A Magical Journey Olga Curado, 2020-07-01 Aikido has secrets paths. This is a book about a magical journey guided by the secret powers of the martial art Aikido. It tells the story of an encounter, brought about by a mysterious message delivered during a dream, eighteen years earlier. In rural Japan, where the sacred mountains tower over the Pacific Ocean, on the Kii peninsula, the student receives from the master the answers to questions about the meaning of her own life. She learns how to search in her soul for the answers that connect her to other individuals as human beings. The blows and the practices of Aikido training are revealed here in this book as teachings, also mysteriously transmitted, to be used on the tatami mat and far beyond.

Silent Film Sound Rick Altman,2004 Based on extensive original research and filled with gorgeous illustrations, *Silent Film Sound* reconsiders all aspects of sound practices during the silent film period in America. Beginning with sound accompaniment and continuing through to the more familiar sound practices of the 1920s, renowned film historian Rick Altman discusses the variety of sound strategies cinema exhibitors used to differentiate their products. During the nickelodeon period prior to 1910, this variety reached its zenith with carnival-like music, automatic pianos, small orchestras,

lecturers, synchronized sound systems, and voices behind the screen. In the 1910s, musical accompaniment began to support a film's narrative and emotional content, with large theaters and blockbuster productions driving the development of new instruments, new music-publication projects, and a new style of film music. A monumental achievement, Silent Film Sound challenges common assumptions about this period and reveals the complex and swiftly changing nature of silent American cinema.
