Some People Need Killing Patricia Evangelista, 2023-10-17 TIME'S #1 NONFICTION BOOK OF THE YEAR • A NEW YORK TIMES BOOK REVIEW TOP 10 BEST BOOK OF THE YEAR "Patricia Evangelista's searing account is not only the definitive chronicle of a reign of terror in the Philippines, but a warning to the rest of the world about the true dangers of despotism—its nightmarish consequences and its terrible human cost."—Patrick Radden Keefe, New York Times bestselling author of *Empire of Pain* "Tragic, elegant, vital . . . Evangelista risked her life to tell this story."—Tara Westover, #1 New York Times bestselling author of *Educated* "A journalistic masterpiece"—David Remnick, *The New Yorker* For six years, journalist Patricia Evangelista documented killings carried out by police and vigilantes in the name of then president Rodrigo Duterte's war on drugs—a crusade that led to the slaughter of thousands—immersing herself in the world of killers and survivors and capturing the atmosphere of terror created when an elected president decides that some lives are worth less than others. The book takes its title from the words of a vigilante, which demonstrated the psychological accommodation many across the country had made: "I'm really not a bad guy," he said. "I'm not all bad. Some people need killing." A profound act of witness and a tour de force of literary journalism, *Some People Need Killing* is a brilliant dissection of the grammar of violence and an investigation into the human impulses to dominate and resist. Some Men Need Killing Art Marsicano,2008-12-16 A brilliant young man, Anthony Martino learned the ways of violence and Italian criminals early in life. Always deeply loving with friends and family and brutal with enemies, Martino hates his enemies with a white hot passion. In his part of the world, justice can be found only with a gun, knife, or a bomb. When Martino is asked to give a presentation about organized crime to a college class in the anthracite region of Pennsylvania, he is happy to accept. A former professor, Tony enjoys provoking thoughts and emotions in students. The same day he receives the professors request, he receives an e-mail message from a member of New York City's most powerful crime family requesting to see him. He also accepts this invitation. When Ernie Valadi, Martinos nemesis from high school, taunts him and accuses him of being a con man, Martino challenges him to a fight. Will this fight be any different from their past entanglements? To what extent will Martino extract his revenge? A deeply religious man, will Martino be forgiven for his sins? Is he correct in his assumption that Some Men Need Killing?

Operator Down Brad Taylor,2018-01-09 • A New York Times Bestseller • Former Special Forces Officer and New York Times bestselling author Brad Taylor delivers a heart-pounding thriller where Pike Logan's search for a Mossad agent and ally puts him on a collision course with a ruthless military coup in Africa—and tests his loyalties to the Taskforce. It was to be a simple mission. Nothing more than assessing whether a merchant in the fabled Israeli Diamond Exchange was involved in a scheme that could potentially embarrass the state of Israel. But nothing is ever simple in the world of intelligence, as Aaron Bergman—a former leader of an elite direct action team under the Mossad—should have known. Executing the operation as a contractor, a cutout that gave the State of Israel plausible deniability, he disappears without a trace. Pike Logan and his team know none of this, but he's tracking an American arms dealer in Tel Aviv who may—or may not—be attempting to sell sensitive nuclear weapons components to the highest bidder. When Pike's team breaks up an attempt at killing Shoshana, Aaron's partner, they stumble upon much more than they expected—a concerted conspiracy to topple a democratic African country. Beginning to untangle a web that extends through both the American and Israeli intelligence community, Pike is forced to choose between his Israeli friends and his Taskforce mission, even as the execution of the coup begins to form. At the heart of it is Aaron, and his disappearance is the one mistake the plotters made. Because Shoshana is the greatest killing machine the Mossad has ever produced, and she will stop at nothing to help Aaron, even if it means killing Pike Logan.

The High Ground R. D. Hooker, 2023-04-20 This is much more than a primer...readers will find numerous nuggets on the art and science of leadership that they can place in their kitbag. — Military Review *The High Ground* draws on the author's personal experiences as a combat leader to illustrate examples of successful and inspiring leadership in military organizations at all levels. Many of the essays contained in this volume focus on specific military personalities that portray effective leader behaviors in both peacetime and combat settings from the tactical to the strategic. Others describe key leadership characteristics and attributes of successful leaders, from small-unit level to the Pentagon. Throughout the author provides specific and compelling leadership advice and suggestions to new soldiers, new lieutenants, staff officers and commanders. The author served over thirty years in the post-Vietnam Army, rising from private to colonel and serving in the invasion of Grenada and in Somalia, the US response to the Rwandan genocide, in Bosnia and Kosovo, in peacekeeping operations in the Sinai, and in combat in Iraq and Afghanistan. He commanded a paratrooper company, battalion and brigade and served in the continental US, Latin America, Europe, the Middle East, Africa, and Southwest Asia. *The High Ground* describes his observations and interactions with military leaders at all levels, in battle and in garrison, to describe and portray military leader development and leader excellence in all its many and varied dimensions. Gripping and fast-paced, these leadership vignettes will carry the reader from peacetime into battle with the American Soldier.

A Modern History of Forgotten Genocides and Mass Atrocities Jeffrey S. Bachman, Esther Brito Ruiz, 2024-11-01 This is the first textbook of its kind to amass cases of genocide and other mass atrocities across the nineteenth, twentieth, and twenty-first centuries that have largely been pushed to the periphery of Genocide Studies or "forgotten" altogether. Divided into four thematic sections – Genocide and Imperialism; War and Genocide; State Repression, Military Dictatorships, and Genocide; and Human-Caused Famine, Attrition, and Genocide – *A Modern History of Forgotten Genocides and Mass Atrocities* covers five continents, including case studies from Biafra, Yemen, Argentina, Russia, China, and Bengal. They range from the French conquest of Algeria in the mid-nineteenth century to the Yazidi genocide perpetrated by the Islamic State in Iraq and Syria between 2014 and 2017, and show that at times of rising authoritarianism, military conquest, and weaponization of hunger, lines between what is war and what is genocide are increasingly blurred. By including genocides and mass atrocities that are often overlooked, this volume is crucial to the ongoing debates about whether "this atrocity or that one" amounts to genocide. By including key points, events, terms, and critical questions throughout, this is the ideal textbook for undergraduate students who study genocide, mass atrocities, and human rights across the globe.
