365 Days With Self-Discipline Martin Meadows, 2017-12-28 How to Build Self-Discipline and Become More Successful (365 Powerful Thoughts From the World's Brightest Minds) Its lack makes you unable to achieve your goals. Without it, you'll struggle to lose weight, become fit, wake up early, work productively and save money. Not embracing it in your everyday life means that you'll never realize your full potential. Ignoring it inevitably leads to regret and feeling sad about how more successful and incredible your life could have been if you had only decided to develop it. What is this powerful thing? Self-discipline. And if there's one thing that self-discipline is not, it's instant. It takes months (if not years) to develop powerful self-control that will protect you from impulsive decisions, laziness, procrastination, and inaction. You need to exhibit self-discipline day in, day out, 365 days in a year. What if you had a companion who would remind you daily to stay disciplined and persevere, even when the going gets tough? 365 Days With Self-Discipline is a practical, accessible guidebook for embracing more self-discipline in your everyday life. You'll learn how to do this through 365 brief, daily insights from the world's brightest minds, expanded and commented upon by bestselling personal development author Martin Meadows. This isn't just an inspirational book; most of the entries deliver practical suggestions that you can immediately apply in your life to become more disciplined. Here are just some of the things you'll learn: - why living your life the hard way makes it easy (and other suggestions from a successful entrepreneur and longevity scientist); - how to overcome your initial resistance and procrastination based on the remark made by one of the most renowned Renaissance men; - why, according to an influential neurosurgeon, it's key to see problems as hurdles instead of obstacles (and how to do that); - how to embrace an experimental mindset to overcome a fear of failure (a technique recommended by a successful entrepreneur and musician); - how to quit in a smart way, according to a world-famous marketing expert; - how to improve your productivity at work by implementing the advice from one of the most successful detective fiction writers; - how a trick used by screenwriters can help you figure out the first step needed to get closer to your goals; - how to maintain self-discipline in the long-term by paying attention to what a bestselling non-fiction author calls necessary to survive and thrive; - how your most common thoughts can sabotage your efforts (and other valuable insights from one of the most respected Roman Stoics); and - how to overcome temporary discouragement and look at your problems from the proper perspective, as suggested by a well-known public speaker and author. If you're ready to finally change your life and embrace self-discipline — not only for the next 365

days, but for the rest of your life — buy this book now and together, let's work on your success! Keywords: self-discipline handbook, self-control book, willpower book, success journal, mental resilience, become successful, achieve your goals

Every Tenant's Legal Guide Janet Portman, Ann O'Connell, 2024-05-28 More states than ever before are passing laws—such as rent control and eviction prevention laws—to protect tenants. This book helps renters navigate and use these new protections (along with the old ones) to their advantage, and offers timely advice on how tenants can handle common rental-related problems without assistance from a lawyer.

Take the Stairs Rory Vaden, 2012-02-07 Do you ride the escalator-or take the stairs? No matter how you define success, it always requires one thing: self-discipline. But as popular speaker and strategist Rory Vaden explains, we live in an escalator world—one that's filled with shortcuts, quick fixes, and distractions that make it all too easy to slide into procrastination, compromise, and mediocrity. What seems like an easier path is really much harder in the end—and, most important, it won't take you where you want to go. How do successful people stay focused and achieve results? This lively and insightful guide presents a simple program for taking the stairs—that is, for overcoming the temptations of quick fixes and procrastination, conquering creative avoidance, and transcending personal setbacks in order to tackle the work that leads to real success. Whatever your goals are, Rory Vaden's proven approach will get you there—one stair at a time.

Every Landlord's Guide to Managing Property Michael Boyer,2025-08-26 Small-time landlords are a key market for Nolo and account for some of our bestselling titles, notably Every Landlord's Legal Guide, First-Time Landlord, Every Landlord's Tax Deduction Guide, and The California Landlord's Law Book.
