Jarrett Stephens

Give Me Jesus Ryan Frank, 2014-01-06 A hundred years from now, the only thing that will matter is a person's relationship with Jesus Christ. The gospel is the good news that we can have a relationship with God through Jesus Christ. It's the main thing. It's the reason why we do ministry. It's the reason why the church exists. It provides the hope that every child and every family needs. What about your ministry? Is the gospel at the center of everything you do? How does that play out practically? In Give Me Jesus, Ryan Frank and ten ministry leaders share practical advice about keeping the gospel at the center of family and children's ministry. It will change how you do ministry.

**Naming the Spirit** W. David O. Taylor, Daniel Train, 2025-09-02 Discover the deep connection between theology, the arts, and the work of the Holy Spirit in Naming the Spirit In this book, W. David O. Taylor and Daniel Train bring together a remarkable group of theologians, scholars, and artists to offer a fresh perspective on pneumatology through the creative lens of the arts. Each chapter unpacks a particular name for the Holy Spirit and examines its significance, using examples from a variety of artistic mediums—music, poetry, visual art, film, and even landscape architecture. Far from being just a theoretical exploration, the book seeks to be a catalyst for renewal in theology and the arts, aiming to inspire new avenues of thought and engagement within classrooms, churches, and beyond. Curated by Taylor and Train, two leading voices in theology and the arts, Naming the Spirit is a rich, interdisciplinary work that promises to deepen our understanding of the Holy Spirit's work in the world through the profound lens of artistic expression. This book is an essential resource for professors, students, ministry leaders, and artists who are looking to enrich their understanding of art in relation to the Holy Spirit. Order Naming the Spirit today and discover a new way to engage with the Holy Spirit through the beauty of the arts.

**MisReading America** Vincent L. Wimbush, Lalruatkima, Melissa Renee Reid, 2013-07-09 MisReading America presents original research on and conversation about reading formations in American communities of color, using the phenomenon of the reading of scriptures--"scripturalizing"--as an analytical wedge. Scriptures here are understood as shorthand for complex social phenomena, practices, and dynamics. The authors take up scripturalizing as a window onto the self-understandings, politics, practices, and orientations of marginalized communities. These communities have in common the context that is the United States, with the challenges it holds for all regarding: pressure to conform to conventional-canonical forms of communication, representation, and embodiment (mimicry); opportunities to speak back to and confront and overturn

conventionality (interruptions); and the need to experience ongoing meaningful and complex relationships (reorientation) to the centering politics, practices, and myths that define "America."

**Lyrics of the Afro-American Spiritual** Erskine Peters, 1993-04-20 Under the rubric spirituals are subsumed sorrow songs, jubilee songs, shout songs, chants, homilies, mantras, affirmations, and collective, personal, and historical allegories. Their lyrics tell an impassioned story of an embattled people, while presenting a theology of salvation; in general, they encompass crucial aspects of the Afro-American world view. This research collection contains lyrics of 978 spirituals, including some variants, culled from numerous anthologies and collections. Codes are provided to guide the researcher to an original source with musical notations. The songs are organized in nine thematic categories as follows: lyrics of sorrow, alienation, and desolation; consolation and faith; resistance and defiance; deliverance; jubilation and triumph; judgment and reckoning; regeneration; spiritual progress; and transcendence. Each thematic section is prefaced by an interpretive statement, and the volume introduction discusses the historical background and analyzes the basic poetics of the spirituals with regard to structure, prosody, and figures of speech. Selective bibliographies of song collections and historical and theoretical works are included as well. The lyrics are indexed by title and by first line, and a general index provides access to topics, themes, persons, and places. The spirituals are pervasive in Afro-American life, and this collection will be a basic resource for researchers in all aspects of Afro-American culture, religion, and history, and useful, as well, for musicologists.

*The Mountains Are Calling* Jarrett Stephens, 2018-08-07 The teaching pastor of one of America's largest megachurches gives a call to action: Study the mountains mentioned in Scripture. Learn what God reveals there about himself, and you. Then take those truths back to the people. An overview of the mountaintop experiences mentioned in Scripture where God met with his followers for the express purpose of greater clarity on two questions: Who is God? and Who am I? Each chapter provides the reader with a clear picture of God's character and how those attributes both challenge and encourage us. Praise for *The Mountains Are Calling* "What an incredible book to walk us through the mountaintop experiences God gave to so many of his saints in Scripture. If you've longed for a new kind of intimacy with God, a fresh experience of who he is and what he wants for you, this book is for you. It will, as Jarrett Stephens promises, change your perspective, first on who God is and second on who you are. You'll love this book!" —J. D. Greear, PhD, pastor of The Summit Church, Raleigh-Durham, NC "Most of us have had a mountaintop experience that quickly loses its luster or exhausts its energy. In *The Mountains Are Calling*, Jarrett Stephens will equip and empower you to recognize God's hand in those spiritual moments that can be a

catalyst for your growth. Whether you are literally going to the mountains or just putting aside time for God, Jarrett will show you how God can use it.” —Kyle Idleman, pastor and author of *Not a Fan* and *Grace Is Greater*

Let the Stones Cry Out John Dillon, 2022-11-09 Paperback Format is Black and White while eBook is in color. God’s creation is intricate, delicate, magnificent, colorful, majestic, surprising, peaceful, powerful, awe-inspiring, and so much more! God loves us so much that he gave his only Son to die on a cross. Jesus willingly accepted God’s punishment for our sins, so that we, through faith, might have eternal life with Him. During Jesus’s triumphal entry into Jerusalem, the crowds shouted (Luke 19:38), “Blessed is the King who comes in the name of the Lord! Peace in heaven and glory in the highest!” But the religious leaders could not handle the people honoring Jesus, and so they asked him to correct them. But Jesus said, “I tell you, if these were silent, the very stones would cry out” (Luke 19:40). In this book, John Dillon combines his incredible travel photography with biblical principles and insights from Scripture to point people to God. Each picture will help you appreciate God’s creativity and love, and encourage you to worship him, knowing that there is coming a day when God will call an end to this present age. At that time, there will be people in Christ from all races gathered together singing in one voice. This will be history’s greatest worship experience!

You find yourself in the throne room, and you are having that personal me time, and that door pops open and it is a free for all. You go from that private me time to finding yourself placing an arm back on the barbie doll your daughter just handed you. Your little boy is now in the room looking at you needing something, you hear your husband yelling from the other room, honey do you know where my keys are? Not to mention the family dog also in the room staring at you. You just needed 5!

**A New Perspective for the Use of Dialect in African American Spirituals** Felicia Raphael Marie Barber, 2021-10-06 A New Perspective for the Use of Dialect in African American Spirituals: History, Context, and Linguistics investigates the use of the African American English (AAE) dialect in the musical genre of the spiritual. Perfect for conductors and performers alike, this book traces the history of the dialect, its use in early performance practice, and the sociolinguistic impact of the AAE dialect in the United States. Felicia Barber explores AAE's development during the African Diaspora and its correlations with Southern States White English (SSWE) and examines the dialect's perception and how its weaponization has impacted the performance of the genre itself. She provides a synopsis of research on the use of dialect in spirituals from the past century through the analysis of written scores, recordings, and research. She identifies common elements of early performance practice and provides the phonological and grammatical features identified in early practice. This book contains practical guide for application of her findings on ten popular spiritual texts using the International Phonetic Alphabet (IPA). It concludes with insights by leading arrangers on their use of AAE dialect as a part of the genre and practice.

**The Southern Way of Life** Charles Reagan Wilson, 2022-11-30 How does one begin to understand the idea of a distinctive southern way of life—a concept as enduring as it is disputed? In this examination of the American South in national and global contexts, celebrated historian Charles Reagan Wilson assesses how diverse communities of southerners have sought to define the region's identity. Surveying three centuries of southern regional consciousness across many genres, disciplines, and cultural strains, Wilson considers and challenges prior presentations of the region, advancing a vision of southern culture that has always been plural, dynamic, and complicated by race and class. Structured in three parts, *The Southern Way of Life* takes readers on a journey from the colonial era to the present, from when complex ideas of "southern civilization" rooted in slaveholding and agrarianism dominated to the twenty-first-century rise of a modern, multicultural "southern living." As Wilson shows, there is no singular or essential South but rather a rich tapestry woven with contestations, contingencies, and change.
