Honest Bodies Hannah Kosstrin, 2017-07-24 *Honest Bodies: Revolutionary Modernism in the Dances of Anna Sokolow* illustrates the ways in which Sokolow's choreography circulated American modernism among Jewish and communist channels of the international Left from the 1930s-1960s in the United States, Mexico, and Israel. Drawing upon extensive archival materials, interviews, and theories from dance, Jewish, and gender studies, this book illuminates Sokolow's statements for workers' rights, anti-racism, and the human condition through her choreography for social change alongside her dancing and teaching for Martha Graham. Tracing a catalog of dances with her companies Dance Unit, La Paloma Azul, Lyric Theatre, and Anna Sokolow Dance Company, along with presenters and companies the Negro Cultural Committee, New York State Committee for the Communist Party, Federal Theatre Project, Nuevo Grupo Mexicano de Clásicas y Modernas, and Inbal Dance Theater, this book highlights Sokolow's work in conjunction with developments in ethnic definitions, diaspora, and nationalism in the US, Mexico, and Israel.

Early Modern Jewish Civilization David Graizbord, 2024-09-18 This collection is an introductory historical survey and selective cultural analysis of the development, coalescence, and eventual waning of a diasporic civilization—that of the Jews of the early modern period (ca. 1391–1789) in Europe, the Ottoman Empire, and key nodes of the Iberian Empires in the

Americas. Each chapter explores key factors that shaped both distinctive early modern Jewish communities and a remarkably coalescent and far broader community-of-communities. The contributors engage and answer the following questions: What do historians mean by “early modernity,” and to what extent does the concept illuminate the history and culture(s) of Jews from the end of the Middle Ages to the Enlightenment? What were the general demographic contours of the Jewish diaspora over this period and how did they change? How did culture, politics, technology, economics, and gender shape diasporic Jewish communities across eastern and western Europe and the New World over the course of some 400 years? Ultimately, the work renders a portrait of coherence and diversity, continuity and discontinuity, in early modern Jewish life within and across temporal and geographic boundaries. *Early Modern Jewish Civilization* is essential reading for all students of Jewish history and civilization and early modern history more broadly.

Transformations and Crisis of Liberalism in Argentina, 1930-1955 Jorge A. Nállim, 2014-08-14 Nállim chronicles the decline of liberalism in Argentina during the volatile period between two military coups—the 1930 overthrow of Hipólito Yrigoyen and the deposing of Juan Perón in 1955. While historians have primarily focused on liberalism in economic or political contexts, Nállim instead documents a wide range of locations where liberalism was claimed and ultimately marginalized in the pursuit of individual agendas. Nállim shows how concepts of liberalism were espoused by various groups who “invented traditions” to legitimize their methods of political, religious, class, intellectual, or cultural hegemony. In these deeply fractured and corrupt processes, liberalism lost political favor and alienated the public. These events also set the table for Peronism and stifled the future of progressive liberalism in Argentina. Nállim describes the main political parties of the period and deconstructs their liberal discourses. He also examines major cultural institutions and shows how each attached liberalism to their cause. Nállim compares and contrasts the events in Argentina to those in other Latin American nations and reveals their links to international developments. While critics have positioned the rhetoric of liberalism during this period as one of decadence or irrelevance, Nállim instead shows it to be a vital and complex factor in the metamorphosis of modern history in Argentina and Latin America as well.

Argentina's Radical Party and Popular Mobilization, 1916-1930 Joel Horowitz, 2015-09-10 Democracy has always been an especially volatile form of government, and efforts to create it in places like Iraq need to take into account the historical conditions for its success and sustainability. In this book, Joel Horowitz examines its first appearance in a country that appeared to satisfy all the criteria that political development theorists of the 1950s and 1960s identified as crucial. This experiment lasted in Argentina from 1916 to 1930, when it ended in a military coup that left a troubled political legacy for decades to come. What explains the initial success but ultimate failure of democracy during this period? Horowitz challenges previous interpretations that emphasize the role of clientelism and patronage. He argues that they fail to account fully for the Radical Party government's ability to mobilize widespread popular support. Instead, by comparing the administrations of Hipólito Yrigoyen and Marcelo T. de Alvear, he shows how much depended on the image that Yrigoyen managed to create for himself: a secular savior who cared deeply about the less fortunate, and the embodiment of the nation. But the story is even more complex because, while failing to instill personalistic loyalty, Alvear did succeed in constructing strong ties with unions, which played a key role in undergirding the strength of both leaders' regimes. Later successes and failures of Argentine democracy, from Juan Perón through the present, cannot be fully understood without knowing the story of the Radical Party in this earlier period.

Border Women and the Community of Maclovio Rojas Michelle Téllez, 2021-10-12 Near Tijuana, Baja California, the autonomous community of Maclovio Rojas demonstrates what is possible for urban place-based political movements. More than a community, Maclovio Rojas is a women-led social movement that works for economic and political autonomy to address issues of health, education, housing, nutrition, and security. *Border Women and the Community of Maclovio Rojas* tells the story of the community's struggle to carve out space for survival and thriving in the shadows of the U.S.-Mexico geopolitical border. This ethnography by Michelle Téllez demonstrates the state's neglect in providing social services and

local infrastructure. This neglect exacerbates the structural violence endemic to the border region—a continuation of colonial systems of power on the urban, rural, and racialized poor. Téllez shows that in creating the community of Maclovio Rojas, residents have challenged prescriptive notions of nation and belonging. Through women's active participation and leadership, a women's political subjectivity has emerged—Maclovianas. These border women both contest and invoke their citizenship as they struggle to have their land rights recognized, and they transform traditional political roles into that of agency and responsibility. This book highlights the U.S.-Mexico borderlands as a space of resistance, conviviality, agency, and creative community building where transformative politics can take place. It shows hope, struggle, and possibility in the context of gendered violences of racial capitalism on the Mexican side of the U.S.-Mexico border.

Jesuits and Asian Goods in the Iberian Empires, 1580-1700 Pedro Omar Svriz-Wucherer, 2023-06-29 This book analyzes the exchange relations between the colonies of the Iberian Empires, starting from two cities ports, Buenos Aires and Macau in the period 1580-1700. Agents, who were not professional traders such as the members of the Society of Jesus, and the circulation and consumption of Asian goods in the local populations of Buenos Aires and Macau, were analyzed. Both cases of study will show us how these non-state agents- the Jesuits- build their own networks and exchange channels to Chinese goods distribution (i.e silk, porcelain, musk, amber and others) between Asia and Latin American. This book intends to break with the local scheme of Jesuit studies in order to combine the local scale with analysis of inter-regional processes on a continental scale, from a comparative perspective.

Intersected Identities Erica Segre, 2007-05-01 There has always been an important visual element to the construction and questioning of national identity in post-Independence Mexico, though one that has not always been given its due, outside of the celebrated and much-studied muralists. Ranging from the early nineteenth century to the present - from the vogue for the picturesque, illustrated periodicals and the influential writings of Altamirano to a wealth of twentieth-century graphic artists, filmmakers and photographers - this book re-examines the complex variety of ways in which that visual element has operated. In particular, it looks at the ways in which discourses concerning ethnicity and cultural hybridity have been echoed and transformed in Mexican visual culture, resulting in fields of visual discourse which are eclectic and increasingly self-reflexive.

Wars of the Americas David F. Marley, 2008-02-11 A comprehensive account of every major war and battle fought in

the Americas, this revised edition of the award-winning Wars of the Americas offers up-to-date scholarship on the conflicts that have shaped a hemisphere. When it was first published in 1998, Wars of the Americas: A Chronology of Armed Conflict in the Western Hemisphere was the only major reference focused exclusively on warfare in all its forms in North, Central, and South America over the past five centuries. Now this acclaimed resource returns in a dramatically expanded new edition. For its second edition, Wars of the Americas has been doubled in size to two full volumes: the first covers all wars and major battles from the earliest Spanish conquests through the 18th-century colonial rivalries that gripped the hemisphere. The second volume covers the American Revolutionary War and all subsequent conflicts up to the present. In addition to exhaustive updating throughout and a deeper focus on the historical context of each conflict, the new edition includes new coverage of the present-day drug cartel wars, international terrorism, and the ever-evolving relationships between the United States and the nations of Latin America.

The Rise of the Narcostate John P. Sullivan, 2018-08-30 This book is our sixth Small Wars Journal—El Centro anthology, covering writings published between 2016 and 2017. The theme of this anthology pertains to the rise of the narcostate (mafia states) as a result of the collusion between criminal organizations and political elites—essentially authoritarian regime members, corrupted plutocrats, and other powerful societal elements. The cover image of the mass demonstration concerning the disappearance of the forty-three Ayotzinapa Teachers' College students held at Mexico City's Zócalo Plaza in November 2014 provides an archetype of this anthology's theme. This anthology includes the following special essays—Preface: "New Wars" and State Transformation by Robert Muggah, Igarapé Institute; Foreword: Crime and State-Making by Vanda Felbab-Brown, The Brookings Institution; Postscript: Crime, Drugs, Terror, and Money: Time for Hybrids by Alain Bauer, CNAM Paris; and Afterword: The Rise of the Oligarchs by Col. Robert Killebrew, US Army (Ret.). Dave Dilegge (SWJ, Editor-in-Chief)
