**Part of Your World** Liz Braswell,2018-09-04 What if Ariel had never defeated Ursula? It's been five years since the infamous sea witch defeated the little mermaid... and took King Triton's life in the process. Ariel is now the voiceless queen of Atlantica, while Ursula runs Prince Eric's kingdom on land. But when Ariel discovers that her father might still be alive, she finds herself returning to a world--and a prince--she never imagined she would see again.

**Freaky Tuesday #17** Melissa J. Morgan,2007-10-04 Brynn's just transferred to a brand-new school in a town close by. A town in Bizarro World, that is, where academic excellence is the fast track to popularity and Candace—yes, quiet, seemingly insecure Candace—is the reigning queen bee. Brynn's not sure how she'll ever fit in to this parallel universe, until one day she notices Candace crumbling under the weight of some serious self-imposed stress. So Brynn takes Candace under her wing and teaches her the fine art of chilling out before she turns into a complete basket case at the tender age of thirteen.

*Part of My World* Jodi Benson,2022-09-13 Join Disney Legend Jodi Benson on a magical journey from a Midwestern town to the bright lights of Broadway and the recording booth where she brought one of the most beloved Disney princesses of all time to life! A treasure trove of colorful characters and unforgettable anecdotes, *Part of My World* reads like a real-life fairy tale as a girl with a big voice and even bigger dreams sets out on the adventure of a lifetime. Along the way, Jodi shares lessons she's learned about faith, friendship, love, loss, taking chances, making mistakes, following God's call, and chasing your dreams. In *Part of My World* you'll come alongside Jodi as she struggles to find her footing in the rehearsal halls of Manhattan; finds (then loses, then marries) her prince charming; makes a splash on Broadway; gives voice to a feisty redheaded mermaid, a blonde bombshell named Barbie, and a Tony-nominated powerhouse named Polly; and searches for her own personal happily ever after. Written with warmth, humor, and disarming vulnerability, *Part of My World* is a captivating glimpse behind the curtain at the making of one of the most celebrated animated movies of all time, and a must-read for Disney fans of all ages.

*The Sunrise Collection: Sunrise / Summer / Someday / Sunset* Karen Kingsbury, 2016-12-06 The complete 4-book bestselling Christian fiction series that has sold over 1.3 million copies! This collection bundles all four of Karen Kingsbury's Sunrise series in a single, value-priced e-book! Enjoy this third installment of the beloved Baxter Family Drama from the #1 New York Times bestselling author of "heart-tugging and emotional" (Romantic Times) life-changing fiction. #1 Sunrise In preparation for their long-awaited wedding, Dayne Matthews and Katy Hart are determined to keep the ceremony a secret from the paparazzi, but in the end it takes the help of the Baxter family and many of the CKT kids to even have a chance at a private wedding. John Baxter is thrilled that his oldest son will be settling down a few miles away, but he isn't sure how any of his kids will handle the feelings he is having for his friend Elaine. In the meantime, the Flanigan family is struggling with their young boarder, Cody Coleman, who fights for his life following an alcohol overdose. Only God's grace and a miracle can bring him back from the brink of death—physically and spiritually. #2 Summer Hollywood actor Dayne Matthews and Katy Hart are married and living in Bloomington, Indiana, where Dayne has found a solution to his on-camera love scenes—he wants Katy to star in his next film. Katy wins the part, and the couple also agrees to a 12-episode reality show. Soon, they feel cracks around the edges of their marriage and face the end of everything that truly matters to them. The Baxter family learns that Ashley and Kari are both pregnant, but an ultrasound reveals that something is wrong with one of the babies. As the summer progresses, the sisters pray for a miracle while trying to face the unthinkable. Bailey Flanigan struggles to find her way amid the turmoil of adolescence. Her friendship with Cody Coleman continues to blossom after his graduation. But when Cody decides to enlist in the Army, he'll have to say good-bye to the family he's come to love and the girl he'll never forget. #3 Someday Pressures of the celebrity lifestyle weigh heavily on Dayne and Katy Matthews as they take on separate movie

projects. Tabloid rumors talk of trouble and unfaithfulness between the two, but finally something drastic catches Dayne's attention and makes him realize the destruction they're playing with. But will it be too late? Meanwhile, John Baxter takes the next step in his growing relationship with Elaine, giving him a season to contemplate selling the Baxter house. As the rest of the family considers the future and what may lie ahead, they must pull together like never before. #4 Sunset As John Baxter makes plans to marry Elaine, one of the Baxters enters into the most trying season of all. During a time of renewed love and hope for the future, the Baxters come together to establish the sacred ground of marriage and to chart a course for the future. Memories of times gone by meet with the changes of today in a story that proves only the support of faith and family can take a person into the sunset years of life. Winner of Christian Retailing's Retailer's Choice Award for Best Series!

*The Art and Science of Poisons* Olen R. Brown, 2018-06-04 Poisons, due to their lethal nature, invoke a sense of fear in humans. Yet, they have also impacted other aspects of human life. Poisons have been used by nomadic hunters to kill their prey, by scientists to explore complex biochemical mechanisms of the body, by physicians to lower cholesterol and to kill cancer cells, by farmers and the general public to destroy pests, by the evil minded for homicide, and by tyrants as weapons of war. The Art and Science of Poisons presents two facets of poisons: the science behind them and their place in history and

art. The science of poisons describes their biochemistry and how they kill. The science story voyages into the sub-microscopic world of atoms, molecules, and cells. Only there can we see the true miracles and mysteries of life and death. Chapters in the book explore poisons from snakes, spiders, scorpions, sea creatures, as well as poisons made by humans in the laboratory, and those which are derived from beautiful plants. The art of poisons, on the other hand, encompasses everything else about these agents that conjures up the image of the skull and crossbones. This side of the story explores the legends and tales of intrigue and surreptitious deaths of well-known personalities such as Socrates, Cleopatra, Hitler, and many more. General readers with a curiosity about science and an interest in history and human nature will enjoy both facets presented in this brief, yet varied exploration into the world of poisons.
