practices are enacted across settings and how the arena of the museum can facilitate certain family practices and impede others. Developing and theorising key concepts, the book elucidates the key research themes, including everyday family practice; meaning making; and the structural characteristics of museums as arenas for the family visit activity. The analysis is rooted in a dialectical theoretical framework specifically developed to bridge the macrolevel (social order or the arena of the museum) and microlevel (family practices). *Museums, Identity and Family Practices* offers a novel and holistic approach to studying contemporary families and, as such, is key reading for scholars and students of museum and heritage studies, family studies, visitor studies, cultural studies, education, sociology and anthropology.
