Neal K. Grossman

2000 Titbits & Satires M.S.Choubey,1999-07 This book is a treasure-trove of 2,000 witty and humorous statements on different aspects of daily life. What makes this book the only one of its kind in the world, though, is the fact that each of these titbits begins with the word - IF. In the book the author has made amusing, amazing and significant comments on 351 different aspects of human life. As you read through the book, the author's comments will, in turns, make you grin, guffaw, smirk and laugh. With the witty statements arranged in alphabetical order, there will never be a dull moment as you breeze through these pages.

Pandora's Poetry Keerti Gupta,2019-10-04 Pandora was told that the box was dangerous, menacing, and evil. But here's what she wasn't told—it isn't the box that is dangerous; it's the idea of locking up its insides that is. Taboo and stigma have conquered the narrative of womanhood to such an extent that women often feel devoid of their own qualities. Pandora's Poetry is a collection of poems that aims to unleash the truths of womanhood in an unapologetically authentic manner. Embedded with Indian context, and constantly borrowing elements from other cultures, this collection of poetry explores menstruation, patriarchy, abuse, body image, toxic masculinity, and resilience with beacons of hope and unyielding power. Open the box and be amazed by the liberation you'll find sedentarily sleeping within its interiors.

The Nature of Aesthetics Chris Angle,1999-07

Communications From Your Angels Shama Noorani Choudhary,2012-12-04 Communications From Your Angels is a compilation of channeled messages from the Archangels. While these messages were passed on at different points, and through various events, they work like everyday reminders to guide you back to what really matters in your life- the abundance of love. 'Communications from your Angels' has been printed as it was originally channeled, without any editions made by the human mind. The pure spiritual content has been maintained, so that it would not lose any of its efficacy and magic. There is no hard and fast rule for using this book to guide you as everyone has a unique style of using divination books and oracle cards. However the author would like to share an initial way of using this book, for those of you who are uncertain. For the e book you can open the chapters page, shut your eyes, then hover your cursor over the titles, stop when you hear your higher self asks you to, then click on that particular page. You will be ever so pleased, to read the answer to what is most important in your life at that particular time, or an empowering affirmation and visualization for the day. For the

physical copy, hold your book cupped within your hands, close your eyes, then think of the question you want an answer for. Once you have done this, fan the pages with your thumb and stop when your higher self asks you to; then open the page. 'Some of you may wonder what I mean when I say 'Listen to your higher self ' some may even get confused. Believe me, there is no need to allow confusion to stop you from imbibing from these empowering chapters, all you need to do is go with the flow and listen to your heart' says Shama.

Towards Thin Air Vijay Malur,2016-10-10 Vijay Malur looks back at a life filled with happy, sad, depressing, and exhilarating experiences in this inspiring memoir. Everything for the successful physician changed in 1998 when an accident took away some of his memory and sight. Three months later, he underwent quadruple cardiac bypass surgery. By taking life one day at a time, he found he could accomplish things he never would have imagined. That outlook was what enabled him in 2003 to scale the base camp of Mount Everest from Lukla after trekking more than seven days. More than ten years later, he would reach the summit of Mt. Kilimanjaro in Tanzania. He celebrated his seventieth birthday at the top of the mountain. If someone who has lost his intellectual memory and faced death can find the will to live and enjoy life to the fullest, then cant you? Find the strength to overcome any obstacle and stop holding yourself back. It begins with learning the life lessons in Towards Thin Air.

Brand Beauty Unleashed Roberto M. Álvarez del Blanco,2020-03-12 This book presents an in-depth, careful study of our understanding of the concept of beauty in everyday objects and its impact on markets and brands. Moving beyond artistic notions of beauty, it demonstrates how beauty is an asset that can be leveraged in the marketplace. Traditionally, beauty has been examined in relation to its influence on painting, sculpture, literature, music, and architecture. However, its value and power in the marketplace is understudied. Álvarez del Blanco provides a systematic analysis of beauty in commonplace objects and brands, drawing on cutting-edge research at the intersection of marketing and neurosciences. Through examining the neuroscientific evidence for how the brain processes beauty, the author articulates the implications this may have on marketing and brand management. He also offers a glimpse of how beauty may evolve, and its marketing implications for firm strategy in the coming decades. Written by a recognized authority in marketing and brand strategy, Brand Beauty Unleashed gives students with an interest in marketing, consumer behavior, branding, and neuromarketing an exciting new perspective on this intangible asset.

Why is the man scared to walk alone in this world? Why love eludes humans? How to search for the divinity within your own self? Which is better- Spiritual ecstasy or sensual pleasures? Does recognition come at a cost? What exactly is inner beauty and how that is the need of the hour? What it takes to be a trainer cum coach cum a good facilitator? How to reach wuthering heights from the deep dungeons of human life? What is the genesis of human behaviors? Can we really train human resources? Did you know that we have a brain reticular activating system-the human radar which makes us notice and delete what we wish to? Can we define our life problems and find solutions too? Do you know enough about your own emotional drivers that propel us higher or drag us lower? If you want to comprehend and get answers to the above questions and much more, do lay your hands on this book to be more balanced and empowered.

When Life Stood in Silence Cindy Placide,2019-12-19 When Life Stood in Silence is an autobiography in Poetry which depicts a series of life's events and the deep emotions experienced over many years. These poems express pains from love lost and desired, death, adversities, and a yearning to emerge from deep emotional distress, trauma, and depression. It tells of the writer's turmoil, when life halted, and the need for solitude. Moreover, it highlights her daunting inability to relate anything from the world outside the soul except her own misery which laments from far crevices of the heart. It speaks of hope, strength, faith, and a call for help from one's destructive thoughts. It's where life's purpose seems to have no voice and no longer speak to a battered soul; where no one seems to hear loud outcries for survival.

Breeding Success and Life's Issues Becky Enyioma,2010-09-01 Breeding Success and Lifes Issues focuses on the need to be a successful person and having the right mind-set to be able to achieve that. For success to occur, one has to be prepared for it. It doesnt happen in one day, it doesnt happen in one week. But what matters most is preparation. The book serves as a piece to advice people who are also going through real life issues and with the few examples illustrating that, one can certainly derive positivity and confi dence just from reading the book. The thing about those who breed success, is if you leave them stranded on an Island, instead of them building a canoe to paddle across in no time, they would rather save their energy by becoming conversant with their environment by thinkingSURVIVAL fi rst, thus charging up their instincts as the

sea roughens. They will think of shelter, food, and clothing before escape.

Freedom Jaycee Dugard, 2016-07-12 In the follow-up to her #1 bestselling memoir, *A Stolen Life*, Jaycee Dugard tells the story of her first experiences after years in captivity: the joys that accompanied her newfound freedom and the challenges of adjusting to life on her own. When Jaycee Dugard was eleven years old, she was abducted from a school bus stop within sight of her home in South Lake Tahoe, California. She was missing for more than eighteen years, held captive by Philip and Nancy Garrido, and gave birth to two daughters during her imprisonment. In *A Stolen Life* Jaycee told the story of her life from her abduction in 1991 through her reappearance in 2009. *Freedom: My Book of Firsts* is about everything that happened next. "How do you rebuild a life?" Jaycee asks. In these pages, she describes the life she never thought she would live to see: from her first sight of her mother to her first time meeting her grownup sister, her first trip to the dentist to her daughters' first day of school, her first taste of champagne to her first hangover, her first time behind the wheel to her first speeding ticket,

and her first dance at a friend's wedding to her first thoughts about the possibility of a future relationship. This raw and inspiring book will remind you that there is, as Jaycee writes, "life after something tragic happens...Somehow, I still believe that we each hold the key to our own happiness and you have to grab it where you can in whatever form it might take." Freedom is an awe-inspiring memoir about the power we all hold within ourselves.

Beauty in Context Wilfried van Damme,2021-11-01 This is the first study to survey the field of the anthropology of aesthetics, which during the last few decades has emerged on the cross-roads between anthropology and non-Western art scholarship. While critically examining the available literature, thereby addressing such basic issues as the existence of aesthetic universals, the author elaborates on a central thesis which concerns the relationship between aesthetic preference and sociocultural ideals. Drawing on empirical data from several African cultures, he demonstrates that varying notions of beauty are inspired by varying sociocultural ideals, thus shedding light on the phenomenon of cultural relativism in aesthetic preference. Emphasizing unity within diversity, the systematic anthropological approach offered in this volume invites the reader to reconsider aesthetic preference from an empirical, cross-cultural, and contextual perspective.

Motivating Thoughts of Plato Mahesh Dutt Sharma,2020-01-01 Plato's ideas about philosophy and his beliefs on the use of reason and rationality to evolve into a better society have led people to follow his ideals for centuries. This work is an endeavour to encapsulate Plato in an epigrammatic form, where it becomes easier to grasp the import of his much-complex thoughts.

Ideal Beauty Lois W. Banner,2023-09-15 One of the silver screen's greatest beauties, Greta Garbo was also one of its most profound enigmas. A star in both silent pictures and talkies, Garbo kept viewers riveted with understated performances that suggested deep melancholy and strong desires roiling just under the surface. And offscreen, the intensely private Garbo was perhaps even more mysterious and alluring, as her retirement from Hollywood at age thirty-six only fueled the public's fascination. Ideal Beauty reveals the woman behind the mystique, a woman who overcame an impoverished childhood to become a student at the Swedish Royal Dramatic Academy, an actress in European films, and ultimately a Hollywood star. Chronicling her tough negotiations with Louis B. Mayer at MGM, it shows how Garbo carved out enough power in Hollywood to craft a distinctly new feminist screen presence in films like Queen Christina. Banner draws on over ten years of in-depth archival research in Sweden, Germany, France, and the United States to demonstrate how, away from the camera's glare, Garbo's life was even more intriguing. Ideal Beauty takes a fresh look at an icon who helped to define female beauty in the twentieth century and provides answers to much-debated questions about Garbo's childhood, sexuality, career, illnesses and breakdowns, and spiritual awakening.

I am 'DRAUPADI' - Me through My own eyes Saurabh Khanna,2018-02-23 We are human and respectable creations of God, be it women or any other gender, we have the fundamental right to dignity - says the author in his plea to be heard

and recognised as he speaks as 'Draupadi'. He speaks straight from the heart of Draupadi with an aim to share with everyone the torment and anguish that Draupadi and alike undergo every day and that every human being has the right to respect, freedom, happiness and the right to his or her opinion and point of view. But, is it possible in this male-dominated world? This is a question that is explored in this book and explained in a simple and contemporary fashion. The Author, who is himself a male, describes beautifully the pain of a women and alike.

Artistic Visions and the Promise of Beauty Kathleen M. Higgins, Shakti Maira, Sonia Sikka, 2017-03-06 This volume examines the motives behind rejections of beauty often found within contemporary art practice, where much critically acclaimed art is deliberately ugly and alienating. It reflects on the nature and value of beauty, asking whether beauty still has a future in art and what role it can play in our lives generally. The volume discusses the possible "end of art," what art is, and the relation between art and beauty beyond their historically Western horizons to include perspectives from Asia. The individual chapters address a number of interrelated issues, including: art, beauty and the sacred; beauty as a source of joy and consolation; beauty as a bridge between the natural and the human; beauty and the human form; the role of curatorial practice in defining art; order and creativity; and the distinction between art and craft. The volume offers a valuable addition to cross-cultural dialogue and, in particular, to the sparse literature on art and beauty in comparative context. It demonstrates the relevance of the rich tradition of Asian aesthetics and the vibrant practices of contemporary art in Asia to Western discussions about the future of art and the role of beauty.
