Mystical Origins of the Tarot Paul Huson, 2004-05-26 A profusely illustrated history of the occult nature of the tarot from its origins in ancient Persia • Thoroughly examines the original historical source for each tarot card and how the cards' divinatory meanings evolved from these symbols • Provides authentic 18th- and 19th-century spreads and divination techniques • Reveals the divinatory meanings of the cards as understood by diviners in the Middle Ages and Renaissance The origins of the tarot have been lost in the mists of time. Most scholars have guessed that its origins were in China, Egypt, or India. In *Mystical Origins of the Tarot*, Paul Huson has expertly tracked each symbol of the Minor Arcana to roots in ancient Persia and the Major Arcana Trump card images to the medieval world of mystery, miracle, and morality plays. A number of tarot historians have questioned the use of the tarot as a divination tool prior to the 18th century. But the author demonstrates that the symbolic meanings of the Major Arcana were evident from the time they were first employed in the mid-15th century in the popular divination practice of sortilege. He also reveals how the identities of the court cards in the Minor Arcana were derived from a blend of pagan and medieval sources that strongly influenced their interpretation in tarot divination. *Mystical Origins of the Tarot* provides a thorough examination of the original historical source for each card and how the cards' divinatory meanings evolved from these symbols. Huson also provides concise and practical card-reading methods designed by the cartomancers of the 18th and 19th centuries and reveals the origins of the card interpretations promoted by the Hermetic Order of the Golden Dawn and A. E. Waite.

The Chronicles of T.A.R.O.T Keera Ashton,2018-01-15 When Dan Currya psychologist, astrologist, and doctorand detectives Frank Incontro and Malcolm Cleary enter into Kimille Tamras 3-D virtual reality worlds, they begin investigating

Dans clients and their astrology and numerology and their past lives charts for their malefic and debilitated planets and lifes purposes. This is because theres a murderer out there in Los Angeles and some of Dans clients are also authors having used Kimille Tamras ghost writing services, so their astrology charts and numerology charts are under investigation for their lifes purpose incarnation and past-lives incarnation, which may shed some light and may reveal the murderer at the same time. Frank admires Kimilles expensive glitter ball trophy taste with neutral shades of coffee and marshmallow soft creams, sophisticated grays, and silver with spills of gold into the shiny-copper grandeur palette bouncing off each other with light and bright, sparkling interior designs of spots-and-stripes decoration in her plush office thats so clean and fresh, like a glam New York store. Kimille, being the show boat grandstander, sees that Franks impressed. First you gotta dazzle em, she says. Frank smiles, liking her humor, and he starts to flick through Kimille Tamras portfolio catalogue of manuscripts and plots and synopses displayed on the glass table for her clients to browse through. The portfolio gives Kimilles clients an idea of the type of story they want to publish, and they have an option to view their choice on a book-to-screen 3-D virtual reality disc as the author. Kimille reveals to Frank that shes a devil. After Frank enters into the book-to-screen 3-D virtual reality, he investigates many astrology murder charts and experiences many different time travels, flying around the planets in space and through the portals leading into other worlds, making friends along the way with different species, falling in love, and weaving in and out of portals and different past lifetimes and force fields. He experiences different realities and body vessels, not all of which are human but of another species, and when it finishes, he does not want to lose the love he found as their characters, Colin and Lauren, in their 3-D virtual reality to end. And being so bedazzled and wowed by Kimille, an expert businesswoman, in her field, he plucks up the courage to ask Kimille out for a date.

The Way Back to Paradise Joseph M. Felser,2005-01-05 Paradise is not the state of being in harmony, but the process of

harmonizing. It is not a garden of bliss, but the bliss of gardening. Paradise is about mending the self, restoring the balance, getting back into tune, bringing all our discarded and forgotten parts into the whole. That means paying attention to and honoring synchronicities, precognitive dreams, telepathic communications, visions--and all manner of experiences of psychic sensitivity. Philosophy professor Joe Felser realized that what he calls the decrepit, decaying cultural ideologies, in exclusively favoring reason and logic, were excluding the equally real world of magic and psychic activities. He began to investigate, and the closer he looked, the more he found. But he wasn't ready to abandon the world of reason and logic. Instead, he wanted to see if he could find a way to blend the two. He did. The result is this book. In *The Way Back to Paradise*, Felser takes you through his day, showing what everyday life looks like when you live that blend. His stories, both magical and reasonable, point the way toward a new kind of paradise, one suited to the 21st century.
