Contrary to Popular Belief: A Chronicle of a Progressive in Indiana Michael Leppert, 2020-07-07 In the spring of 2014, Leppert started writing a blog. It was the usual kind of blog being written for the usual kinds of reasons. But a funny thing happened when he took a couple of risks with his writing: he got away with it. And then he took his gloves off for good. Within a year, his "blog" was elevated to a "column" and began showing up in mainstream publications throughout Indiana. After publishing more than a hundred installments, a group of recurring political and cultural themes began to emerge. From RFRA and guns, to the economy and parenting, Leppert takes a provocative view on all of it. Contrary To Popular Belief gives the real reasons why and from where his opinions are based. It is a chronicle being released purposely in summer of 2016 for readers to use as a guide during a historically chaotic political season.

I Lost My Love in Baghdad Michael Hastings, 2008-04-08 The "wrenching" (Rachel Maddow, The Rachel Maddow Show) first book by acclaimed journalist Michael Hastings (1980-2013), whose unflinching Rolling Stone article "Runaway General" ended the military career of General Stanley A. McChrystal. At age twenty-five, Michael Hastings arrived in Baghdad to cover the war in Iraq for Newsweek. He had at his disposal a little Hemingway romanticism and all the apparatus of a twenty-first-century reporter -- cell phones, high-speed Internet access, digital video cameras, fixers, drivers, guards, translators. In startling detail, he describes the chaos, the violence, the never-ending threats of bomb and mortar attacks, the front lines that can be a half mile from the Green Zone, that can be anywhere. This is a new kind of war: private security companies follow their own rules or lack thereof; soldiers in combat get instant messages from their girlfriends and families; members of the Louisiana National Guard watch Katrina's decimation of their city on a TV in the barracks. Back in New York, Hastings had fallen in love with Andi Parhamovich, a young idealist who worked for Air America. A year into their courtship, Andi followed Michael to Iraq, taking a job with the National Democratic Institute. Their war-zone romance is another window into life in Baghdad. They call each other pet names; they make plans for the future; they fight, usually because each is fearful for the other's safety; and they try to figure out how to get together, when it means putting bodyguards and drivers in jeopardy. Then Andi goes on a dangerous mission for her new employer -- a meeting at the Iraqi Islamic Party headquarters that ends in catastrophe. Searing, unflinching, and revelatory, *I Lost My Love in Baghdad* is both a raw, brave, brilliantly observed account of the war and a heartbreaking story of one life lost to it.

The Man in the Arena: Surviving Multiple Myeloma Since 1992 James D. Bond, 2021-03-20 James Bond's survival of multiple myeloma since 1992 is an amazing story of tenacity, hard work and good fortune. In this book Jim shares his and his caregiver wife's, Kathleen, approaches and experiences and difficulties. This book provides two acronyms Jim developed that summarize their approaches to surviving a deadly, incurable blood cancer. Multiple myeloma's average survival is about 5 years. There is no cure, yet. Jim primarily is treated in Cleveland at University Hospital's Seidman Cancer Center and the Dana Farber Cancer Institute in Boston, with second opinions from Mayo Clinic and Mass. General doctors specializing in multiple myeloma. They continue to share their story, which they have done in over 30 US states, Washing DC at the National Academy of Science, and in Canada, Spain and Japan. They welcome opportunities to help other multiple myeloma patients and caregivers by sharing their experiences. They do not give medical or drug advice in their talks nor in this book. They live in greater Cleveland, Ohio and enjoy their 2 grown boys, their wives, and 3 grandchildren. Searching Jim's name and multiple myeloma provides much of their story and contact information.

When I Die, Take My Panties Jennifer Coken, 2016-12-13 A daughter cares for her dying mother in this intimate memoir of ovarian cancer, frank conversations, and finding peace through laughter and gratitude. In 2006, Jennifer Coken's mother was diagnosed with stage four ovarian cancer. She had a slim chance of living another five years, but she chose to spend her remaining days tap dancing through chemotherapy and loving her family and friends ferociously. In this witty and heartfelt memoir, Jennifer recounts how she found the strength to care for her mother and cope with her death while facing troubles in her own life. Challenging circumstances force us to face a harsh reality; so often we want to control life—and the truth is we can't. This is a story of how personal transformation can come from tragedy if we are willing to find it. Above all, it is a wake-up call for anyone who needs the courage to have heartfelt conversations with the people they love right here, right now.

The Art of Insubordination Todd B. Kashdan, 2022-02-15 A highly practical and researched-based toolbox for anyone who wants to create a world with more justice, creativity, and courage. For too long, the term insubordination has evoked negative feelings and mental images. But for ideas to evolve and societies to progress, it's vital to cultivate rebels who are committed to challenging conventional wisdom and improving on it. Change never comes easily. And most would-be rebels lack the skills to overcome hostile audiences who cling desperately to the way things are. Based on cutting-edge research, *The Art of Insubordination* is the essential guide for anyone seeking to be heard, make change, and rebel against an unhealthy status quo. Learn how to Resist the allure of complacency Discover the value of being around people who stop conforming and start deviating. Produce messages that influence the majority-- when in the minority. Build mighty alliances Manage the discomfort when trying to rebel Champion ideas that run counter to traditional thinking Unlock the benefits of being in a group of diverse people holding divergent views Cultivate curiosity, courage, and independent, critical thinking in

youth Filled with engaging stories about dissenters in the trenches as well as science that will transform your thinking. The Art of Insubordination is for anyone who seeks more justice, courage, and creativity in the world.

Can't Not Do Paul Shoemaker, 2015-07-20 With so many social challenges facing our world, trying to effect change feels daunting. The problems are complex, the politics murky, and the players innumerable. Yet, every day there are regular heroes making a significant impact on our most intractable social issues. "Can't Not Do" is a catchphrase for the urge that captures the heart of effective social change agents—explaining, in their own words, their passion and drive: "I can't not do this." "It's not that I can do this, it's that I can't not." "I could not imagine not doing something about this issue." The surprising truth from the trenches is: we already have numerous proven solutions for our many social challenges; what our world needs most, and what most changes our children's future, are more people prepared and committed to act on their social impulses for the long haul. Innovation helps. Money helps, too. But greater numbers of committed people help the most. If you feel an internal, persistent call to do more for the world, Can't Not Do will help you to bridge the gap between "wanting to do" and "doing"—to access the drive of an effective change agent, to break through self-imposed barriers, to learn key principles for success, and to start seeing yourself acting as a change agent. There is no "secret sauce" someone is born with and no special club needed to be successful at social change. Rather, successful change agents share some fundamental orientations to the world and to their committed cause and, over time, learn certain lessons that help them become more effective. These lessons are reflected in Can't Not Do in seven seemingly simple questions that provide guideposts and unlock the reader's potential to make a difference for a social cause they care about. This isn't a self-help book. It's an inspiring narrative intertwined with a "street-readiness" dialogue, between the author and you, between you and your inner aspirations. These are authentic success stories, vital questions, and unconventional answers that can guide and inspire you to realize your greatest potential.

In the Arena Pete Hegseth, 2017-02-28 A vigorous call-to-arms to reignite American citizenship at home and restore American power abroad, using the timeless truths of Teddy Roosevelt's iconic 'Man in the Arena' speech, by the Fox News contributor and decorated Iraq and Afghanistan war veteran. Pete Hegseth makes an impassioned and experiential argument for how Teddy Roosevelt's articulation of 'good citizens,' 'equality of opportunity,' and unapologetic U.S. leadership--'good patriots'--can renew our imperiled American experiment and save the free world, in this fascinating, first-hand challenge to elite progressivism, ahistorical foreign policy, and status-quo politics. Despite contention surrounding Teddy Roosevelt's legacy, Hegseth argues that the Rough Rider's exhortation serves as a timeless wake-up call for our Republic. Hegseth resurrects Roosevelt's famous 'Citizenship in a Republic' address--best known for the 'Man in the Arena' quote--as a roadmap for addressing the massive challenges facing America today. In order to rejuvenate what makes America exceptional, we must unapologetically get back into Roosevelt's arena--as engaged 'good citizens' at home and powerful 'good patriots' in the

world. Bolstered by gripping personal experience, Hegseth channels Teddy Roosevelt's words to make a case for turning America's highest ideals into action through the gritty virtues of citizenship, the dogged pursuit of equal opportunity, and aggressive commitment to winning the wars we fight—including the Iraq War. An exceptional American experiment was entrusted to 'average citizens' in 1776 and has been perpetuated by every generation since--Provided by publisher.

In the Words of Theodore Roosevelt Theodore Roosevelt, 2012-10-15 We cannot do great deeds unless we are willing to do the small things that make up the sum of greatness.—on Action The American people are good-natured to the point of lax indifference; but once roused, they act with the most straightforward and practical resolution.—on America Speak softly and carry a big stick—you will go far. If a man continually blusters, if he lacks civility, a big stick will not save him from trouble; and neither will speaking softly avail, if back of the softness there does not lie strength, power.—on the Big Stick We are, as a whole, still in that low state of civilization where we do not understand that it is also vandalism wantonly to destroy or to permit the destruction of what is beautiful in nature, whether it be a cliff, a forest, or a species of mammal or bird. Here in the United States we turn our rivers and streams into sewers and dumping-grounds, we pollute the air, we destroy forests, and exterminate fishes, birds and mammals—not to speak of vulgarizing charming landscapes with hideous advertisements. But at last it looks as if our people were awakening.—on Natural Resources The public life of Theodore Roosevelt (1858–1919) was marked by his service as the twenty-sixth President of the United States, Vice President, Governor of New York State, Assistant Secretary of the Navy, U.S. Civil Service Commissioner, President of the New York City Police Commission, and New York State Assemblyman. In his life outside of government he was famous as an author, naturalist, rancher, big game hunter, and explorer. The twentieth century would become known as the American Century, and it was Theodore Roosevelt, through his foreign policy, who ushered the United States into the ranks of the world's great powers. In domestic affairs, he used his presidential powers to level the playing field between capital and labor, to protect consumers, and to establish a conservation program that was far-sighted and comprehensive, covering the nation's natural resources, its wilderness areas, its endangered species, its scenic beauty, and the cultural artifacts of its indigenous peoples. Distilled from Roosevelt's voluminous writings and speeches, *In the Words of Theodore Roosevelt* is a discerning collection of quotations by this American icon who continues to inspire and captivate an extraordinary array of twenty-first-century Americans. Carefully selected and organized by topic by Patricia O'Toole, these quotations reflect the vast range of Roosevelt's interests, the depth of his wisdom, his almost superhuman energy, and his directness. Many of the issues that Roosevelt addressed—from America's international role to the environment—remain pressing concerns today, giving his century-old words remarkable currency. This singular collection of quotations—enhanced by O'Toole's illuminating introductory essay, notes on biographical and historical context, and bibliographies of Roosevelt's writings—is a trove for writers, teachers, students, and all who recognize Theodore Roosevelt's unique role in U.S. history.

Be Who You Want, Have What You Want Chris Prentiss, 2010-04-20 From the author of the popular *Zen and the Art of Happiness*, this effective program for change shows, step by step, exactly what to do to create the life you want now--with lasting happiness thrown in as a bonus. Whatever you now do, whatever you now believe, whatever your current circumstances may be, you are perfectly equipped and fully capable of being who you want and having what you want. That you haven't already achieved what you want is due entirely to what you now believe. To become the capable person you dream of being and to attain your heartfelt desires--the great relationship, the needed possessions, the long-sought-for conditions of good living--you need only change what you believe about the way to achieve those goals. What you'll learn in these pages is that you can actually reinvent your world, says Chris Prentiss. You are a powerful being, the most powerful being in your life, and you constantly create your future with your thoughts and actions. By changing your thoughts, you will change your actions and, as a result of natural law, you will change your life. This empowering guide to real change delivers a sure-fire system for letting go of stress and unhappiness and creating the best possible outcome in every situation. It shares simple yet powerful strategies to attain your goals and desires, overcome negativity, stop punishing yourself and others for events you experience, let go of the past, and bring more enthusiasm and joy into your life. You'll also learn how to develop a strong personal philosophy--one that will see you through the difficult times that come to us all. *Be Who You Want, Have What You Want* brings together insights, stories, meditations, and exercises to show you how to break out of limited thinking and free yourself to become who you really want to be and do what you've always wanted to do.

An Effort to Understand David Murray, 2021-03-02 This collection of essays from rhetoric authority and celebrated writing blogger David Murray applies his signature blend of humor and heart to a free-wheeling conversation about how we communicate in America. An insightful book packed with wonderful writing, practical advice, and hope for a better, kinder future. —Jonathan Eig, author of *King: A Life* You're ready to give up. Throw up your hands and walk out the door. You don't know what else to say—to some dear family and close friends, let alone the crazy strangers that seem to populate half the country. You're ready to read *An Effort to Understand*. But don't worry. This is not a book about civility. Instead, David Murray (blogger, speechwriter, rhetoric authority, and professional curmudgeon) is urging readers to join him in a near-spiritual movement, one that pushes us to consider communication as more than a means of persuading others to our way of thinking, but as a way of thinking all its own. With his signature blend of wit, warmth, and four-letter words, Murray's essays tackle subjects from the specter of cancel culture and the responsibilities of citizenship to the art of dealing with annoying neighbors and the challenges of talking to kids about injustice. His words show that the personal and political gulfs between us are small compared to our common desire to connect. It may be a last-ditch effort, but Americans have a chance at trust, peace, and solidarity if we make an effort to speak more honestly and listen to understand. Because when it comes to communication, we're all the bad guys. Thankfully, we have a chance to be the good guys too.

How to Succeed in the Game of Life Christian Klemash,2015-07-07 Some of the hardest and most enduring lessons are learned on the field, but they don't have to stay there. In HOW TO SUCCEED IN THE GAME OF LIFE: 34 INTERVIEWS WITH THE WORLD'S GREATEST COACHES, Christian Klemash collects the practical wisdom and uplifting stories from the best teams and their coaches, showing how determination and belief in oneself can guide your life. For two years, Klemash tirelessly tracked down the nation's top coaches from the college, professional, and Olympic levels to record their philosophies on life, both on and off the field. What resulted was a book that distills the discipline and never-give-up attitude of the world's finest athletes into an inspiring, easy-to-read collection. From the hearts and minds of legendary coaches such as John Wooden, Joe Torre, Bill Cowher, Tony Dungy, and Red Auerbach, Christian Klemash reveals how these winners have made athletes from all walks of life into legends in their own right. These same lessons promise everyday people success through hard work and dedication. Filled with character, stories of triumph, and indomitable spirit, this book is sure to inspire anyone who will not accept second-best.

Blending Families Trevor Crow Mullineaux,Maryann Karinch,2016-05-26 Blending Families responds to the need for a book that explores step-parenting by starting with the marriage as the central relationship in a new blended family unit. Just as you are better able to help your child in an airplane emergency if you put your oxygen mask on first, you are better able to blend two families if you take care of the marriage first. Starting with a discussion of attachment styles, the authors explore how those styles translate into the new family unit when trying to forge a new marriage while parenting tween and teen children in a family unit that is new to them as well. They provide parenting guidance premised on the fact that parenting occurs within a context, and in this case, a context that is unfamiliar territory for everyone involved. Using true stories throughout, they explore the variety of challenges that may arise, such as sibling rivalry, puberty, dating, emotional and intellectual differences, and preferential treatment, and offer suggestions for overcoming obstacles to fully blending. By focusing the light on the marriage as the most important source of stability, the authors encourage readers to develop a style of parenting that works for everyone and brings a sense of unity and strength to the household.

Vietnam Veterans Unbroken Jacqueline Murray Loring,2019-06-13 For 50 years, civilians have avoided hearing about the controversial experiences of Vietnam veterans, many of whom suffer through post-traumatic stress alone. Through interviews conducted with 17 soldiers, this book shares the stories of those who have been silenced. These men and women tell us about life before and after the war. They candidly share stories of 40-plus years lived on the edge of the knife and many wonder what their lives would be like if they had come home to praise and parades. They offer their tragedies and successes to newer veterans as choices to be made or rejected.

Zen Pencils Gavin Aung Than,2014-11-11 NEW YORK TIMES BESTSELLER! Gavin Aung Than, an Australian graphic designer turned cartoonist, started the weekly Zen Pencils blog in February 2012. He describes his motivation for launching

Zen Pencils: I was working in the boring corporate graphic design industry for eight years before finally quitting at the end of 2011 to pursue my passion for illustration and cartooning. At my old job, when my boss wasn't looking, I would waste time reading Wikipedia pages, mainly biographies about people whose lives were a lot more interesting than mine. Their stories and quotes eventually inspired me to leave my job to focus on what I really wanted to do. The idea of taking these inspiring quotes, combining them with my love of drawing and sharing them with others led to the creation of Zen Pencils. Zen Pencils deftly blends the inspired thoughts of our great creative and moral thinkers with its own fresh visual wit. Because these work as pithy history lessons illuminating timeless human truths, it's no wonder Gavin's engaging comics go viral! —Michael Cavanaugh, Washington Post's Comic Riffs Sometimes all it takes is a clear, original vision and a talented hand. Gavin Aung Than and his genius of Zen Pencils gives us that together, and so much more. --Chris Hadfield, retired astronaut and former Commander of the International Space Station If you read this book and don't get a lump in your throat and a stirring in your heart at least once, check your pulse. You're dead. —Philip Plait, The Bad Astronomer Gavin has the amazing ability to make words and ideas come alive. He teaches, inspires, and brings a whole new level of creativity to the quotes that hold a special place in our hearts. —Brené Brown, Ph.D., LMSW Author of the No. 1 New York Times Bestseller, Daring Greatly Zen Pencils is a visual demonstration of joy and courage. Buy it for inspiration, and keep it for regular reminders of living bigger. — Chris Guillebeau, New York Times Bestselling Author of The \$100 Startup

From the Roots Up Randy Camacho, 2013-01-14 From the Roots Up seeks to inform, motivate, challenge, and inspire you to look past conventional wisdom regarding life, faith, and politics. This collection of columns and stories offers thought-provoking story vignettes about everyday people and the issues they face today. Arizona native Randy Camacho has his finger on the pulse of what makes his state tick its people. He was raised with a strong work ethic, and he knows what it means to pursue freedom and the American Dream. In this collection of past columns and personal stories from the Arizona Republic, Camacho has included columns that cover political topics and others that profile different personal experiences, including The Courage of Compromise, Patriotism Trumps Dogma, Stop and Gain Perspective, and Freedom's Promise Shines in Many Ways. The Loser's Ball Bob Lannom,2024-07-08 This is the story of a farm kid who grew up on a small dairy farm with the dream of playing baseball for the Tennessee Volunteers. There was no Little League, nor did his high school have a baseball program. He was left to develop his skills through creative techniques in preparation for his time to come. He became a “rock hitter”, pitching up rocks and smacking them with old axe handles. The book details how he dealt with Loser’s Balls and how he worked through his losses by not giving up, but “giving out” with his determined work ethic to “pocket” the negatives and climb out of the loser’s bracket as he turned his Loser’s Balls into “Opportunity Balls”, winning many championships along the way. You will learn that losses are often disguised as foundations for upcoming victories greater than your expectations, not only in sports, but in the extra innings of the game of life. Philippians 4:13.

Lead On! Dave Oliver,2009-01-16 “A warm yet specific book which cuts to the heart of leadership issues and savvy.”—The Bookwatch Informal, even conversational in style, Lead On! is nevertheless a serious handbook from which aspiring leaders can learn how to achieve seemingly impossible goals. The book is replete with examples from the author’s experience and from the history of the nuclear navy, where the price of failure can be death. Civilian managers will find that many of the principles discussed here can be employed with profit in private industry. The old school of motivation by coercion never accomplished much with submarine sailors, who are among the navy’s elite, and the author has found that what works with this new breed of mariner-technician can be of enormous value in dealing with the members of an entrepreneurial organization. Praise for Lead On! “A wealth of advice on military leadership that is also pertinent to civilian managers.”—The Retired Officer “It is a particular pleasure to see an officer from the ‘silent service’ publish his thoughts and viewpoints. In a light and breezy style . . . Admiral Oliver [expresses] some current thinking on critical issues.”—USNI Proceedings
