## Société astronomique de France

LETTRE P. Petit,1666

*Méthode pratique d'Arabe régulier* Mohammed Soualah,1912

Précis de grammaire arabe avec exercices corrigés Mathieu Guidère,2023-08-16 Cet ouvrage, spécialement écrit pour les francophones, présente de façon simple et claire l'essentiel des règles de grammaire de l'arabe moderne standard ou littéral, soit : la langue d'usage dans la littérature, la presse et les médias actuels (radio, télévision, internet). Son originalité repose sur le fait que la terminologie grammaticale utilisée pour les explications de la grammaire arabe se rapproche de la terminologie française afin de faciliter la compréhension ; ceci dans une optique de grammaire comparée. Les exercices eux-mêmes s'inscrivent dans cette logique contrastive en proposant de nombreuses traductions afin de tester la maîtrise des points traités. Proposant une progression grammaticale et lexicale qui s'appuie sur les niveaux du cadre européen de A1 à C2, cet ouvrage, comprenant deux grandes parties (I. Morphologie de l'arabe, II. Syntaxe de l'arabe), se veut à la portée de tous. Véritable outil pour progresser rapidement dans l'apprentissage de la grammaire tout en s'initiant aux principes de la communication, il comprend : • 68 fiches de grammaire • 276 exercices corrigés • un référentiel grammatical et un référentiel lexical [CECRL] • un mémo de terminologie grammaticale reprenant les principaux termes de la grammaire arabe accompagnés de leurs correspondants en français

**Mektoub. Cahier pour apprendre à écrire en arabe** Mathieu Guidère,2024-07-30 Ouvrage en couleur, ce cahier permet à tout apprenant de s'initier au système d'écriture arabe. Lorsque l'on écrit une lettre de l'alphabet, le but à atteindre est l'harmonie de la forme associée à la rigueur du trait. Il s'agit, en effet, de concilier les règles de l'écriture arabe avec la beauté du geste, afin d'obtenir de belles lettres bien formées. L'apprenti calligraphe peut, dans un premier temps, s'entraîner à écrire en suivant le tracé des lettres en rouge. La répétition des lettres permet de les fixer dans la mémoire visuelle et gestuelle. Grâce aux couleurs, il apprendra d'emblée à écrire les lettres de l'alphabet au sein de mots fréquents et d'expressions courantes de la langue arabe, accompagnés de leur transcription phonétique pour en faciliter la prononciation et de leur traduction pour en donner la signification. De nombreux exercices permettent d'apprendre rapidement et efficacement à écrire et à distinguer les différentes graphies mais aussi d'assimiler les règles implicites de la morphologie arabe. Ce cahier est un excellent outil pour une première initiation à l'art de l'écriture arabe. Le plus en fin d'ouvrage : un lexique récapitulatif des mots cités dans le cahier suivant leur ordre d'apparition Nouveauté de cette 3e édition : des enregistrements audio qui permettent de se familiariser aux sons de la langue tout en apprenant à écrire les lettres.
