Rethinking Culture and Creativity in the Digital Transformation Luciana Lazzeretti, Stefania Oliva, Niccolò

Innocenti, Francesco Capone, 2023-03-31 This book discusses the role of digital technologies in the growth and development of cultural organizations and the creative sector. It includes contributions by authoritative scholars who address this topic through different perspectives, methodologies and approaches. The first part of the volume focusses on theoretical contributions that identify the main transformations caused by the digital revolution, the use of data, outlining new possible analytic frameworks and future lines of research. The second part of the volume presents empirical contributions applied to different fields in the study of the cultural and creative sectors. These range from analyses of traditional cultural organizations such as museums, the evolution of trajectories in the fashion industry, techno-creative communities, digital services for tourism, to cultural and creative industries and wealth and creative work. This edited volume will be of great value to scholars in the fields of Economics and Management including Economic Geography and Economic Development. Students and researchers interested in learning more about new technologies and their impact on cultural and creative sectors will also benefit from this book. This book was originally published as a special issue of European Planning Studies.

Massimo Annicchiario, Cinzia Martini, Francesco Pontoriero, Simona Morretta, Paolo Liverani, Thea Ravasi, Ian Haynes, Iwan Peverett, Jun Yamada, Alessandra Cerrito, Takuro Ogawa, Yoshiki Hori, 2020-10-01 Il Convegno nasce come espressione della volontà della Soprintendenza Speciale Archeologica Beni Artistici e del Paesaggio di Roma, condivisa con questa Azienda, di ampliare le conoscenze sugli ipogei, che insistono al di sotto dei nostri Presidi Ospedalieri, in relazione e in analogia a quanto già condotto in precedenza, presso l'area di insediamento della Basilica Costantiniana, intitolata al Santissimo Salvatore, e le aree adiacenti, sulle quali vennero edificate tutte le altre strutture a compimento del Patriarcato, sin dal IV sec. d.C. La sopra citata volontà si è concretizzata con una apposita Convenzione, sottoscritta nel febbraio del 2018, che ha ritenuto di coinvolgere studiosi, appartenenti a prestigiose Università Italiane ed Internazionali, i cui attori principali erano quelli che fino ad allora avevano già dato il loro massimo contributo di alto valore scientifico, sia sull'Area Lateranense sia nell'area di competenza dell'Antico Ospedale. The Conference came about as the expression of the desire of the Soprintendenza Speciale Archeologica Beni Artistici e del Paesaggio for Rome, a desire which our Administration also shared, to expand knowledge of the underground remains that stand below our hospital buildings, in relation to, and in analogy with, the work already done in the past, near the area where the Constantinian Basilica stood, which was dedicated to the Most Holy Saviour, and the adjacent areas, on which were built all the other structures to complete the Patriarcato, ever since the 4th century AD. This aforementioned desire took concrete shape with a special Agreement, signed up to in February 2018, which set out to involve academics from prestigious Universities, in Italy and abroad. The main players in this Agreement were the same ones who, up until that time, had already made their biggest contribution, of high scientific value, both in the Lateran Area and in the area pertaining to the Ancient Hospital itself.

**Musei massonici nel mondo** AA. VV.,2021-11-25T00:00:00+01:00 I Musei massonici vantano antiche memorie.

Memorie materiali che - a far tempo dalla tradizione delle Logge operative medioevali sino ai giorni nostri - parlano di grandi e piccoli eventi, di immani sacrifici individuali e collettivi, di importanti scritti storici, di testimonianze visive, di oggetti rituali, di labari, di bolle, di grembiuli, di insegne e di gioielli di Loggia. Tutti oggetti che danno forza e vita a Fratelli che non sono più fra noi, ma la cui presenza si fa sentire con tutta la potenza spirituale. È la potenza che scaturisce da cuori infiammati di desideri e di speranze, da parole che risuonano con la medesima forza, da gesti e azioni che volevano trasformare se stessi e il mondo. Parlano di sacrificio e di martirio perché molti sono i Fratelli Martiri che hanno perso la vita nelle carceri religiose, nei campi di concentramento, nei lager, nei gulag, davanti ai plotoni d'esecuzione o massacrati per mano di vigliacchi assassini.

*Italian Renaissance Ceramics* British Museum,Dora Thornton,Timothy Wilson,2009 A superb catalogue of the British Museum collection of maiolica and other Italian Renaissance pottery, published in two volumes with a slipcase, ribbon and cloth binding. The British Museum collection of Italian Renaissance ceramics is one of the most important and most comprehensive anywhere in the world. Apart from containing many works of great artistic beauty, it is unequalled for its high proportion of signed, marked, dated and armorial pieces, crucial for scholarly study of the subject. This is the first systematic catalogue of the collection. The 495 detailed entries cover the period from 1400 to 1700 and include maiolica, incised slipware and the rare 'Medici porcelain' made in the ground-breaking Granducal workshop in Florence in the late 16th century. Every item is illustrated at least once, and most twice, in colour. Particular attention is given to patronage (the collection includes works made for such eminent patrons as Pope Leo X and Isabella d'Este), to the relationship with painting and other arts, and to the history of collecting and the role of the British Museum collection in developing the international study of the subject. The catalogue entries incorporate the results of a long programme of scientific analysis of the clays used by Renaissance potters. The book will also contain the fullest bibliography of the subject ever published.
