Across the Plains In 1844 Catherine Sager Pringle, 2010-02 The Sager orphans (sometimes referred to as Sager children) were the children of Naomi and Henry Sager. In April 1844 Henry Sager and his family took part in the great westward migration and started their journey along the Oregon Trail. During their journey both Naomi and Henry Sager lost their lives and left their seven children orphaned. Later adopted by Marcus and Narcissa Whitman, missionaries in what is now Washington, the children were orphaned a second time, when both their new parents were killed during the Whitman massacre in November 1847. Catherine (1835-1910), the eldest of the Sager girls, married Clark Pringle, a Methodist minister and bore him 8 children. They lived in Spokane, Washington. About 1860, ten years after her arrival in Oregon, she wrote a first-hand account of their journey across the plains and their life with the Whitmans. This account today is regarded as one of the most authentic accounts of the American westward migration. She hoped to earn enough money to set up an orphanage in the memory of Narcissa Whitman. She never found a publisher. Catherine died on August 10, 1910, at the age of seventy-five.

**Across the Plains In 1884** Catherine Sager, 2018-07-11 Across the Plains in 1884 by Catherine Sager In April 1844 the Sager family took part in the great westward migration and started their journey along the Oregon Trail. During it, both Henry and Naomi lost their lives and left their seven children orphaned. Later adopted by Marcus and Narcissa Whitman, missionaries in what is now Washington, they were orphaned a second time, when both their new parents were killed during the Whitman massacre in November 1847. About 1860 Catherine, the oldest girl, wrote a first-hand account of their journey across the plains and their life with the Whitmans. Today it is regarded as one of the most authentic accounts of the American westward migration. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this

wonderful classic work, and that for you it becomes an enriching experience.

**Across the Plains in 1844** Catherine Sager, 2024-04-12 Catherine Sager's story is among the most gripping firsthand accounts of life in the American West ever written. This enhanced version of her original manuscript adds explanatory notes, photos, maps, drawings, and 3d visualizations. Sager's story is a fascinating read all by itself—this bonus material adds a layer of context to bring the story alive even more. Catherine Sager faced almost unimaginable hardship: both her parents died on the journey west on the Oregon Trail; a few years later her adoptive parents were murdered. She was even kidnapped and held for ransom. Yet Catherine was a survivor, and she lived a long life in Oregon. Her accounts of life on the Oregon Trail and the tragedy at Waiilatpu remain important historical documents. At the same time, she is an excellent writer who knows how to engage the reader. This special edition also includes a first-hand account by Catherine's friend Eliza Spalding; the first time these two important memoirs have been published side-by-side.

**Going Along the Emigrant Trails** Barbara Fifer, Imagine that you and your family are heading west in a covered wagon to Oregon country or California. For four months, you will walk as far as 2,000 miles alongside an eleven-foot wagon across prairies, mountains, and dangerous rivers—battling rain, hail, insects, hot sun, fatigue, even snow. You will eat endless meals of bacon and bread and see Indians, military forts, and landmarks that you had only heard about in stories, as well as herds of buffalo that spread across the plains like wide, brown rivers. And, at your journey's end, you will face the challenge of starting a new life in unfamiliar land. This is what 350,000 Americans did from 1851 to the mid-1860s, when they sold their homes and farms and moved to the western United States. In *Going Along the Emigrant Trails*, Barbara Fifer tells you who these travelers were, where they traveled, and what their lives were like along the way. Come join her for the

journey of a lifetime!

***Success Depends on the Animals*** Diana L. Ahmad, 2016-02-16 Between 1840 and 1869, thousands of people crossed the American continent looking for a new life in the West. *Success Depends on the Animals* explores the relationships and encounters that these emigrants had with animals, both wild and domestic, as they traveled the Overland Trail. In the longest migration of people in history, the overlanders were accompanied by thousands of work animals such as horses, oxen, mules, and cattle. These travelers also brought dogs and other companion animals, and along the way confronted unknown wild animals. Ahmad's study is the first to explore how these emigrants became dependent upon the animals that traveled with them, and how, for some, this dependence influenced a new way of thinking about the human-animal bond. The pioneers learned how to work with the animals and take care of them while on the move. Many had never ridden a horse before, let alone hitched oxen to a wagon. Due to the close working relationship that the emigrants were forced to have with these animals, many befriended the domestic beasts of burden, even attributing human characteristics to them. Drawing on primary sources such as journals, diaries, and newspaper accounts, Ahmad explores how these new experiences influenced fresh ideas about the role of animals in pioneer life. Scholars and students of western history and animal studies will find this a fascinating and distinctive analysis of an understudied topic.

**So Rugged and Mountainous** Will Bagley, 2012-10-09 The story of America's westward migration is a powerful blend of fact and fable. Over the course of three decades, almost a million eager fortune-hunters, pioneers, and visionaries transformed the face of a continent—and displaced its previous inhabitants. The people who made the long and perilous journey over the Oregon and California trails drove this swift and astonishing change. In this magisterial volume, Will Bagley tells why and how this massive emigration began. While many previous authors have told parts of this story, Bagley has recast it in its entirety for modern readers. Drawing on research he conducted for the National Park Service's Long Distance Trails Office, he has woven a wealth of primary sources—personal letters and journals, government documents, newspaper reports, and folk accounts—into a compelling narrative that reinterprets the first years of overland migration. Illustrated with photographs and historical maps, *So Rugged and Mountainous* is the first of a projected four-volume history, *Overland West: The Story of the Oregon and California Trails*. This sweeping series describes how the "Road across the Plains" transformed the American West and became an enduring part of its legacy. And by showing that overland emigration would not have been possible without the cooperation of Native peoples and tribes, it places American Indians at the center of trail history, not on its margins.

**A Catalogue of the Everett D. Graff Collection of Western Americana** Colton Storm,1968 The Everett D. Graff Collection of Western Americana consists of some 10,000 books, manuscripts, maps, pamphlets, broadsides, broadsheets, and photographs, of which about half are described in the present catalogue. The Graff Collection displays the remarkable breadth of interest, knowledge, and taste of a great bibliophile and student of Western American history. From this rich collection, now in The Newberry Library, Chicago, its former Curator, Colton Storm, has compiled a discriminating and representative Catalogue of the rarer and more unusual materials--Book jacket.
