

Socrates Quotes About Youth

Jan Miernowski

Homo Conexus Morten Bay, 2013-12-21 *Homo Conexus* is the type of people we become as we venture forward into the network society. From the networks in our brains to the networks on our computers, networks are changing the way we think about ourselves and the world. *Homo Conexus* helps you make sense of this new age of information and networks.

Direct Internal Quotation in the Gospel of John Jeffrey M. Tripp, 2019-08-02 Do the characters in the Gospel of John quote and re-quote each other, even important sayings of Jesus? Jeffrey M. Tripp examines this often overlooked feature of the Fourth Gospel in the contexts of first century pedagogy and literature, as well as early Christian tradition and practices.--Pg. 4 of cover.

Homosexuality in Greece and Rome Thomas K. Hubbard, 2003-05-12 The most important primary texts on homosexuality in ancient Greece and Rome are translated into modern, explicit English and collected together for the first time in this comprehensive sourcebook. Covering an extensive period—from the earliest Greek texts in the late seventh century b.c.e. to Greco-Roman texts of the third and fourth centuries c.e.—the volume includes well-known writings by Plato, Sappho, Aeschines, Catullus, and Juvenal, as well as less well known but highly relevant and intriguing texts such as graffiti, comic fragments, magical papyri, medical treatises, and selected artistic evidence. These fluently translated texts, together with Thomas K. Hubbard's valuable introductions, clearly show that there was in fact no more consensus about homosexuality in ancient Greece and Rome than there is today. The material is organized by period and by genre, allowing readers to consider chronological developments in both Greece and Rome. Individual texts each are presented with a short introduction contextualizing them by date and, where necessary, discussing their place within a larger work. Chapter introductions discuss questions of genre and the ideological significance of the texts, while Hubbard's general introduction to the volume addresses issues such as sexual orientation in antiquity, moral judgments, class and ideology, and lesbianism. With its broad, unexpurgated, and thoroughly informed presentation, this unique anthology gives an essential perspective on homosexuality in classical antiquity.

Dictionary of Quotations Sachin Sinhal, 2009-01-01 Unlock the wisdom of the ages with Dictionary Of Quotations by Sachin Sinhal, a comprehensive collection of timeless insights and memorable phrases that span the breadth of human history and experience. With its diverse selection of quotations from notable figures across cultures, disciplines, and eras,

Designed for readers of all ages and interests, Dictionary Of Quotations offers something for everyone, whether you're a student, a professional, or simply a lover of language and literature. With its timeless wisdom and universal appeal, this indispensable reference guide is sure to become a cherished companion for anyone seeking inspiration and guidance in their daily lives. In conclusion, Dictionary Of Quotations is more than just a book—it's a source of inspiration, insight, and enlightenment that invites readers to explore the rich tapestry of human thought and experience. Join Sachin Sinhal on this timeless journey of discovery and let the wisdom of the ages illuminate your path. Don't miss your chance to unlock the wisdom of the ages with Dictionary Of Quotations by Sachin Sinhal. Grab your copy now and discover the power of language to inspire, uplift, and transform your life.

The British Controversialist, 1870

Meno Plato, 1998-03-01 This is an English translation of Plato's Socratic dialogue attempting to achieve a definition of virtue that applies equally to all particular virtues and serves as a great introduction to Socratic dialogues. It contains a short introduction, notes, standard Stephanus numbers, speech numbers, and an appendix containing a unique gallery of step-by-step geometrical diagrams. It also includes illustrations, a bibliography, and a glossary. Focus Philosophical Library translations are close to and are non-interpretative of the original text, with the notes and a glossary intending to provide the reader with some sense of the terms and the concepts as they were understood by Plato's immediate audience.

Plato's Charmides Raphael Woolf, 2023-08-10 Plato's Charmides is a rich mix of drama and argument. Raphael Woolf

offers a comprehensive interpretation of its disparate elements that pays close attention to its complex and layered structure, and to the methodology of reading Plato. He thus aims to present a compelling and unified interpretation of the dialogue as a whole. The book mounts a strong case for the formal separation of Plato the author from his character Socrates, and for the Charmides as a Platonic defence of the written text as a medium for philosophical reflection. It lays greater emphasis than other readings on the centrality of eros to an understanding of Socratic procedure in the Charmides, and on how the dialogue's erotic and medical motifs work together. The book's critical engagement with the dialogue allows a worked-out account to be given of how temperance, the central object of enquiry in the work, is to be conceived.

Ulysses Annotated Don Gifford, Robert J. Seidman, 2008-01-14 Rev. ed. of: Notes for Joyce: an annotation of James Joyce's *Ulysses*, 1974.

A Rhapsody of Love and Spirituality David J. Fekete, 2003 Love between a man and a woman: is it sacred or sinful? *A Rhapsody of Love and Spirituality* explores Platonic eros, Christian mysticism, friendship, religious ritual, and love as people experience it, turning up startling ironies and paradoxes and, along the way, some traditions we may find worth reclaiming.

The Barnwell Bulletin, 1926

The British Controversialist and Literary Magazine, 1870

How Philosophy Became Socratic Laurence Lampert, 2010-07-15 Plato's dialogues show Socrates at different ages, beginning when he was about nineteen and already deeply immersed in philosophy and ending with his execution five decades later. By presenting his model philosopher across a fifty-year span of his life, Plato leads his readers to wonder: does that time period correspond to the development of Socrates' thought? In this magisterial investigation of the evolution of Socrates' philosophy, Laurence Lampert answers in the affirmative. The chronological route that Plato maps for us, Lampert argues, reveals the enduring record of philosophy as it gradually took the form that came to dominate the life of the mind in the West. The reader accompanies Socrates as he breaks with the century-old tradition of philosophy, turns to his own path, gradually enters into a deeper understanding of nature and human nature, and discovers the successful way to transmit his wisdom to the wider world. Focusing on the final and most prominent step in that process and offering detailed textual analysis of Plato's *Protagoras*, *Charmides*, and *Republic*, *How Philosophy Became Socratic* charts Socrates' gradual discovery of a proper politics to shelter and advance philosophy.

Gellius the Satirist Wytse Keulen, 2008-09-30 This monograph presents an original portrait of the second-century miscellanist Aulus Gellius, based on a detailed reading of *Attic Nights* against its contemporary background. Highlighting Gellius' use of humour and irony in his portrayals of controversial celebrities such as Favorinus and Herodes Atticus, the book provides a necessary corrective to interpretations of Gellius as an uncritical philhellene or an apolitical bookworm. Distinguishing Gellius' various literary personae (the youthful sectator, the independent researcher, the mature writer and

adviser), the book uncovers the many-layered sophistication of Gellius' self-presentation. Noting previously unrecognised allusions to literary works and contemporary events, it offers a fresh perspective on Gellius as a satirical writer, whose Roman cultural programme reflects the ambiguities and complexities of Antonine intellectual life.

Laughing on the Brink of Humanity Jan Miernowski,2024-11-01 What does it mean to be human? And, more precisely, what does it mean to be human now, with both humanism and the humanities in crisis? In answer to these questions, *Laughing on the Brink of Humanity* seeks not some essence of the human but rather an epiphenomenal manifestation—a sign of the human. The book finds such a sign in the joyless, painful, and often deadly laughter that resonates when we cross the barrier between what is human and what is not: animality, machinery, divinity. Jan Miernowski brings together a wide swath of discourses and figures, from Plato and the Bible through early modern humanism, to Friedrich Nietzsche, Georges Bataille, Hannah Arendt, Claude Lanzmann, Spike Jonze, Tom Stoppard, and Michel Houellebecq. Looking for laughter on the brink of humanity—in literature and philosophy, natural science and film, theology and computer science—the book offers an exercise in epihumanism appropriate to our posthuman age.

In Depth Sport Psychology David Burston,2019-01-15 *In Depth Sport Psychology: Reclaiming the Lost Soul of the Athlete* is a unique exploration of the vital archetypal elements and themes that emerge when considering elite sportssport psychology through a depth psychological lens. It provides athletes, young people, coaches and clinicians with ways to harness the self, placing athletes on a path towards personal growth and sporting excellence by reconnecting their spirit to their sport. Burston's multidisciplinary and inclusive approach details the importance of spirituality and other unmeasurable factors, such as emotional recovery, when investigating sporting potential. Incorporating research from classic mythology and the Greek sports academies, he traces sport back to humanity's animalistic and traumatic origins, explores the rise of the Olympic movement, and compares archetypal identities that are shared with athletes today. Relating this to today's financially driven and technological sporting climate, he considers the roots of play, examines the difference in the psyche of team sports and individual players, discusses the crucial, clinical welfare of young people, and dedicates a section to sportswomen. *In Depth Sport Psychology* emphasises how awakening an athlete's unconscious spirit can positively improve their performance, and offers an applicable methodology for athletes and teachers to use to better understand themselves and achieve brilliance. Uniquely exploring the connection between Jungian depth psychology and sports, the accessible tone of *In Depth Sport Psychology* will be key reading for analytical and depth psychologists in practice and in training, sports psychologists and other professionals working with athletes. It will also appeal to athletes and sportspeople interested in

exploring a new perspective on sporting excellence.

Calling Philosophers Names Christopher Moore, 2021-11-23 An original and provocative book that illuminates the origins of philosophy in ancient Greece by revealing the surprising early meanings of the word philosopher. *Calling Philosophers Names* provides a groundbreaking account of the origins of the term philosophos or philosopher in ancient Greece. Tracing the evolution of the word's meaning over its first two centuries, Christopher Moore shows how it first referred to aspiring political sages and advice-givers, then to avid conversationalists about virtue, and finally to investigators who focused on the scope and conditions of those conversations. Questioning the familiar view that philosophers from the beginning loved wisdom or merely cultivated their intellect, Moore shows that they were instead mocked as laughably unrealistic for thinking that their incessant talking and study would earn them social status or political and moral authority. Taking a new approach to the history of early Greek philosophy, *Calling Philosophers Names* seeks to understand who were called philosophoi or philosophers and why, and how the use of and reflections on the word contributed to the rise of a discipline. Drawing on a wide range of evidence, the book demonstrates that a word that began in part as a wry reference to a far-flung political bloc came, hardly a century later, to mean a life of determined self-improvement based on research, reflection, and deliberation. Early philosophy dedicated itself to justifying its own dubious-seeming enterprise. And this original impulse to seek legitimacy holds novel implications for understanding the history of the discipline and its influence.

Glaucón's Fate: History, Myth, and Character in Plato's Republic Jacob Howland, 2018-11-20 "Glaucón's Fate is one of the most interesting and insightful treatments of Plato's Republic in years . . . We may never know the real Socrates, but Howland's mastery and interpretation of an impressive array of works from Plato's time, along with his insight into many Platonic dialogues, including and especially the Republic, makes this book a must-read for anyone interested in Plato, Socrates, and the life of philosophy.—The New Criterion In the Republic, Socrates seeks to convince Plato's brother Glaucón that the just life of philosophy is preferable to the unjust life of tyranny. Jacob Howland's Glaucón's Fate argues that he fails. The available evidence suggests that Glaucón joined his cousin Critias and his uncle Charmides in the regime of the so-called Thirty Tyrants, the brutal oligarchy that governed Athens in the immediate aftermath of the Peloponnesian War. If Howland is right, Plato's intelligent and courageous brother—suspended as he was between the corruption of Athenian politics and the integrity of Socratic inquiry, between kinsmen who were leaders of the Thirty and a just friend who fell afoul of them—could not be saved even by the age's most capable advocate of virtue and philosophy. What went wrong? This is the guiding question of Glaucón's Fate, a book that promises to challenge our understanding of Plato's masterwork. It is the culmination of a lifelong devotion to the study of Plato's Republic by a major scholar.
