Great Minds

The Real Story of Stone Soup Ying Chang Compestine, 2007-01-18 A stingy fisherman always makes his three young helpers do all his work. One day he scolds the “lazy boys” for forgetting to provide lunch. “Don’t worry,” they say. “We can make stone soup.” The boys dig a hole and fill it with water and “flavored” stones. They trick the fisherman into making bowls and chopsticks, and fetching salt and sesame oil. While he’s busy, they stir in bird eggs, add wild vegetables, and slip fish into the soup. By the time the old man returns, they have a feast fit for a king. To this day, “Egg Drop Stone Soup” is a traditional dish in southeast China. A recipe is included.

Teaching Words and How They Work Elfrieda H. Hiebert, 2019-12-06 Research shows that vocabulary is the best support for students’ comprehension of narrative and information texts. Often, vocabulary instruction focuses on a few target words in specific texts. However, to understand the many new words in complex texts students need to know how words work. This book, written by an award-winning authority on reading instruction, shows teachers how to make small changes to teach more words and also how words work. Many of these small changes involve enrichments to existing vocabulary practices, such as word walls and conversations with students. Each chapter includes descriptions of teachers’ implementation of small changes to support big gains in students’ vocabulary. This book, which has sufficient depth in research and theory for graduate and undergraduate courses in vocabulary instruction, also offers practical steps that K-8 teachers can use in any reading program to help all students grow their vocabulary. *Teaching Words and How They Work* shows teachers how to: Identify the most important word families to teach. Teach students to use opening text as background knowledge for comprehending the rest of the text. Use word walls with more purpose and greater student engagement. Select the right words to teach from new information texts. Better understand limitations of leveled texts and how to adjust. Use assets and address challenges to support English learners.
