Wandering Toward God Travis Dickinson, 2022-10-18 Is it wrong to doubt? Many Christians assume that doubt will lead us further away from God. However, Professor and philosopher Travis Dickinson says that doubt is an important step on the way. It's possible to wander toward God as we ask our questions honestly. As we do, we'll discover the truth, goodness, and beauty of God waiting for us.

Dispatches from the End of Ice Beth Peterson, 2019-11-28 The future of the world's ice is at a critical juncture marked by international debate about climate change and almost daily reports about glaciers and ice shelves breaking, oceans rising, and temperatures spiking across the globe. These changing landscapes and the public discourse surrounding them are changing fast. It is science wrought with mystery, and for Beth Peterson it became personal. A few months after Peterson moved to a tiny village on the edge of Europe's largest glacier, things began to disappear. The glacier was melting at breakneck pace, and people she knew vanished: her professor went missing while summiting a volcano in Japan, and a friend wandered off a mountain trail in Norway. Finally, Peterson took a harrowing forty-foot fall while ice climbing. Peterson's effort to make sense of these losses led to travels across Scandinavia, Italy, England and back to the United States. She visited a cryonics institute, an ice core lab, a wunderkammer, Wittgenstein's cabin, and other museums and libraries. She spoke with historians, guides, and scientists in search of answers. Her search for a noted glacier museum in Norway led to news that the renowned building had set on fire in the middle of the night before and burned to the ground. *Dispatches from the End of Ice* is part science, part lyric essay, and part research reportage—all structured around a series of found artifacts (a map, a museum, an inventory, a book) in an attempt to understand the idea of disappearance. It is a brilliant synthesis of science, storytelling, and research in the spirit of essayists like Robert Macfarlane, John McPhee, and Joni Tevis. Peterson's work veers into numerous terrains, orbiting the idea of vanishing and the taxonomies of loss both in an unstable world and in our individual lives.

Millennials and the Mission of God Andrew F. Bush, Carolyn C. Wason, 2017-10-12 As mainstream media cries out that the millennial generation has killed everything from cereal to office jobs, it must also be asked: have millennials killed Christian missions? With the rise of new technologies, social and political movements, and increasing numbers of religious nones, the church as we know it is facing serious turmoil at the hands of this new generation of adults. Here, a millennial and a baby boomer invite the reader into a dialogue about the future of missions and the future of the Western church. From a missiological reading of the Bible to the contemporary debate over Christian social justice and the ethical dilemmas of evangelism, this book plays out the intergenerational tensions within the church, and provides a platform from which to view the present and future of an institution that is so rapidly changing.

**Procrastinators Daily Devotion** Barbara G. Gelnett, 2023-02-21 — My prayer for those who read this book — Dear Lord, Only you know the cost paid in our unrealized dreams, forgotten callings, and missed opportunities. I praise you for the grace and freedom you offer all your people who are willing to face their flaws and actively change. May the words for every day in this book usher readers into a life of peace instead of last-minute pressure, fulfillment instead of fear, and creativity in place of condemnation. May victory be in their hands. May there be a tidal wave of purpose completed in your people, that your will be done. In Jesus' name... Amen.

**Table Talk** John Witte, Jr., 2023-09-04 Table talks have long been a familiar genre of writing for jurists, theologians, politicians, and novelists. In this little volume, leading law and religion scholar John Witte offers thirty sage reflections on how to thrive in law school and in the legal profession; short commentaries on controversial matters of faith, freedom, and family; pithy sermons on difficult biblical texts about law and justice; and touching tributes to a few of his fallen heroes. Most

of the thirty texts gathered here were made at seminar tables, academic roundtables, editorial tables, and Eucharist tables. Cast in avuncular form, these texts probe what makes life worth living, work worth doing, history worth reading, and Scripture worth heeding. They aim to provide inspiration and edification for readers at different stages of their lives.

*Have a Beautiful, Terrible Day!* Kate Bowler, 2024-01-23 NEW YORK TIMES BESTSELLER • Witty, honest, and wise spiritual reflections that invite readers to embrace the bad, not just the good—from the four-time New York Times bestselling author of *Everything Happens for a Reason (And Other Lies I've Loved)* Kate Bowler believes that the cultural pressure to be cheerful and optimistic at all times has taken a toll on our faith. But what if we could find better language than forced positivity to express our hopes and our anxieties? *Have a Beautiful, Terrible Day!* is packed with bite-size reflections and action-oriented steps to help you get through the day, be it good, bad, or totally mediocre. This is a devotional for the rest of us—which is to say, the people who don't have magical lives that always work out for the best. As she composed these meditations during a season of chronic pain, Bowler understands how every day can be an obstacle course. She encourages us to develop our capacity to feel the breadth of our experiences. The better we are at identifying our highs and lows, the more resilient we become. Like modern-day psalms, Bowler's spiritual reflections look for the ways we can expand our capacity for courage, love, and honesty—while discovering divine moments with God. With bonus sections to use during the seasons of Advent and Lent, this is an easy book to read along with other people too. If you want to build your daily habit of spiritual attentiveness, this book is here to say: May all your days be lovely. But for those that aren't, have a beautiful, terrible day!

**Del Toro Moon** Darby Karchut, 2018-10-02 Twelve year old Matt Del Toro is the greenest greenhorn in his family's centuries-old business: riding down and destroying wolf-like monsters, known as skinners. Now, with those creatures multiplying, both in number and ferocity, Matt must saddle up and match his father's skills at monster whacking. Odds of doing that? Yeah, about a trillion to one. Because Matt's father is the legendary Javier Del Toro--hunter, scholar, and a true

caballero: a gentleman of the horse. Luckily, Matt has twelve hundred pounds of backup in his best friend--El Cid, an Andalusian war stallion with the ability of human speech, more fighting savvy than a medieval knight, and a heart as big and steadfast as the Rocky Mountains. Serious horse power. Those skimmers don't stand a chance.

**Forcing Nature** Kai Friedhoff, Julia Josfeld, Verena Klose, Paul Langeslag, Bente Offereins, Irina Rau, Julia Stumpf, 2019 In the dominant world-view of the Western Middle Ages, natura evoked divine power as manifested in creation. Nature was an all-pervasive force, synonymous with God and his visible handiwork, but also a cosmic principle associated with fate and predestination in the Neoplatonic tradition. This volume of student essays tackles nature in a range of physical and metaphysical guises, always centred on its representation in medieval English literature. It contains studies of the visible natural world in elegiac, homiletic, and apocalyptic literature, but it also addresses other faces of nature, from the naked human form to the medieval reception of ancient ideas about free will, and closes with a comparative analysis of the nature of wisdom in Old English and *The Lord of the Rings*.

**Cosmic Connection** Carole Lynne, 2009-03-24 In a bold departure from her earlier books, medium and psychic Carole Lynne shares the story of her own growing revelation of the interconnected, interplanetary, cosmic energy that flows around and through us all, that is, indeed, the stuff we are made of. Experience Carole Lynne's journey of a lifetime as she goes into an altered state of consciousness and brings messages from My Guidance and The Energy. Receive a glimpse into the nature of the spiritual forces that have created us and continue to manifest life. Evolution is not over! The future of our world depends on our abilities to evolve in a positive way: to let go of our egos, to realize that we are not separate beings, and to evolve to a consciousness that finds poverty, pollution, and war unthinkable. We are responsible for the future. But how can we change in order to have better personal lives and to make better choices for our world? As we approach 2012 and a seeming meltdown of economic and societal infrastructures more and more people are turning to other realms for solace, advice, and the tools they need to live every day. In the past when this has happened (during the Great Depression or WWI, for example) a great deal of material from other realms was given to us. Carole Lynne's work joins that of her predecessors and her contemporaries in providing that information for tomorrow's world.

**Treasure Hunt** Rizwan Virk, 2017-10-17 A Silicon Valley entrepreneur shares his off-beat tips for success in business and life—so you can get to the real treasure of the work you were meant to do Have you ever wished you had a wise mentor who could tell you where to go next in your career or your life? Do you want an Obi-Wan Kenobi-type figure to guide you toward the right people and the right places? While he may not wield a light saber, Rizwan Virk—a Silicon Valley entrepreneur and investor—has plenty of tips and tricks that can help you achieve the success, happiness, and fulfillment you crave. In *Treasure Hunt*, Virk reveals how you can tune into the messages that are all around us. These messages—which take the

form of synchronicity, hunches, gut feelings, visions, experiences of déjà vu, bodily sensations, and more—are like clues in our own personal “Treasure Hunt”. Whether these clues come from our “inner mentor”, our “future selves”, or our spiritual guides, they can help us to uncover our hidden “Treasure Map”, which shows us the work we were meant to do in this life and how to get there. Virk also introduces the “Clue Lifecycle” and how using it can provide concrete guidance in our personal lives, jobs, career decisions, and investments. Turn your career into a “Treasure Hunt” and find true, meaningful success in the business and spiritual worlds.

Seeking the Lord of Middle Earth Jeffrey L. Morrow, 2017-06-07 J. R. R. Tolkien, the beloved author of *The Hobbit* and *The Lord of the Rings*, brings to his work a great treasure—his Christian faith. Tolkien's literary works are so popular in part because, in some sense, they pertain to the real world. This present volume is an attempt to understand better the deep Christian influences on his work but also to explore the relevance of Tolkien's work for theology today. After examining Tolkien's fiction in order better to appreciate Christian influences, this volume takes a closer look at Tolkien's theology of fantasy, his response to the more skeptical origins of religion research, and applies his work to contemporary questions about method in biblical studies. Tolkien's Christianity informed all he wrote. Moreover, his own theology of fantasy holds great promise for contemporary theology.

**On Fly-Fishing the Wind River Range** Chadd VanZanten, 2018-11-12 With remote waterways and unpressured trout, Wyoming's Wind River Range is the backcountry fly angler's mecca. In the alpine lakes and streams, trout may approach a dry fly two or more at a time, and an angler can cast for days without seeing another person, let alone another angler. But more than just a place to catch lots of fish, the range is also a place to disconnect from noise and networks and reconnect with oneself. In a series of essays on misfortunate father-and-son backpacking trips, disaffected Boy Scouts, psychotropic deep-woods epiphanies and many other topics, author Chadd VanZanten offers not only a survey of the fishing and history of the Wind Rivers but a tour of personal landscapes as well.

How To Do Business Without Your Own Money Mofopofoluwa Joseph FRM, 2021-03-08 Without the entrepreneurs, societies would find it difficult to grow, transform, and develop. From developed economies, such as the United States of America, to emerging ones like Mexico, entrepreneurs like Bill Gates and Carlos Slim Helú have been instrumental in helping their countries excel and prosper. But history is also filled with people who have tried and failed at being entrepreneurs. More startups fail after ten years than succeed, which can prevent even the most optimistic people from making the foray into entrepreneurship. As concerned citizens, business leaders, and governments, we need to ask ourselves why entrepreneurship fails. Is it a character issue, knowledge issue, or environmental issue? Or is it a combination of all three? Mofopofoluwa Joseph explores why some succeed at entrepreneurship and why others don't in this extended commentary on why entrepreneurs are so essential. This book is especially relevant to those who want to go into business but have no money

to do so as well as those in business struggling to expand. Step by step, you'll find out how to navigate the entrepreneurial journey without using your own money.
