Bright Young Women Jessica Knoll, 2023-09-19 January 1978. Tallahassee. When sorority president Pamela Schumacher is startled awake at 3 a.m. by a strange sound, she's shocked to encounter a scene of implausible violence - two of her friends dead and two others, maimed

Women Scientists in America Margaret W. Rossiter, 1998-09-29 Winner of the Pfizer Award for Outstanding Book in the History of Science Margaret Rossiter's widely hailed *Women Scientists in America: Struggles and Strategies to 1940* marked the beginning of a pioneering effort to interpret the history of American women scientists. That effort continues in this provocative sequel that covers the crucial years of World War II and beyond. Rossiter begins by showing how the acute labor shortage brought on by the war seemed to hold out new hope for women professionals, especially in the sciences. But the public posture of welcoming women into the scientific professions masked a deep-seated opposition to change. Rossiter proves that despite frustrating obstacles created by the patriarchal structure and values of universities, government, and industry, women scientists made genuine contributions to their fields, grew in professional stature, and laid the foundation for the breakthroughs that followed 1972.

Bright Young Women Jessica Knoll, 2023-11 January 15, 1978, is a night of promise, excitement, and desire. A serial killer's murderous spree in the Pacific Northwest couldn't be further from the minds of the vibrant young women at the top sorority on Florida State University's campus in Tallahassee.

Sexism in the City James Taylor, 2025-02-20 *Sexism in the City* is the first book to trace the history of women stockbrokers in the United Kingdom from the late nineteenth to the late twentieth centuries. Forgotten pioneers, these businesswomen fought against the odds to establish successful brokerages across the country and in the process, challenged society's beliefs about women and money. The book also tells the story of how the nation's stock exchanges denied them membership for generations, mobilizing increasingly desperate arguments to try to justify their exclusion, until women finally won the right to join the London Stock Exchange in 1973. Though historians have recently reassessed women's role in the development of capitalism, highlighting their roles as investors and entrepreneurs, they have assumed that because women were not members of stock exchanges, they were not active as financial intermediaries until modern times. By spotlighting the lives and careers of women who worked as stockbrokers outside male-monopolized institutions, this book reframes the

historical development of finance in several ways. It highlights the extent to which the seemingly gender-neutral institutions and practices of finance were, in fact, based on gendered ideologies and exclusions. It argues that focusing on institutions only reveals part of the financial ecosystem, meaning that we miss what was happening outside the formal market. And it challenges London-centric interpretations of financial history, asking questions about the financial cultures existing outside the metropolis. If we look beyond the official exchanges--and beyond London--a more diverse financial environment comes into view. The history uncovered in *Sexism in the City* also helps to address problems with financial culture in the twenty-first century. Current reform initiatives are unlikely to succeed unless they acknowledge that for hundreds of years, professional identities and institutional structures in finance have been based on the denigration and marginalization of women. Acknowledging the efforts of those female stockbrokers who challenged misogynistic beliefs and defied men's monopoly of high finance by forging their own careers is the first step towards imagining a different kind of market.

Seeking Imperfection Evan M. Dolive, 2015-07-31 In March 2013, after seeing an advertising campaign for Victoria's Secret that was targeted especially to younger female demographics and much too sexy, Evan Dolive, a concerned father and ordained minister, wrote an open letter calling for Victoria's Secret and other companies to view girls as human beings, not objects. What happened next was truly amazing. His letter hit a nerve. It was viewed numerous times—3.9 million times to be exact—and Dolive was interviewed by national news publications and appeared on CNN and Headline News. Dolive didn't want his 15 minutes to be in vain. So he turned it into a labor of love—*Seeking Imperfection*,—a book that's grounded in biblical insights, stories, reflection questions, and prayers for anyone who believes in empowering children to grow up to value themselves for who they are.

The Lost Girls D. J. Taylor, 2020-02-04 The Booker Prize-nominated author of *Derby Day* delivers a sumptuous cultural history as seen through the lives of four enigmatic women. Who were the Lost Girls? Chic, glamorous, and bohemian, as likely to be found living in a rat-haunted maisonette as dining at the Ritz, Lys Lubbock, Sonia Brownell, Barbara Skelton, and Janetta Parlade cut a swath through English literary and artistic life at the height of World War II. Three of them had affairs with Lucian Freud. One of them married George Orwell. Another became the mistress of the King of Egypt. They had very different—and sometimes explosive—personalities, but taken together they form a distinctive part of the wartime demographic: bright, beautiful, independent-minded women with tough upbringings who were determined to make the most of their lives in a chaotic time. Ranging from Bloomsbury and Soho to Cairo and the couture studios of Schiaparelli and Hartnell, the Lost Girls would inspire the work of George Orwell, Evelyn Waugh, Anthony Powell, and Nancy Mitford. They are the missing link between the Lost Generation and Bright Young People and the Dionysiac cultural revolution of the 1960s. Sweeping, passionate, and unexpectedly poignant, this is their untold story.

Searching for Beauty Cherie Burns, 2024-07-02 A fascinating portrait of the Standard Oil heiress and legendary American

trendsetter Millicent Rogers. A page-turning tale of a society rebel. —Meryl Gordon, author of *Mrs. Astor Regrets* Nobody knew how to live the high life like Standard Oil heiress Millicent Rogers. Born into luxury, she lived in a whirl of beautiful homes, European vacations, exquisite clothing, and handsome men. In *Searching for Beauty*, Cherie Burns chronicles Rogers's glittering life from her days as a young girl afflicted with rheumatic fever to her moment as a glittering debutante, through her years as an American aristocrat abroad, and ending with her final days as one of the legendary chatelaines of Taos, New Mexico. A rebellious icon of the age, she eloped with a penniless baron; danced tangos in European nightclubs; divorced, remarried, and romanced, among other, the writer Roald Dahl, Secretary of Defense James Forrestal, and Hollywood icon Clark Gable. Her romantic conquests, though, paled in comparison to her triumph in the world of fashion where her unerring sense of style and her ability to mix the high with the low brought her to the attention of the fashionistas of the day. She became the muse to legendary American designer Charles James, appeared in *Vogue* and *Harper's Bazaar*, and popularized Southwestern style by adopting turquoise jewelry, squaw skirts, and short-waist jackets as her signature look. With *Searching for Beauty*, Millicent Rogers enters the pantheon of great American women who, like Diana Vreeland and Babe Paley, put their distinctive stamp on American style. A glittering tale of . . . one of the most glamorous women of the twentieth century. Anyone who is interested in the annals of high society will be fascinated with this book. . . . An intimate and deeply personal view of Millicent Rogers, her family and her unending search for love and beauty. —Adam Lewis, author of *The Great Lady Decorators*, Billy Baldwin, Albert Hadley, and Van Day Truex

Revolutionizing Women's Education at the University of Oxford Dennis A. Ahlburg, 2024-11-26 This book delves into the impacts and consequences of the policy of co-residence at the University of Oxford, investigating why and how women were kept at the periphery of the university and how Oxford responded to the growing demand for women's higher education. The book further examines how the admittance of women into men's colleges and vice versa ultimately shaped the identities of both the University and the student population. The author draws upon identity theory to explain the existence and persistence of single-sex colleges at the University, and the theory of social epidemics or cascades is used to explain the rapid embrace of co-residence by the remaining men's colleges after its adoption by the first five men's colleges. In addition, the author uses both quantitative and qualitative approaches to evaluate claims about the impact of co-residence on undergraduate women, women dons, and women's colleges. Unearthing and providing a sustained and in-depth analysis of a quiet, yet revolutionary, undertaking at one of the world's most renowned institutions, it will appeal to scholars, faculty, and upper-level students with interests in gender in education, educational inclusion and diversity, history of education, international education, as well as sociology of education and social theory.

Smart Girls in the 21st Century Barbara Kerr, Ph.D., Robyn McKay, Ph.D., 2020-11-01 Drs. Barbara Kerr and Robyn McKay tackle what it means to live with, work with, and be a modern smart girl. Through their keen insights and academic

research of real girls and women, they offer valuable information and advice on giftedness, achievement, self-actualization, and more. They examine bright girls' development, types of intelligence, differences in generations, eminent women, barriers to achievement, education & growing talent, adolescence & college, gifted minority girls & women, twice-exceptionalism, and career guidance.

What About the Baby? Alice McDermott, 2021-08-17 A collection of essays, lectures, and observations on the art of writing fiction from Alice McDermott, winner of the National Book Award and unmatched virtuoso of language and image (Rebecca Steinitz, *The Boston Globe*) *What About the Baby?* Some Thoughts on the Art of Fiction gathers the bestselling novelist Alice McDermott's pithiest wisdom about her chosen art, acquired over a lifetime as an acclaimed writer and teacher of writing. From technical advice ("check that your verbs aren't burdened by unnecessary hads and woulds") to setting the bar ("I expect the fiction I read to carry with it the conviction that it is written with no other incentive than that it must be written"), from the demands of readers ("they'd been given a story with a baby in it, and they damn well wanted that baby accounted for") to the foibles of public life ("I've never subscribed to the notion that a film adaptation is the final imprimatur for a work of fiction, despite how often I've been told by encouraging friends and strangers, 'Maybe they'll make a movie of your novel,' as if I'd been aiming for a screenplay all along but somehow missed the mark and wrote a novel by mistake"), McDermott muses trenchantly and delightfully about the craft of fiction. She also serves throughout as the artful conductor of a literary chorus, quoting generously from the work of other great writers (including Tolstoy, Shakespeare, Nabokov, Morrison, and Woolf), beautifully joining her voice with theirs. These stories of lessons learned and books read, and of the terrors and the joys of what she calls "this mad pursuit," form a rich and valuable sourcebook for readers and writers alike: a deeply charming meditation on the unique gift that is literature.

Cast a Cold Eye Alan Ryan, 2016-06-07 Jack Quinlan, an American writer, travels to a small village in the remote western part of Ireland to research a book on the Irish Famine. The quiet, picturesque village seems just the place to spend a few months writing, but beneath its placid exterior lurk dark secrets. Why do the locals behave so strangely? What is Father Henning, the enigmatic parish priest, hiding? And what is the meaning of the strange ritual Jack observes in the cemetery? The search for answers will lead him to the terrifying discovery that the ghosts of the past linger on in the present, and they cry out for blood ... An atmospheric, haunting ghost story, *Cast a Cold Eye* (1984) is a slow burn horror novel that will keep readers in suspense until its chilling conclusion.

The Second Red Scare and the Unmaking of the New Deal Left Landon R.Y. Storrs, 2013 The loyalty investigations triggered by the Red Scare of the 1940s and 1950s marginalised many talented women and men who had entered government service during the Great Depression seeking to promote social democracy as a means to economic reform. Their influence over New Deal policymaking and their alliances with progressive labour and consumer movements elicited a

powerful reaction from conservatives, who accused them of being subversives. Landon Storrs draws on newly declassified records of the federal employee loyalty program--created in response to fears that Communists were infiltrating the U.S. government--to reveal how disloyalty charges were used to silence these New Dealers and discredit their policies. Because loyalty investigators rarely distinguished between Communists and other leftists, many noncommunist leftists were forced to leave government or deny their political views. Storrs finds that loyalty defendants were more numerous at higher ranks of the civil service than previously thought, and that many were women, or men with accomplished leftist wives. Uncovering a forceful left-feminist presence in the New Deal, she shows how opponents on the Right exploited popular hostility to powerful women and their effeminate spouses. The loyalty program not only destroyed many promising careers, it prohibited discussion of social democratic policy ideas in government circles, narrowing the scope of political discourse to this day. Through a gripping narrative based on remarkable new sources, Storrs demonstrates how the Second Red Scare undermined the reform potential of the New Deal and crippled the American welfare state.--Jacket.

American Law in the Twentieth Century Lawrence M. Friedman, 2008-10-01 In this long-awaited successor to his landmark work *A History of American Law*, Lawrence M. Friedman offers a monumental history of American law in the twentieth century. The first general history of its kind, *American Law in the Twentieth Century* describes the explosion of law over the past century into almost every aspect of American life. Since 1900 the center of legal gravity in the United States has shifted from the state to the federal government, with the creation of agencies and programs ranging from Social Security to the Securities Exchange Commission to the Food and Drug Administration. Major demographic changes have spurred legal developments in such areas as family law and immigration law. Dramatic advances in technology have placed new demands on the legal system in fields ranging from automobile regulation to intellectual property. Throughout the book, Friedman focuses on the social context of American law. He explores the extent to which transformations in the legal order have resulted from the social upheavals of the twentieth century--including two world wars, the Great Depression, the civil rights movement, and the sexual revolution. Friedman also discusses the international context of American law: what has the American legal system drawn from other countries? And in an age of global dominance, what impact has the American legal system had abroad? Written by one of our most eminent legal historians, this engrossing book chronicles a century of revolutionary change within a legal system that has come to affect us all.

'We Ain't Got No Drink, Pa': Part 3 Hilda Kemp, Cathryn Kemp, 2015-02-26 We Ain't Got No Drink, Pa can either be read as full-length eBook or in 3 serialised eBook-only parts. This is PART 3 OF 3. 'We ain't got no drink, Pa.' I trembled as I spoke. Then somewhere inside me I found the anger, the courage to answer him back. 'We don't have no grog cos you drank it all!' I knew he was going for me tonight, so I reckoned I might as well go down fighting after all. Growing up in the slums of 1920s and 30s Bermondsey, Hilda Kemp's childhood was one of chaos and fear. Every day was battleground, a fight to survive and a fight to be safe. For Hilda knew what it was to grow up in desperate poverty: to have to scratch around for a penny to buy bread; to feel the seeping cold of a foggy docklands night with only a thin blanket to cover her; to share her filthy mattress with her brothers and sisters, fighting for space while huddling to keep warm. She knew what it was to feel hunger - not the impatient growl of a tummy that has missed a meal; proper hunger, the type that aches in your soul as much as your belly. The eldest of five children, Hilda was the daughter of a hard drinker and hard hitter as well. A casual dockworker by day, a bare-knuckle fighter by night and a lousy drunk to boot, her pa honed his fists down the Old Kent Road and Blackfriars, and it was Hilda or her ma who bore the brunt of them at home. This is the powerful and moving memoir of Hilda's childhood growing up in dark, filthy, crime-ridden Bermondsey; a place where you knew your neighbours, where you kept your eyes down and your ears shut as defence against the gangs at war in the streets. It's a time when days were spent running wild down the docklands, jumping onto barges and stealing coal, racing through the dank back-streets of east London like water rats, dodging the milk cart or the rag-and-bone man. And out of this bleak landscape emerges a brave, resilient young girl whose life is a testament to the power of love and good humour. Moving, dazzling and sombre by turns, once opened this brilliant, seductive book will not let you rest.

Women Administrators in Higher Education Jana Nidiffer, Carolyn Terry Bashaw, 2001-01-04 In this book Jana Nidiffer and Carolyn Terry Bashaw fill in the pieces of the story of the history of women in higher education as well as tackle

contemporary topics such as the controversies surrounding women's education; the contributions of women religious and lay presidents and their use of power; the relationship of emergent leadership theory to women; the growth and development of deans of women; the role of women's professional organizations; and quandaries of provosts, physical educators, and student affairs professionals. The book illustrates the tenacious spirit and hard work of women administrators in their struggles to enhance opportunities for women on college campuses. Contributors include R. Vivian Acosta, Carolyn Terry Bashaw, Cynthia Farr Brown, Linda Jean Carpenter, Candace Introcaso, Susan R. Jones, Susan R. Komives, Sharon A. McDade, Jana Nidiffer, Joan Paul, and Karen Doyle Walton.

Reclaiming the F Word Doctor Kristin Aune, Catherine Redfern, 2013-06-13 Feminism is so last century. Surely in today's world the idea is irrelevant and unfashionable? Wrong. Since the turn of the millennium a revitalised feminist movement has emerged to challenge these assumptions. Based on a survey of over a thousand feminists, *Reclaiming the F Word* reveals the what, why and how of today's feminism, from cosmetic surgery to celebrity culture, from sex to singleness and now, in this new edition, the gendered effects of possibly the worst economic crisis ever. This is a generation-defining book demanding nothing less than freedom and equality, for all.

Murder in the Devil's Half Acre Rose Pascoe, 2022-06-01 Penrose and Pyke go together like fire and kerosene in this Victorian-era mystery with heart. Trouble's brewing in the Devil's Half Acre. A death in an alleyway, a tragic accident in a factory, rumours of a murderer loose on the streets. It's enough to give a genteel lady a fit of the vapours. Fortunately, Grace Penrose isn't one to swoon at the sight of blood. All she wants is the chance to become the first woman doctor in the colony. Instead, she is plunged into the harsh reality of the city's worst sweatshop, where tensions are running as hot as a steam engine. When the police prove reluctant to investigate the deaths, she turns to a constable who is already up to his neck in trouble. As the clock ticks, Grace Penrose and Constable Charlie Pyke must figure out which deaths are accidents and which are murders, because the next victim might well be one of their own. The 'Penrose & Pyke Mysteries' are a series of heart-warming, pulse-racing historical mysteries, set during a remarkable period of social upheaval in 1890s New Zealand. The fight for women's rights has never been such deadly fun.
