Tin God (Delta Crossroads #1) Stacy Green, For readers who love Lisa Gardner, Lisa Jackson, and Allison Brennan. A FREE Romantic Thriller! The truth can be as deadly as any weapon. Jaymee Ballard trusted only one person in Roselea, Mississippi with the secret of her lost daughter. When that person is brutally murdered, it leaves her with heartbreak and a slew of unanswered questions. The eerie similarity to a murder of one of Jaymee's close friends years ago causes her to realize her past has come back to haunt her and may cost her own life. Years of deception and abuse leave Jaymee with few options and fewer allies. She turns to the widower of her friend--a man struggling with his own demons--to help her find her daughter and identify the killer before he strikes again. Before all evidence, the truth--and Jaymee's daughter--are lost. TIN GOD is a romantic thriller set in a small town. Filled with pulse-pounding suspense and featuring a strong female protagonist, this mystery leaves the reader wanting more!

The Mind of God Riaan Engelbrecht, 2023-01-26 The greatest commandment in Matthew 22: 36 is to love the Lord our God with all our heart, with all our soul, and with all our mind.' We must love God WITH ALL OUR MINDS. It is a commandment. Not part of it. Not proportionally. In totality. We must be consumed by a love for God, for He must be our first love. Our mind must be connected and united with God in the morning, in the afternoon, in the evening, yes every second of the day! Our hearts must yearn for God, for God is glorious and wonderful. God is jealous of our love. He wants our minds to think of Him ALL THE TIME. He wants our affection, attention and devotion. There is nothing greater for your mind to THINK of God and His Word. Only when our minds yield to God, can we seek a path of purity, joy, peace, and love. For God calls our mind to be in sync with His mind. Do you know the mind of God? For His mind speaks of wisdom, divine knowledge, love, of beauty and majesty. God calls for a pure mind, a good mind, and a mind that seeks the light.

Music and the Generosity of God Gerald C. Liu, 2017-11-16 What if sounds everywhere lavish divine generosity? Merging insights from Jean-Luc Marion with musical ingenuity from Pierre Boulez and John Cage's 4'33", Gerald C. Liu blends the phenomenological, theological, and musical to formulate a hypothesis that in all places, soundscapes instantiate divine giving without boundary. He aims to widen apprehension of holiness in the world, and privileges the ubiquity of sound as a limitless and easily accessible portal for discovering the inexhaustible magnitude of divine giving.

Victory (eBook) Elza Meyer,2009-06-15 For some people the Bible is filled with images and historical events that don't seem to be relevant or applicable to our day and age. In VICTORY Elza Meyer shows that the exact opposite is in fact true. In this book the author emphasizes certain timeless biblical concepts and shows how these age-old truths affect modern-day believers. Based on a vision she had one night, she urges believers to take the Bible, and the God of the Bible, seriously. Only then can they expect to be abundantly blessed. VICTORY encourages believers to look to the God of the universe and to live according to His values. Then they will triumph over the red horse of war, the black horse of famine, and the pale horse of death (Rev. 6:1-8).

American Ecclesiastical Review Herman Joseph Heuser,1955

To Live in the Spirit Nélida Naveros Córdova, CDP,2018-11-29 To Live in the Spirit: Paul and the Spirit of God brings to light a fresh understanding of the Greek concept πνεῦμα (spirit) in Paul's ethical teaching. Placing Paul and his mixed audience within the Hellenistic Jewish and Greek (philosophical) traditions of the ancient world, this book examines his new message concerning πνεῦμα's primary function in the acquisition of virtues and avoidance of vices. Looking in detail at the various ways in which Paul views πνεῦμα in his seven undisputed letters, Naveros Córdova explores πνεῦμα's development from Paul's initial ethical reflections in his early letters to a more mature view in his later letters. Naveros Córdova argues that it is within these traditions, represented by major Hellenistic Jewish and Greco-Roman writers, that Paul construes the framework of his ethical teaching. Paul finds in the power of God's πνεῦμα a new ethical alternative for his mixed audience to living lives pleasing to God outside the observance of the Mosaic Law. Naveros Córdova demonstrates how Paul draws upon Platonic (immaterial πνεῦμα) and Stoic (material πνεῦμα) language that would have been familiar to his hearers in the early Christian communities to create a persuasive understanding of ethical performance and to show that the moral life of the believers springs from that πνεῦμα received from God. In his efforts to highlight πνεῦμα's central role in his ethics, Paul moves beyond both traditions by describing the "Christification" of πνεῦμα not only in Stoic terms, but also in Middle Platonic categories of the first century CE.

THE BOOK OF IMAGES Alias,2023-07-25 The Book of Images highlights dreaming as the major avenue of communication between supernatural beings and man. This book demonstrates that the supernatural realm controls the physical realm and yearns to reveal hidden secrets and connect with mortal man "Surely the Lord God does nothing without revealing His secret plan to His servants the prophets...Amos 3:7 AMP" From Larry Page the inventor of Google, to Albert Einstein's Theory of Relativity to Elias Howe and the humble sewing machine, some of the world's most celebrated inventions have come from eureka inspiration in mid-sleep. As the world counts down to an inevitable end, God is still in the business of

revealing new inventions, unique ideas and great events that will shape the final days and help people around the world live longer, healthier and more-productive lives. The Book of Images can be likened to a dreamer's dictionary where the author interprets the meaning of vast images, symbols, figures, names and events one might encounter while dreaming. This book is intended to help dreamers understand the significance of dreaming and explain simple dreaming terminology to unlock the basic universal meaning of dream languages that will help to unravel the significance of their dreams. Although there are no universally acceptable interpretations for all dreams due to socio-cultural differences, this book will assist any reader to develop a healthy attitude towards dreaming and understand the meaning of their dreams.

How to Know God Exists Josh D. McDowell, Thomas Williams, 2022-11 Three questions are etched into everyone's subconscious: Who am I? Why am I here? Where am I going? Josh McDowell and Thomas Williams team up to show why nothing short of God answers these questions. But the problem is that in today's secularized culture, God has largely been banished. How to Know God Exists explores in depth solid reasons for believing in God and restoring him to his rightful place in our lives. Josh McDowell is widely known for his powerful defenses of God based on historical and biblical evidences. In this book he and Thomas take a new direction and present often-unexplored but formidable evidences based on sheer reason, observable reality, and solid science. They show that belief in God is not the blind, unthinking, and intellectually indefensible fancy today's secularism makes it out to be. How to Know God Exists will: Offer rational defenses for the existence of God, truth, morality, meaning, and reason Open vistas of beauty and joy denied to readers by the sterility of secularism Use reason, logic, experience, and common sense to show that God offers the truth required to make sense of reality and bring meaning and joy to life By reason and common sense, How to Know God Exists shows that meaning itself is rooted in the existence of God.

Divine Control, Human Contingencies and the Problem of Evil Aku Stephen Antombikums, 2025-06-11 This book investigates whether open theism provides a clear and viable response to the problem of evil. To better understand open theism, classical theism, Molinism and process theism are also considered. Responses to the problem of evil have traditionally revolved around God's goodness, justice and power. By contrast, this book argues that in order to resolve or better understand the tension between divine sovereignty and human freedom, the attributes of God have to be understood as a set. Starting from this basis, the book examines divine immutability, eternity, aseity, omniscience, omnipotence, love, and creation in order to make sense of the problem of evil. The nature of human freedom is also explored. *Divine Control, Human Contingencies and the Problem of Evil* is essential reading for all scholars and researchers of the philosophy of

religion especially those focusing on the problem of evil.

A Way of Life: For the Third Millennium Ray Simpson,2024-02-02 False ways litter the world. Even the great religions have become prisoners of colonial frameworks or of a selfishness that betrays their essence. As a result, our planet faces climate catastrophes, nuclear holocausts, and internet surveillance that makes us prisoners of unseen predators. There is a Way, however, whose time has come. It is ingrained in the psyche of humanity. It resonates with Perennial Wisdom, with Chinese who understand it as Tao, with the Buddhist Eightfold Path, the Five Pillars of Islam, indigenous peoples whose insights have been summarised as The Harmony Way, and above all with Jesus who declared 'I AM the Way' (John 14:6) and whose first disciples were known as 'followers of The Way', based on Jesus' Beatitudes (Matthew 5-7). Whereas traditional monasticism restricted its vows to celibates cut off from the world, new Monasticism makes vows rooted in the Beatitudes accessible to everyone. One reason Benedictinism survived through the second millennium is because its founder wrote a detailed commentary on its rule. Here the founding guardian of a new monastic community writes a commentary on its Way of Life which he has reflected on daily for over a generation - and which promises to flourish through the third millennium.

A Stranger's House Bret Lott,2011-11-15 For a long time, Claire and Tom Templeton have wished in vain for a child. What they have instead is a house, a charming old Cape that is their consolation. In the gray chill of a Massachusetts autumn, the Templetons and two local handymen, loners and eccentrics, work to rebuild the ramshackle home. As the house takes on a new life, Claire begins to understand its tangled history -- and to reconcile her own past and renew her hope for the future.
