Conversations on Love Natasha Lunn, 2025-01-28 "This book might just change your life" —Sunday Times "Wise, wonderful, moving and brilliant... will leave your heart in a much better place" —Stylist After years of feeling that love was always out of reach, journalist Natasha Lunn set out to understand how relationships work and evolve over a lifetime. She turned to authors and experts to learn about their experiences, as well as drawing on her own, asking: How do we find love? How do we sustain it? And how do we survive when we lose it? In *Conversations on Love* she began to find the answers: Dolly Alderton on vulnerability Stephen Grosz on accepting change Candice Carty-Williams on friendship Lisa Taddeo on the loneliness of loss Diana Evans on parenthood Emily Nagoski on the science of sex Alain de Botton on the psychology of being

alone Esther Perel on unrealistic expectations Roxane Gay on redefining romance and many more...

Mothering Alone Mary Kay O'Neil, 2022-07-21 'The lives of women are inextricably linked to the well-being of children. If they are not educated, if they are not healthy, if they are not empowered, the children are the ones who suffer.' (UNICEF report, 2006) The study this book is based upon was of a pioneering facilitating programme enabling low-income mothers with little to no outside support to attend college or university. The women's stories are told in their own words and are used to explore the importance of education as a way to improve their and their children's lives. The book begins with an engaging Foreword from Rosemary H. Balsam, FRCPsych (London), MRCP (Edinburgh), Associate Clinical Professor of Psychiatry at Yale Medical School. Followed by the author's introduction, the book is then split into three parts. Part I sets the background of the study itself and of Western societal attitudes towards single mothers over the centuries. Mary Kay O'Neil also investigates common maternal tasks, the effect of parental and relational experiences, the life impact of becoming a mother, and the various influences on the decision mother alone. Part II considers the characteristics basic to effective mothering: resilience, autonomy, and caring. In the light of the author's interest in women's development, Part III explores the psychodynamic understanding of mothers alone without resources, and outlines society's role in providing the opportunity for them to become successful mothers. The parts are followed by an Afterword to summarise what was learned through the women's generous openness and to suggest societal improvements for increased opportunity. The book closes with two Appendices. The first tells the story of O'Neil's mother, who also mothered alone. The second delivers the research findings of the study for those interested in learning more. This clearly written book underlines the UNICEF statement above and does much to engage with the debate on support for those most vulnerable members of society.

Oh My God, What a Complete Aisling! Emer McLysaght, Sarah Breen, 2017-08-31 Aisling is twenty-eight and she's a complete ... Aisling. She lives at home in Ballygobbard (or Ballygobackwards, as some gas tickets call it) with her parents and commutes to her good job at PensionsPlus in Dublin. Aisling goes out every Saturday night with her best friend Majella, who is a bit of a hames (she's lost two phones already this year – Aisling has never lost a phone). They love hoofing into the Coors Light if they're 'Out', or the vodka and Diet Cokes if they're 'Out Out'. Ais spends two nights a week at her boyfriend John's. He's from down home and was kiss number seventeen at her twenty-first. But Aisling wants more. She wants the ring on her finger. She wants the hen with the willy straws. She wants out of her parents' house, although she'd miss Mammy turning on the electric blanket like clockwork and Daddy taking her car 'out for a spin' and bringing it back full of petrol. When a week in Tenerife with John doesn't end with the expected engagement, Aisling calls a halt to things and soon she has surprised herself and everyone else by agreeing to move into a three-bed in Portobello with stylish Sadhbh from HR and her friend, the mysterious Elaine. Newly single and relocated to the big city, life is about to change utterly for this wonderful, strong, surprising and funny girl, who just happens to be a complete Aisling.

She's Mad Real Oneka LaBennett, 2011-07-25 Overwhelmingly, Black teenage girls are negatively represented in national and global popular discourses, either as being "at risk" for teenage pregnancy, obesity, or sexually transmitted diseases, or as helpless victims of inner city poverty and violence. Such popular representations are pervasive and often portray Black adolescents' consumer and leisure culture as corruptive, uncivilized, and pathological. In *She's Mad Real*, Oneka LaBennett draws on over a decade of researching teenage West Indian girls in the Flatbush and Crown Heights sections of Brooklyn to argue that Black youth are in fact strategic consumers of popular culture and through this consumption they assert far more agency in defining race, ethnicity, and gender than academic and popular discourses tend to acknowledge. Importantly, LaBennett also studies West Indian girls' consumer and leisure culture within public spaces in order to analyze how teens like China are marginalized and policed as they attempt to carve out places for themselves within New York's contested terrains.

Tony Soprano's America M. Keith Booker, Isra Daraiseh, 2017-03-01 Widely regarded as one of the greatest television series of all time, *The Sopranos* is also considered one of the most significant achievements in contemporary American culture. The series spearheaded the launch of a new wave of quality programming that has transformed the way people watch, experience, and talk about television. By chronicling the life and crimes of a New Jersey mobster, his family, and his cronies, *The Sopranos* examines deep themes at the heart of American life, particularly the country's seedy underbelly. In

Tony Soprano's *America: Gangsters, Guns, and Money*, M. Keith Booker and Isra Daraiseh explore the central role of the series in American cultural history. While examining the elements that account for the show's popularity and critical acclaim, the authors also contend that *The Sopranos* revolutionized the way audiences viewed television in general and cable programming as well. This book demonstrates how a show focused on an ethnic antihero somehow reflected common themes of contemporary American life, including ethnicity, class, capitalism, therapy, and family dynamics. Providing a sophisticated yet accessible account of the groundbreaking series—a show that rivals film and literature for its beauty and stunning characterization of modern life—this book engages the reader with ideas central to the American experience. *Tony Soprano's America* brings to life this profound television program in ways that will entertain, engage, and perhaps even challenge longtime viewers and critics.

The Plays of Harold Pinter Andrew Wyllie, Catherine Rees, 2017-09-16 This Reader's Guide synthesises the key criticism on Pinter's work over the last half century. Andrew Wyllie and Catherine Rees examine critical approaches and reactions to the major plays, charting the controversies which have arisen in response to Pinter's critiques of political and sexual issues. They consider criticism from the press and academics, on the themes of Absurdism, politics and gender identity. By placing this criticism in its historical context, this guide illustrates a transition from bewilderment and outrage to affection, fascination - and more outrage.

Women, Islam and Education in Iran Goli M. Rezai-Rashti, Golnar Mehran, Shirin Abdmolaei, 2019-02-21 Drawing on the complexities and nuances in women's education in relation to the aftermath of the 1979 Iranian Revolution, this edited collection examines implications of religious-based policies on gender relations as well as the unanticipated outcomes of increasing participation of women in education. With a focus on the impact of the Islamic Republic's Islamicization endeavor on Iranian society, specifically gender relations and education, this volume offers insight into the paradox of increasing educational opportunities despite discriminatory laws and restrictions that have been imposed on women.

Call Me the Seeker Michael J. Gilmour, 2005-06-24 -One of very few books on religion and popular music -Covers a wide range of musical styles, from heavy metal and rap to country, jazz and Broadway musicals -The essays are written by academics and informed by their enthusiasm for the music Many books have explored the relationship between religion and film, but few have yet examined the significance of religion to popular music. *Call Me The Seeker* steps into that gap. Michael Gilmour's introductory essay gives a state-of-the-discipline overview of research in the area. He argues that popular songs frequently draw from and interpret themes found in the conceptual and linguistic worlds of the major religions and reveal underlying attitudes in those who compose and consume them. He says these texts deserve more serious study. The essays in the book start an on-going conversation in this area, bringing a variety of methodologies to bear on selected artists and

topics. Musical styles covered range from heavy metal and rap to country, jazz, and Broadway musicals.

Boundaries of the Self Debalina Banerjee, 2014-06-02 This book addresses the intersections between gender and identity by critically examining female spaces. It has famously been argued that men and women are made in culture. As such, this volume explores how spaces—social, political, cultural, historical, and even cyber—affect the creative, personal, urban and global identities of women. The scholarly approaches of the contributors here probe into these spaces and analyze the problematic of gender identities as they are constructed, reconstructed or deconstructed through processes of appropriation, subversion and signification. The functional politics of patriarchy influences a range of networks that include social, cultural, political, and religious archetypes. This book will open new vistas in women's studies through dialogues and discussions on the various facets of "Space", and how in turn they generate the rhetoric of agency and power or again how they annihilate attempts at emancipation and empowerment. Furthermore, the book explores the diversity of women's experiences and their contributions across cultures, and examines knowledge and practices in the light of gender differences, suggesting new ways to "conceptualize the relations between the self and the ever changing global communities". Its interdisciplinary nature, drawing on the humanities, arts, social sciences will give it a wide readership among students, teachers and researchers. In addition, since women's studies is one of the most sought-after academic disciplines of the contemporary academic world, this book will generate interest and contribute to the dynamic nature of women's studies research.
