Martín M. de Güemes Marcelo G. Ruibal,2022-08-25 El general Martín Miguel de Güemes, protagonista en las luchas por la independencia de nuestra Nación y de América del Sur, es un actor imprescindible en la concreción de la gesta sanmartiniana. Junto a los generales don Manuel Belgrano y don José de San Martín, fue quien mantuvo encendida la tea libertaria mientras el resto de la América hispana había sucumbido bajo el dominio realista. Por todo ello detenta el honor de ser considerado uno de los padres de la Patria. Su vida y su accionar son ejemplos de amor incondicional por el destino independiente de la Nación. Este libro forma parte de la colección Salta en la historia política y cultural de la Argentina, que responde a un propósito cultural y educativo de gran proyección: presentar un conjunto de obras breves que destacan el accionar de una serie de personalidades de la Provincia que realizaron un aporte significativo a la conformación del pensamiento y la historia política, social y cultural de nuestro país.

Planet/Cuba Rachel Price,2016-02-16 Transformations in Cuban art, literature and culture in the post-Fidel era Cuba has been in a state of massive transformation over the past decade, with its historic resumption of diplomatic relations with the United States only the latest development. While the political leadership has changed direction, other forces have taken hold. The environment is under threat, and the culture feels the strain of new forms of consumption. Planet/Cuba examines how art and literature have responded to a new moment, one both more globalized and less exceptional; more concerned with local quotidian worries than international alliances; more threatened by the depredations of planetary capitalism and climate change than by the vagaries of the nation's government. Rachel Price examines a fascinating array of artists and writers who are tracing a new socio-cultural map of the island.
