\*\*\*\*\* EVERYONE IS DOING THEIR BIT FOR THE WAR EFFORT. BUT WHAT SIDE ARE THEY ON? 1941: England is at its lowest ebb: under-nourished, under-informed and terrified of imminent invasion. Even at Eden Park, the beautiful country estate where Poppy, Lily, Kate, Marjorie and her adopted brother Billy are working in espionage, confidence is at an all-time low, and that is before the authorities discover there is a double agent operating from its MI5 unit. As agents are gradually wiped out by the informant at Eden Park, Poppy leaves to train as a pilot. But as she closes the wooden shutters at the House of Flowers, the old folly where she and her husband Scott began their married life, she realises that they were made over a century before to keep out another invader... England survived then - will it survive again? Have you read Daughters of Eden, the first in the series?

*The House of Sacrifice* Anna Smith Spark,2019-08-13 A powerhouse grimdark fantasy of bloodshed, ambition, and fate, The House of Sacrifice is the thunderous conclusion to Anna Smith Spark's Empires of Dust trilogy, which began with The Court of Broken Knives. Marith Altrysyr has won. He cut a path of blood and vengeance and needless violence around the

world and now he rules. It is time for Marith to put down his sword, to send home his armies, to grow a beard and become fat. It is time to look to his own house, and to produce an heir. The King of Death must now learn to live. But some things cannot be learnt. The spoils of war turn to ash in the mouths of the Amrath Army and soon they are on the move again. But Marith, lord of lies, dragon-killer, father-killer, has begun to falter and his mind decays. How long can a warlord rotting from within continue to win? As the Army marches on to Sorlost, Thalia's thoughts turn to home and to the future: a life grows inside her and it is a precious thing - but it grows weak. Why must the sins of the father curse the child? Empires of Dust

**By Order of the President** Michael Kilian, 2015-08-25 When an assassin targets the president, an outsider finds evidence of an even deeper conspiracy in this thriller from the author of *The Valkyrie Project*. The gunman crouches in his crawl space, dreaming of revenge. The United States has turned his homeland into a combat zone, killing his family and ruining his life. Today, vengeance will be had. President Henry Hampton is visiting Gettysburg, and the band has just struck up "Hail to the Chief" when the first shots ring out. Blood stains the old battleground once more. The president takes a bullet to the neck, and his bodyguard hustles him into his limousine—rushing him not to a hospital, but to Camp David, where he can be best protected against the conspiracy that threatens to consume America from the inside out. As days pass with only vague news about the president's condition, the country threatens to slide into chaos, and it will fall to 2 unlikely heroes to rescue the government: a California adman and the desperate vice president of the United States.

The Order's Experiments Meg Eichmann, 2012-06-19 Kyra and Fallen have strange pasts. A six years old Fallen fled from his unconventional home to the streets. Kyra, born to an underworld movement known as the Order, ran away when she was eight to be free of it. Both live in the city as street kids, living as strays for years, repressing their pasts as they try to survive, but no one can run forever. When the Order persuades Fallen to join them Kyra, in debt to Fallen feels compelled to return as well and both of them start the long journey back into their memories. Together they are made to delve into what was their past; face the harsh realities of the underground and find a way to help each other face their childhood demons. While training themselves into heartless killers their only hope is to reconcile their lives in time to save their future. On the 24th of March 2009 Meg at age 13, sat at her desk for recreational writing. A story about two strays she thought would be a short story to put in her journal one day, now almost 200 000 words later her story 'The Order's experiments' is her first published novel.

The Fall of the House of Walworth Geoffrey O'Brien, 2010-07-20 In the tradition of *The Devil in the White City* comes a spell-binding tale of madness and murder in a nineteenth century American dynasty On June 3, 1873, a portly, fashionably

dressed, middle-aged man calls the Sturtevant House and asks to see the tenant on the second floor. The bellman goes up and presents the visitor's card to the guest in room 267, returns promptly, and escorts the visitor upstairs. Before the bellman even reaches the lobby, four shots are fired in rapid succession. Eighteen-year-old Frank Walworth descends the staircase and approaches the hotel clerk. He calmly inquires the location of the nearest police precinct and adds, I have killed my father in my room, and I am going to surrender myself to the police. So begins the fall of the Walworths, a Saratoga family that rose to prominence as part of the splendor of New York's aristocracy. In a single generation that appearance of stability and firm moral direction would be altered beyond recognition, replaced by the greed, corruption, and madness that had been festering in the family for decades.

**One World Order** Jack Christianson, 2016-01-30 As this captivating tale of international intrigue unfolds, the Islamic World Order (IWO) is plotting to destroy the US Coalition and fulfill their goal of establishing a one-world Islamic government. As IWO prepares to unleash the most audacious terrorist attack in history, CIA operatives in Saudi Arabia scramble to uncover their diabolical plot. Despite the evidence, the Washington bureaucracy demands time-consuming confirmation. As this captivating tale of international intrigue unfolds, it's a race against time to save the Western world. As someone who enjoys thrillers and international espionage, I was caught up in the plot from the very beginning! It is exciting and entirely within the realm of possibility. As a pastor, I was intrigued with Christianson's sensitive portrayal of the world's three great religions and how the faith of an individual can influence world events. To see a novel stay true to theological realities is a blessing! An exciting and engaging read! Dwight Ike Reighard, Pastor, Author, and CEO of MUST Ministries Armageddon convincingly portrayed. Breathtaking in its scope by connecting all the dots of international terrorism. A must read for anyone with interest or background in political-military affairs. Colonel Mike Boyce, USMC (Retired)
