In the Shelter Pádraig Ó Tuama, 2021-03-23 From master storyteller and host of *On Being's* *Poetry Unbound*, Pádraig Ó Tuama, comes an unforgettable memoir of peace and reconciliation, Celtic spirituality, belonging, and sexual identity. It is in the shelter of each other that the people live. Drawing on this Irish saying, Ó Tuama relates ideas of shelter and welcome to our journeys of life, using poetry, story, biblical reflection, and prose to open up gentle ways of living well in a troubled world. In *the Shelter* introduces Corrymeela, the Northern Ireland peace and reconciliation community Ó Tuama led for many years, and throughout the book he reveals the power of storytelling in communities of conflict. From the heart of a poet comes a profound look at the landscapes we all try to inhabit even as we always search for shelter, a place we can call home. An instant spiritual classic in Ireland and Britain, now brought to a US readership.

The Philosopher King Heath Carpenter,2019-06-01 Texas-born T Bone Burnett is an award-winning musician, songwriter, and producer with over forty years of experience in the entertainment industry. In The Philosopher King, Heath Carpenter evaluates and positions Burnett as a major cultural catalyst by grounding his work, and that of others abiding by a similar roots ethic, in the American South. Carpenter examines select artistic productions created by Burnett to understand what they communicate about the South and southern identity. He also extends his analysis to artists, producers, and cultural tastemakers who operate by an ethic and aesthetic similar to Burnett's, examining the interests behind the

preservationist/heritage movement in contemporary roots music and how this community contributes to ongoing conversations regarding modern southern identity. The Philosopher King explores these artistic connections, the culture in which they reside, and most specifically the role T Bone Burnett plays in a contemporary cultural movement that seeks to represent a traditional American music ethos in distinctly Southern terms. Carpenter looks at films, songs, soundtracks, studio albums, fashion, and performances, each loaded with symbols, archetypes, and themes that illuminate the intersection between past and present issues of identity. By weaving together ethnographic interviews with cultural analysis, Carpenter investigates how relevant social issues are being negotiated, how complicated discussions of history, tradition, and heritage feed the ethic, and how the American South as a perceived distinct region factors into the equation.

Gobsmacked! Ben Yagoda, 2024-09-24 By the author of the blog Not One-Off Britishisms (NOOB), an account of when, how, and why various British terms and phrases have become part of contemporary American English. Critics and lexicographers have long noted the many differences between British and American English, and British writers and critics

have complained about the invasion of Americanisms since at least the 1700s. More recently, however, a large number of words and phrases once thought to be strictly British English have worked their way into mainstream American writing and speech. Since 2011, Ben Yagoda has maintained a blog, Not One-Off Britishisms, in which he tracks, defines, and discusses British terms and phrases that have entered the American lexicon. In this short, entertaining book he collects his findings, charts the changes, and explores why certain UK expressions have taken hold in the US, sometimes even when a serviceable American equivalent exists. Chapters cover historical NOOBs, military slang, the top 40 NOOBs, insults, sport, food and drink, and faux NOOBs, along with notes on grammar, syntax, and pronunciation. See draft MS in the DAM--

The Brothers Grim Erica Rowell, 2007 In 1984 Joel and Ethan Coen burst onto the art-house film scene with their neo-noir *Blood Simple* and ever since then they have sharpened the cutting edge of independent film. Blending black humor and violence with unconventional narrative twists, their acclaimed movies evoke highly charged worlds of passion, absurdity, nightmare realms, and petty human failures, all the while revealing the filmmakers' penchant for visual jokes and bravura technical strokes. Their central characters may be blind to reality and individual flaws, but their illusions, dreams, fears, and desires map the boundaries of their worlds--worlds made stunningly memorable by the Coens. In *The Brothers Grim: The Films of Ethan and Joel Coen*, Erica Rowell unmasks the filmmakers as prankster mythmakers exploiting and subverting universal storytelling modes to further what seems to be their artistic agenda: to elicit laughs. Often employing satire and allegory, the Coens' movies hold a mirror up to American society, allowing viewers to both chuckle and gasp at its absurdities, hypocrisies, and foibles. From business partnerships (*Blood Simple*, *The Ladykillers*) to marriage (*Intolerable Cruelty*) to friendship and ethics (*Miller's Crossing*), the breakdowns of relationships are a steady focus in their work. Often the Coens' satires put broken social institutions in their cinematic crosshairs, exposing cracks in ineffective penal systems (*Raising Arizona*; *O Brother, Where Art Thou?*), unjust justice systems (*The Man Who Wasn't There*), a crooked corporate America (*The Hudsucker Proxy*), unnecessary wars (*The Big Lebowski*), a tyrannical Hollywood (*Barton Fink*), and the unbridled, fatuous pursuit of the American Dream (*Fargo*). While audiences may be excused for missing the duo's social commentary, the depth and breadth of the brothers' films bespeak an intelligence and cultural acuity that is rich, highly topical, and hard to pigeonhole.

Please Pass the Biscuits, Pappy Bill Crawford, 2013-10-11 Long before movie stars Ronald Reagan and Arnold Schwarzenegger became governors of California, a popular radio personality with no previous political experience—who wasn't even registered to vote—swept into the governor's office of Texas. W. Lee Pappy O'Daniel was a 1930s businessman who discovered the power of radio to sell flour. His musical shows with the Light Crust Doughboys (which launched the career of Bob Wills) and his radio homilies extolling family and Christian values found a vast, enthusiastic audience in Depression-era Texas. When Pappy decided to run for governor in 1938 as a way to sell more flour—a fact he proudly

proclaimed throughout the campaign—the people of Texas voted for him in record numbers. And despite the ineptitude for politics he displayed once in office, Texans returned him to the governorship in 1940 and then elected him to the U.S. Senate in 1941 in a special election in which he defeated Lyndon Johnson, as well as to a full term as senator in 1942. While the hit film *O Brother, Where Art Thou?* celebrated a fictional Please Pass the Biscuits, Pappy O'Daniel, this book captures the essence of the real man through photographs taken by employees of the Texas Department of Public Safety, most of which are previously unpublished. Reminiscent of the work of WPA photographers such as Russell Lee and Dorothea Lange, these photos record the last unscripted era of politics when a charismatic candidate could still address a crowd from an unpainted front porch or a mobile bandstand in the back of a truck. They strikingly confirm that Pappy O'Daniel's ability to connect with people was as great in person as on the radio. To set the photos in context, Bill Crawford has written an entertaining text that discusses the political landscape in Texas and the United States in the 1930s, as well as the rise of radio as mass medium for advertising and entertainment. He also provides extensive captions for each picture. John Anderson, Photo Archivist of the Texas State Archives, discusses the work of Joel Tisdale and the other DPS photographers who left this extraordinary record of the greatest vote-getter in Texas history, who became one of America's first celebrities to cross the line from entertainment to political office.

Natural Acts Pamela Fox, 2009 Hillbilly, honky-tonk, Nashville glitz, or alt.country: what makes music authentically country?

Poems for the Funeral Celebrant Richard A. Phipps, 2018-04-26 A funeral is naturally associated with grief, totally focused on the finality of the loss of a loved one or friend. This overwhelming emotion often has a tendency to overshadow who the decedent actually was and the positive impact that individual made on the lives of those attending the ceremony, a community, a work place, a church, or even the world as a whole! The role of the Celebrant is designed to change all that! A Celebrant's goal is to creatively highlight those life impacts through loving, meaningful words, songs, and even dynamic visual displays—to turn tears of grief into tears of joy! Nothing can set the stage for such a celebrative atmosphere more than a poem applicable to or personally descriptive of the one we have lost. Reverend Phipps wrote *Poems for the Funeral Celebrant* to give you, the Celebrant, or any who may face the challenge of leading a funeral/memorial service, a guide and resource from which to help families through this difficult time in their lives.

Rural Rhythm Tony Russell, 2021-02-01 There are many biographies and histories of early country music and its creators, but surprisingly little attention has been given to the actual songs at the heart of these narratives. In this groundbreaking book, music historian Tony Russell turns the spotlight on seventy-eight original 78rpm discs of songs and tunes from the 1920s and 1930s, uncovering the hidden stories of how they came to be recorded, the musicians who sang and played them, the record companies that marketed them, and the listeners who absorbed them. In these essays, based

upon new research, contemporary newspaper accounts, and previously unpublished interviews, and copiously illustrated with rare images, readers will find songs about home and family, love and courtship, crime and punishment, farms and floods, chain gangs and chain stores, journeys and memories, and many other aspects of life in the period. *Rural Rhythm* not only charts the tempos and styles of rural and small-town music-making and the origins of present-day country music, but also traces the larger rhythms of life in the American South, Southwest, and Midwest. What emerges is a narrative that ingeniously blends the musical and social history of the era.

The Sister Knot Terri Apter, 2015-05-27 “The best book on sisters, very important and beautifully written.”—Carol Gilligan, author of *In a Different Voice* This “substantial contribution to the literature on sibling relationships” (*Library Journal*) explores the intricacy, friction, and love in bonds between sisters. Relationships between women are often freighted with a rocky mix of emotions—devotion and disregard, affection and loathing, admiration and envy—leading to anguish and confusion on the playground, in the home, and in the boardroom. Negotiating her layered feelings toward a sister shapes a woman’s psychology as forcefully as do her relationships with her parents. Drawing on compelling interviews and new research, Terri Apter considers the many aspects of the sister relationship from birth through adulthood. The need to fight to differentiate oneself from a sister, as well the protectiveness one feels for that same person, is explained by reference to extensive psychological and biological evidence.

On the Trail of Americana Music Ralph Brookfield, 2021-12-15 Based on numerous interviews with leading musicians and music industry professionals, this book explores the illusive genre and movement that is Americana. From its historical roots in Country, Folk and other rebel music, the story of Americana music is told by those who are taking it in new directions today. With so many music venues closed and incomes reduced, musicians speak of their hopes and fears for the

future of the industry in challenging times. Interviews with: Emily Barker, Yola, Troy Cassar-Daley, Kasey Chambers, Dave Cobb, Paul Kelly, John Murry, Lindi Ortega, Wildwood Kin and many more. ABOUT THE AUTHOR Ralph Brookfield trained as a molecular physicist, worked as a freelance writer and software engineer, ran his own software business then became a director of technology in the digital television industry until 2012. Since then, he has pursued his passions of writing and music which he combines in his songwriting, playing regularly with his band in the Ealing area, the crucible of RnB music in the UK, where he also manages and promotes grassroots music. He is married, has two grown-up children, and is a founder member of the infamous Hanwell Ukulele Group. REVIEWS: "This book is the story of the richest tapestry of music ever found in one country... So join in with the author on this journey of discovery, from coast to coast, from around the world, this wonderful music... this is Americana!" - Pete Clack, Blues in Britain Magazine. "This is a great and informative read for any fan of the world's coolest music genre, Americana." - Nash Chambers, award-winning Music Producer "A deep, inquisitive dive into the Americana story so far. In the best possible way, Ralph Brookfield's roots are showing." -Paul Sexton, Music writer and broadcaster "... it is a volume of varied parts and something of a curate's egg. The chapters on the history and strands of Americana in America make good reading as do the chapters on Ireland, and the role of women. Perhaps not surprisingly the interest in the other chapters diminishes in proportion to the nature and size of the Americana 'scene' found in each country. I did admire his reasoned thoughts on Keith Urban (seemingly someone subject to a degree of derision) and where he sits in the musical cosmos... One real bonus is a huge list of what are called endnotes... Brookfield finishes the book with some brief words on the future, which he sees might take us eventually to the land of Cosmic American Music as described by Gram Parsons. Presently he identifies a retro movement as exemplified by Pokey le Farge. He also recognises Kasey Chambers's work with native Australians, Psychedelic influences, and the work of Gangstagrass and the Alabama 3. Americana remains a very rich stew!" - Gordon Sharpe -Americana-UK.

Warren Zevon George Plasketes, 2016-06-02 Warren Zevon was one of the most original songwriters to emerge from the prolific 1970s Los Angeles music scene. Beyond his most familiar song—the rollicking 1978 hit “Werewolves of London”—Zevon’s smart, often satirical songbook is rich with cinematic, literary, and comic qualities; dark narratives; complex characters; popular culture references; and tender, romantic ballads of parting and longing. *Warren Zevon: Desperado of Los Angeles* is the first book-length, critical exploration of one of popular music’s most talented and tormented antiheroes. George Plasketes provides a comprehensive chronicle of Zevon’s 40-year, 20-record career and his enduring cultural significance. Beginning with Zevon’s classical training and encounters as a youth with composers Robert Craft and Igor Stravinsky, Plasketes surveys Zevon’s initiation into the 1960s through the Everly Brothers, the Turtles, and the film *Midnight Cowboy*. Plasketes then follows Zevon from his debut album with Asylum Records in 1976, produced by mentor Jackson Browne, through his successes and struggles from a Top Ten album to record label limbo during the 1980s, through

a variety of music projects in the 1990s, including soundtracks and scores, culminating with a striking trio of albums in the early 2000s. Despite his reckless lifestyle and personal demons, Zevon made friends and alliances with talk show host David Letterman and such literary figures as Hunter S. Thompson and Carl Hiaasen. It was only after his death in 2003 that Zevon received Grammy recognition for his work. Throughout this book, Plasketes explores the musical, cinematic, and literary influences that shaped Zevon's distinctive style and songwriting themes and continue to make Zevon's work a telling portrait of Los Angeles and American culture.
