EbonyJanice Moore

Pop & Postfeminism Nathalie Weidhase, 2024-11-14 Nathalie Weidhase conceptualises the female dandy as a figure that simultaneously embodies and disrupts postfeminist notions of femininity, including maintaining a physique conforming to contemporary beauty standards, constant self-surveillance and self-improvement, and the naturalisation of gender difference and heterosexuality. She examines how music videos function as spaces in popular culture where the politics of the feminine can be articulated. These spaces allow female pop stars to be valued as artists with distinct contributions to popular music. Focusing on Amy Winehouse, Rihanna, Lady Gaga, and Lana Del Rey, Weidhase illuminates different characteristics of the postfeminist dandy in popular music. Amy Winehouse's work makes visible the commodification of the female spectacle in popular culture, highlighting how her image and persona were marketed and consumed. Rihanna performs black femininity as postfeminism's abject Other. Lady Gaga queers monstrous motherhood and celebrates female musical lineage. Lana Del Rey's work demonstrates how whiteness operates as a canvas for postfeminist and post-racial fantasies, offering a platform for their deconstruction and critique. In doing so, Weidhase provides a comprehensive understanding of how these pop stars navigate and challenge the intricate landscape of postfeminism, offering a nuanced perspective on contemporary femininity and its representations in popular culture.

This Is What It Sounds Like: A Legendary Producer Turned Neuroscientist on Finding Yourself Through Music

Susan Rogers, Ogi Ogas, 2022-09-20 One of the Next Big Idea Club's Favorite Nonfiction Books A Behavioral Scientist Notable Book of 2022 A legendary record producer-turned-brain scientist explains why you fall in love with music. This Is What It Sounds Like is a journey into the science and soul of music that reveals the secrets of why your favorite songs move you. But it's also a story of a musical trailblazer who began as a humble audio tech in Los Angeles, rose to become Prince's chief engineer for Purple Rain, and then created other No. 1 hits, including Barenaked Ladies' One Week, as one of the most successful female record producers of all time. Now an award-winning professor of cognitive neuroscience, Susan Rogers leads readers to musical self-awareness. She explains that we each possess a unique "listener profile" based on our brain's natural response to seven key dimensions of any song. Are you someone who prefers lyrics or melody? Do you like music "above the neck" (intellectually stimulating), or "below the neck" (instinctual and rhythmic)? Whether your taste is esoteric or mainstream, Rogers guides readers to recognize their musical personality, and offers language to describe one's own

unique taste. Like most of us, Rogers is not a musician, but she shows that all of us can be musical—simply by being an active, passionate listener. While exploring the science of music and the brain, Rogers also takes us behind the scenes of record-making, using her insider's ear to illuminate the music of Prince, Frank Sinatra, Kanye West, Lana Del Rey, and many others. She shares records that changed her life, contrasts them with those that appeal to her coauthor and students, and encourages you to think about the records that define your own identity. Told in a lively and inclusive style, *This Is What It Sounds Like* will refresh your playlists, deepen your connection to your favorite artists, and change the way you listen to music.

Dolls of Our Lives Mary Mahoney, Allison Horrocks, 2023-11-07 Which American Girl are you? Are you a Molly (a patriotic overachiever with a flair for drama)? Felicity (the original horse girl)? Kirsten (a cottagecore fan who seems immune to cholera), Samantha (a savior complex in a sailor suit), or Josefina (who dealt with grief by befriending a baby goat)? Have you ever wondered how Britney Spears or Michelle Kwan would answer that question? And why do we care so much which girl we are? Combining history, travelogue, and memoir, *Dolls of Our Lives* follows Allison Horrocks and Mary Mahoney on an unforgettable journey to the past as they delve into the origins of this iconic brand. Continuing the conversations that began on their podcast, they set out to answer the lingering questions that keep them up at night. What did American Girl inventor Pleasant Rowland hope to say to children with these dolls? Was girl power something that could be ordered from a catalogue, described by a magazine, or modeled in the plot lines of books? And how - and why - did this brand shape an entire

generation? Through interviews with a legion of devoted doll lovers, a field trip to Colonial Williamsburg, a place that inspired Pleasant to create American Girl, and an exploration of their own (complicated) fandom, this is a deep dive into one of the 90s most coveted products - the American Girl doll.

Mellencamp David Masciotra,2022-05-31 John Mellencamp's numerous hits, awards, and recognitions—including his induction into the Rock and Roll Hall of Fame and the Songwriters Hall of Fame—puts him in such celebrated company as Bruce Springsteen, Neil Young, and Bob Dylan. In Mellencamp, David Masciotra explores the life and career of this important

talent, persuasively arguing for his space among the most distinguished songwriters of our time. Beginning with Mellencamp's modest start in Seymour, Indiana, Masciotra details the artist's road to fame, examines his struggles with the music industry, and celebrates the success he found by remaining true to his midwestern roots. With themes that range from small-town life, race, and religion to poverty and the struggles of adulthood, Mellencamp's songs remain central to the social and historical context of contemporary America. Acting as an artistic archivist, he has never forgotten the hardships faced by workers and Black Americans, and in line with his tributes to 1960s rock and Americana folk, he tells a story his audience and his country need to hear. From a cultural critic whose work has also appeared in the Washington Post, Atlantic, and Los Angeles Review of Books, this thoughtful analysis—now with a new foreword describing the author's interview with Mellencamp at his private recording studio in Nashville, Indiana—highlights four decades of the artist's music, showing how it has consistently elevated the dignity of everyday people, and spanned the genres of folk, soul, and rock and roll to amplify the struggle of democracy.

Packaging Girlhood Sharon Lamb, Lyn Mikel Brown, 2025-06-25 The stereotype-laden message, delivered through clothes, music, books, and TV, is essentially a continuous plea for girls to put their energies into beauty products, shopping, fashion, and boys. This constant marketing, cheapening of relationships, absence of good women role models, and stereotyping and sexualization of girls is something that parents need to first understand before they can take action. Lamb and Brown teach parents how to understand these influences, give them guidance on how to talk to their daughters about these negative images, and provide the tools to help girls make positive choices about the way they are in the world. In the tradition of books like *Reviving Ophelia*, *Odd Girl Out*, *Queen Bees* and *Wannabees* that examine the world of girls, this book promises to not only spark debate but help parents to help their daughters.

Life Will See You Now Gavin Oattes, 2020-02-17 Best selling author, award winning comedian and international keynote speaker Gavin Oattes challenges you to live life better than you have to, to never be afraid of your own style and to blow your

own god damn mind for a change. Cast your mind back to that album that changed your life? The riffs, the hooks and the lyrics that blew your mind? That movie that moved your whole world and assured you that life was going to be special? Transporting you to a place you'd never been before, the opening chapter of that book that changed your life forever? The hairs on the back of your neck stood, adrenaline rushed through your entire body with the weight of the world gone from your young shoulders. Energised, inspired, alive, all in and ready to turn up to this wonderfully f*cked up thing we call life. Close your eyes and remember that feeling right there in that moment? *Life Will See You Now* is a rousing, uplifting anthem that will inspire you to put down your phone, rediscover what truly matters and completely rethink what 'making it' in life actually means. A personal development title with a difference – there's no step-by-step guide and no map to change your life – instead, it provides you with hilarious, real life inspiration, motivation and energy to figure it out for yourself and rediscover that wee piece of magic you had when you were just five years old. Oattes makes the argument – backed by both positive psychology and an abundance of childlike wonder – that in an anxious world ruled by pressure, ego and other people's expectations, we are all incredibly lucky to be alive at a time where kindness, gratitude, play and ice-lollies really do matter. Remember, you don't have to do what everyone else is doing. . .
