Christian Langkamp

Death of a Friend J.C. Bartholomew, 2009-05-22 This story is dedicated to all those who have lost a good friend and know the profound sadness of such a loss. It is for all those who yearn for the return of a lost friend and live with the hope that, as one poet put it, even the lost find their way home when we keep the light on.

Friendship Quotations Helen Exley, 1992

Grief - Myths, Realities and Cliches Wally Buyer, 2019-03-11 Managing grief is a monumental task and requires the bereaved to navigate through a myriad of obstacles that are not the same but unique to each person experiencing grief. The emotional fallout associated with grief is often likened to the elephant in the room, and few (including the bereaved) want to acknowledge its existence. Fewer still want to openly discuss what the bereaved are experiencing. The bereaved person typically just wants a friend with a willing ear to listen and/or permission to take the needed time to process the loss they are grieving. They don't want someone to pass judgment as to what they're feeling, nor do they want proffered advice as to how better to cope with their grief. They just want to have someone to care or give them a hug and offer a shoulder on which to shed their tears. Well-intended friends will, nevertheless, unknowingly offer irrelevant or hurtful advice, employing the use of cliché's or the many myths that surround what to expect during the grieving process. This book attempts to shine a light on what to expect, what to avoid, and what to ignore. The bereaved person reading it can use it as a resource, therefore, to help mute the painful impact of what they may hear from well-intended friends. For those wanting to help the bereaved, it can be used to as a resource for better understanding the grieving process and how to avoid saying the wrong thing.

Queer Friendship George E. Haggerty, 2018-03-29 Friendship in the classical world was celebrated as among the highest human achievements: nothing was more likely to lead to the divine than looking for it in the eyes of a friend. In exploring the complexities of male-male relations beyond the simple labels of sexuality, *Queer Friendship* shows how love between men has a rich and varied history in English literature. The friend could offer a reflection of one's own worth and a celebration of a kind of mutuality that was not connected to family or home. These same-sex friendships are memorable because they give shape to the novels of which they are a part, and question the assumption that the love between friends is different from the love between lovers. *Queer Friendship* explores English literary friendship in three ways: the elegiac, the erotic, and the platonic, by considering a myriad of works, including Sterne's *Tristram Shandy*, Tennyson's 'In Memoriam A. H. H.', and

Dickens' *Great Expectations*.

The Marriage of Aesthetics and Ethics Stéphane Symons, 2015-08-25 In *The Marriage of Aesthetics and Ethics*, fifteen authors reflect on the nature of friendship and love and on the complex relation between art and morality. Karl Verstrynge, Vincent Caudron, Anne Christine Habbard, and Walter Jaeschke draw from authors from Aristotle to Derrida, Montaigne to Kierkegaard, and Hegel to Blanchot to discuss friendship and love. Andreas Arndt, Paul Cobben, Paul Cruysberghs, Gerbert Faure, Simon Truwant, and Margherita Tonon focus on the connection between aesthetics and ethics in the works of Kant, Schiller, Hegel, Schleiermacher, Kierkegaard, Cassirer, and Adorno. Baldine Saint Girons, Stéphane Symons, Marlies De Munck, Stijn De Cauwer, and Willem Styfhals explore the connection between ethical and aesthetic issues in photography, film, music, literature, and the visual arts.

Once There Were Two True Friends, Or, Idealized Male Friendship in French Narrative from the Middle Ages Through the Enlightenment Edward Joe Johnson, 2003

Destination Hope: A Travel Companion When Life Falls Apart Marilyn Nutter, April White, 2021-09-28 *Destination Hope: A Travel Companion When Life Falls Apart* offers camaraderie and a beacon of hope for women who feel alone in loss, struggle, or change of circumstance. This book is not a self-help book filled with platitudes from people who think they have life figured out. Instead, Marilyn Nutter and April White link arms with the audience and encourage their readers through stories of their personal challenges in widowhood and chronic illness. Women are encouraged to see loss and hardship as part of life's journey and are reminded to turn their gaze upwards, to the Provider of Hope. Within the pages of *Destination Hope* comes a sisterhood, a bond, that is formed only through the mutual understanding of loss and the need to find hope in hard times. *Destination Hope* is arranged into six chapters called Milepost Markers, which address various losses, disappointments, or obstacles. Each entry concludes with a Rest Area for reflection and journaling. A Postcard with a quotation related to the topic sends readers off with an encouraging word, as they travel on towards their destination hope.

Practical Friendship Christian Langkamp, 2021-09-24 *Practical Friendship* brings insights together from ancient and contemporary philosophy, theology, psychology and sociology to identify what good friendship means and how we can live it. Based on the analysis it proposes we adopt a role based view of friendship, that also can be used to analyse loneliness. Based on research and anecdotal evidence the book compiles a range of recommendations on how to maintain our friendships in good repair and how to foster friendship in old age. The book addresses an audience of professionals working to fight loneliness in our society as well as lay people wanting to reflect on how to improve the friendships in their lives. Additional sections are addressed at researchers in sociology and psychology who want to expand their understanding of friendship in order to tune their research to generate insight for loneliness-support.

Reading Roman Friendship Craig A. Williams, 2012-10-18 This book invites us to approach friendship not as something

that simply is, but as something performed in and through language. Roman friendship is read across a wide spectrum of Latin texts, from Catullus' poetry to Petronius' *Satyricon* to the philosophical writings of Cicero and Seneca, from letters exchanged by the Emperor Marcus Aurelius and his beloved teacher Fronto, to those written by men and women at an outpost in northern Britain. One of the most innovative features of this study is the equal attention it pays to Latin literature and to inscriptions carved in stone across the Roman Empire. What emerges is a richly varied and perhaps surprising picture. Hundreds of epitaphs, commissioned by men and women, citizens and slaves, record the commemoration of friends, which is of equal importance to understanding Roman friendship as Cicero's influential essay *De amicitia*.

Samuel Johnson and the Powers of Friendship A. D. Cousins, Daniel Derrin, Dani Napton, 2023-11-30 This book is the first to assess Johnson's diverse insights into friendship—that is to say, his profound as well as widely ranging appreciation of it—over the course of his long literary career. It examines his engagements with ancient philosophies of friendship and with subsequent reformulations of or departures from that diverse inheritance. The volume explores and illuminates Johnson's understanding of friendship in the private and public spheres—in particular, friendship's therapeutic amelioration of personal experience and transformative impact upon civil life. Doing so, it considers both his portrayals of interaction with his friends and his more overtly fictional representations of friendship across the many genres in which he wrote. It presents at once an original re-assessment of Johnson's writings and new interpretations of friendship as an element of civility in mid-eighteenth-century British culture.

Epicurus Dane R. Gordon, David B. Suits, 2003 The philosophy of Epicurus (c. 341-271 B. C. E.), has been a quietly pervasive influence for more than two millennia. At present, when many long revered ideologies are proven empty, Epicureanism is powerfully and refreshingly relevant, offering a straightforward way of dealing with the issues of life and death. The chapters in this book provide a kaleidoscope of contemporary opinions about Epicurus' teachings. They tell us also about the archeological discoveries that promise to augment the scant remains we have of Epicurus's own writing. the breadth of this new work will be welcomed by those who value Epicurean philosophy as a scholarly and personal resource for contemporary life. Epicurus: His Continuing Influence and Contemporary Relevance, is the title of a 2002 conference on Epicurus held at Rochester Institute of Technology, when many of the ideas here were first presented.

Buddy System Geoffrey Greif, 2008-08-29 Much has been made of the complex social arrangements that girls and women navigate, but little scholarly or popular attention has focused on what friendship means to men. Drawing on in-depth interviews with nearly 400 men, therapist and researcher Geoffrey L. Greif takes readers on a guided tour of male friendships, explaining what makes them work, why they are vital to the health of individuals and communities, and how to build the kinds of friendships that can lead to longer and happier lives. Another 120 conversations with women help map the differences in what men and women seek from friendships and what, if anything, men can learn from women's relationships. The guiding feature of the book is Greif's typology of male friendships: he dispels the myth that men don't have friends, showing that men have must, trust, just, and rust friends. A must friend is the best friend a man absolutely must call with earthshaking news. A trust friend is liked and trusted but not necessarily held as close as a must friend. Just friends are casual acquaintances, while rust friends have a long history together and can drift in and out of each other's lives, essentially picking up where they last left off. Understanding the role each of these types of friends play across men's lives reveals fascinating developmental patterns, such as how men cope with stress and conflict and how they make and maintain friendships, and how their friends keep them active and happy. Through the lively words of men themselves, and detailed profiles of men from their twenties to their nineties, readers may be surprised to find what friendships offer men--as well as their families and communities--and are sure to learn what makes their own relationships tick.

Encyclopaedia of Religion and Ethics James Hastings, John Alexander Selbie, Louis Herbert Gray, 1914

Semiotics of Friendship Claus Emmeche, 2025-01-27 A friend should be able to be an attentive listener, which made

semiotician Roland Barthes wonder in his intriguing dictionary of love, cannot friendship be defined as a space with total sonority?. This volume takes on the encyclopedic task - in the sense of Umberto Eco, where an encyclopedia is a very complex sign - to explore friendship in detail, not only as a form of love but in all its complexity as a bond that connects people and forms communities. Semiotics, the study of signs and meaning-making, is used alongside insights from a wide range of friendship studies to create a far-reaching intellectual resonance, or sonority, around friendship as a central human experience. As a study of the significance of friendship, it presents findings from friendship research across the globe, enabling new ways of thinking about friends. It includes: key concepts from semiotics, sociology, anthropology, and other fields, briefly explained major models of friendship from antiquity to contemporary societies proverbs and sayings about friendship from Africa, America, Asia, and Europe stories about famous or forgotten friends from mythology, fiction, and real history summaries of research on friendship from selected academic disciplines bibliographical references for further studies

Economies of Early Modern Drama Anne Enderwitz, 2023-09-29 This book provides new insights into how theatre responded to changing economic practices and structures. It reviews discourses on household management and commerce to create a rich context for the discussion of socio-economic actions and transactions in Macbeth, Othello, and Timon of Athens, as well as in city comedies by Ben Jonson and Thomas Middleton. By approaching discourses on economy and commerce as complementary, the book opens up a diverse field of socio-economic practices, including the gendered division of duties in the household, new modes of valuation, and evolving credit instruments. Theatre provides unique access to this field. In contrast to practical and policy-oriented discourses, it addresses socio-economic change and its vicissitudes in a spirit of experimentation, testing the ethical limits of socio-economic action and accustoming audiences to the demands of a changing socio-economic reality. Theatre thus offers a vital contribution to the prehistory of political economy. On the London stages, self-interest emerges as a key motive of socio-economic action, and theatre playfully explores its ambiguous status as a partly rational and partly excessive force that has a new ordering function but also creates social conflict. At the same time, by staging the contradictory demands of ethics and efficiency in economic decision-making, early modern plays offer access to a changing understanding of prudence that has a Machiavellian touch: by aligning with the pursuit of private interest, prudence sheds some of its ethical content and becomes foremost an instrumental faculty.
