Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books, most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity such as steampunk are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books.

In Teens Have Style!, librarians will find programs they can adapt to their individual style or specific age range of their younger patrons, such as getting ready for the prom, making jewelry, decorating sneakers, creating a green outfit from recycled materials, and many more. All of the ideas are flexible and can be matched to other educational programs or to fit the library's needs, regardless of its size. For example, school librarians can partner with art teachers to orchestrate a Fashion as Art program, which challenges students to identify a painting that they like and then to create an outfit that reflects the style and feel of that work of art.
