Growing up in Torma, the strongest of the shifter packs, I wanted nothing more than to find my true mate and live my best life. Of course, that dream existed before my father betrayed the pack and turned me into their punching bag. I'd all but given up, until a quirk of true mate genetics gifted me a true mate like no other. My childhood dreams were finally a reality. Funny how quickly dreams turn into nightmares. I'm being lied to, missing weeks and months of time. Someone messed with me and no matter how often I'm told to forget it and move on as Torin's mate, there's no way I can. Whoever did this to me should have known I'd pick at it until it bled. It's my nature after all. As I search out random growls, flutters in my chest, and a suspicion that there's so much more going on than I could even imagine, I sense that I'm racing against an unknown clock. I need to get to the bottom of this mystery. And when I figure out who stole my memories, they're going to wish they never messed with Mera Callahan. Game on.

**A Study in Shifters** Majanka Verstraete,2018-06-26 The game is afoot. Seventeen-year-old Marisol Holmes wants to live up to the family legacy; after all, she is the great-great-great granddaughter of Sherlock Holmes. What's more Holmesian than a grisly murder? The Conclave, an underground organization of detectives solving supernatural cases, is giving her just

one chance to catch a killer and join them. After all, as a half-blood jaguar shifter, Marisol is uniquely qualified to solve this murder-since every scrap of evidence points toward the culprit being a fellow jaguar shifter. There is nothing more deceptive than an obvious fact. There's more to this than just evidence. Is one of her own people really involved, or is this all a ploy to kick Marisol's mother off the shifter throne? When Marisol discovers her handsome best friend, Roan, is missing, she realizes Roan may be the killer's next target. The stakes just got higher than political intrigue. When you have eliminated the impossible, whatever remains, however improbable, must be the truth. Just when things couldn't get worse, Marisol's ex-boyfriend-turned-nemesis, Mannix, starts leaving sinister clues for her. In her last case, Mannix broke her heart and ruined her case, and Marisol isn't sure which is worse. Marisol fears this case too might be far more personal than she could've imagined. Elementary. It's time for Marisol to prove her worth, or her people could fall into chaos while her best friend loses his life. This book is perfect for fans of: shapeshifters, steampunk, paranormal, high school drama, teen romance, Sherlock Holmes and deadly intrigue.
