Muslim Women, Transnational Feminism and the Ethics of Pedagogy Lisa K. Taylor, Jasmin Zine, 2014-06-27 Following a long historical legacy, Muslim women's lives continue to be represented and circulate widely as a vehicle of intercultural

understanding within a context of the war on terror. Following Edward Said's thesis that these cultural forms reflect and participate in the power plays of empire, this volume examines the popular and widespread production and reception of Muslim women's lives and narratives in literature, poetry, cinema, television and popular culture within the politics of a post-9/11 world. This edited collection provides a timely exploration into the pedagogical and ethical possibilities opened up by transnational, feminist, and anti-colonial readings that can work against sensationalized and stereotypical representations of Muslim women. It addresses the gap in contemporary theoretical discourse amongst educators teaching literary and cultural texts by and about Muslim Women, and brings scholars from the fields of education, literary and cultural studies, and Muslim women's studies to examine the politics and ethics of transnational anti-colonial reading practices and pedagogy. The book features interviews with Muslim women artists and cultural producers who provide engaging reflections on the transformative role of the arts as a form of critical public pedagogy.

**Crime Fiction Migration** Christiana Gregoriou, 2017-07-27 Crime narratives form a large and central part of the modern cultural landscape. This book explores the cognitive stylistic processing of prose and audiovisual fictional crime 'texts'. It also examines instances where such narratives find themselves, through popular demand, 'migrating' - meaning that they cross languages, media formats and/or cultures. In doing so, *Crime Fiction Migration* proposes a move from a monomodal to a multimodal approach to the study of crime fiction. Examining original crime fiction works alongside their translations, adaptations and remakings proves instrumental in understanding how various semiotic modes interact with one another. The book analyses works such as *We Need to Talk About Kevin*, *The Killing* trilogy and the reimaginings of plays such as *Shear Madness* and films such as *Funny Games*. Crime fiction is consistently popular and 'on the move' - witness the spate of detective series exported out of Scandinavia, or the ever popular exporting of these shows from the USA. This multimodal and semiotically-aware analysis of global crime narratives expands the discipline and is key reading for students of linguistics, criminology, literature and film.

*S.E.N.D. In The Clowns* Suzy Rowland, 2020-09-03 Is your child autistic or ADHD? *S.E.N.D. in the Clowns* is a family guide to help you through the primary education years, and the run-up to secondary school. With clear explanations,

practical ideas and friendly advice, this book guides you through the post-diagnosis fog. S.E.N.D in the Clowns is a play on the acronym Special Educational Needs and Disability hinting that these children's behaviour may look like they are either the sad clown sitting quietly in the corner or the zany clown performing slap stick tricks to make everyone in the classroom laugh. The reality is more poignant, these neurodiverse children are highly sensitive individuals who mask the pain and confusion of their neurodiversity in a school environment that is often frightening and confusing.

This book features anecdotal case studies that emphasize problem solving, real-world application, and realistic action plans. A comprehensive Companion Website provides additional guidelines and hands-on worksheets.

**Bible and Bedlam** Louise J. Lawrence, 2018-08-23 *Bible and Bedlam* first critically questions the exclusion and stereotyping of certain biblical characters and scholars perceived as 'mad', as such judgements illustrate the 'sanism' (prejudice against individuals who are diagnosed or perceived as mentally ill) perpetuated within the discipline of Western biblical studies. Second, it seeks to highlight the widespread ideological 'gatekeeping' - 'protection' and 'policing' of madness in both western history and scholarship - with regard to celebrated biblical figures, including Jesus and Paul. Third, it initiates creative exchanges between biblical texts, interpretations and contemporary voices from 'mad' studies and sources (autobiographies, memoirs etc.), which are designed to critically disturb, disrupt and displace commonly projected (and often pejorative) assumptions surrounding 'madness'. Voices of those subject to diagnostic labelling such as autism, schizophrenia and/or psychosis are among those juxtaposed here with selected biblical interpretations and texts.

Latin American Documentary Film in the New Millennium María Guadalupe Arenillas, Michael J. Lazzara, 2016-06-23  
Nearly two decades into the new millennium, Latin American documentary film is experiencing renewed vibrancy and visibility on the global stage. While elements of the combative, politicized cinema of the 1960s and 1970s remain, the region's production has become increasingly subjective, reflexive, and experimental, though perhaps no less political. At the same time, Latin American filmmakers both respond to and shape global tendencies in the genre. This book highlights the richness and heterogeneity of Latin American documentary film, surveys a broad range of national contexts, styles, and practices, and expands current debates on the genre. Thematic sections address the "subjective turn" of the 1990s and 2000s and the move beyond it; the ethics of the encounter between the filmmaker and the subject/object of his or her gaze; and the performance of truth and memory, a particularly urgent topic as Latin American countries have transitioned from dictatorship to democracy.

*Reflections* Pj Hughes, 2011-06-01 Autism is a condition that affects the way an individual relates to the world around them. Its diagnosis is based on, amongst other criteria, social interaction and communication. It also affects each individual differently, which is why it is often called the autistic spectrum. Many in the field refer to the autistic spectrum as either ASCs (Autism Spectrum Conditions) or ASDs (Autistic Spectrum Disorder). Within this spectrum is a condition called Asperger Syndrome, which lies at the intellectually high functioning (this relates to an IQ that is average or above average) end of the spectrum. - PJ Hughes Description 'Reflections..' is a highly informative book about Autism and Asperger Syndrome, which, uniquely, is written by someone who has been diagnosed. This book is essentially autobiographical. PJ looks at the field of autism by casting an Asperger eye over the various terminologies used and the various diagnostic criteria. He also looks at the autistic traits and how he perceives they relate to him. He makes notes of his own life and makes observations of the world in general. About the Author PJ was born in Woolwich, London in 1968 and moved north in 1988 to go to polytechnic, as it then was, and has stayed there ever since. He currently lives in Sheffield. He was diagnosed with Asperger Syndrome in

1999 and is actively involved in activities relating to the Autistic Spectrum. Not only does he give talks, but also writes about the subject and takes part in research. Other activities include being a member of the National Executive Committee of the Home Office Disability Support Network (HODS), member of the disability subgroup in Sheffield and Autism Buddy Network leader at the Home Office. One of his long-term ambitions is to work full-time in the disability field, particularly in autism.

Zeitgeist und die Szenen der Imagination Sascha Förster, 2025-03-19 Das Buch untersucht in drei Fallstudien den Einbruch des gesellschaftlichen Zeitgeschehens ins Theater. Dabei liegt der Fokus auf Momenten politischer Aushandlung: Im ersten Teil werden postrevolutionäre Angriffe auf die Weimarer Republik anhand von Bühnenräumen für Wilhelm Tell (1919) und Der fliegende Holländer (1929) am Berliner Staatstheater betrachtet. Im zweiten Teil werden die Proteste gegen die britische Austeritätspolitik 2010 und 2011 am Beispiel des Wechselspiels der brutalistischen Architektur des Londoner National Theatre und des Bühnenraums für Mike Bartletts 13 (2011) thematisiert.
