Locked away for years before it was made available, and now fully annotated by Chic and Sandra Tabatha Cicero, *Gold* is the first new book by Regardie published in decades. Analyzing important seventeenth-century alchemical treatises, such as *The True Book of the Learned Synesius*, Regardie uses the language of Jungian psychology, magnetism, and hypnosis while citing his own unique experiences as a therapist and healer. Learn about spiritual alchemy and the connection between ancient magic and modern-day psychology. Explore the similarities between alchemical theory, Taoist philosophy, yoga, Zen Buddhism, and experiments with the human aura. With illustrations and appendices, including Regardie's original text *The Art of True Healing*, *Gold* is a definitive work by a true master.

The Tree of Life Israel Regardie, Chic Cicero, Sandra Tabatha Cicero, 2000 Israel Regardie wrote The Tree of Life, a book many consider his magnum opus, in 1932. It has continued to sell for decades. And no wonder. Up until the time this book was published, very little information about true high magic was available to the public. In this book, Regardie reveals the

secrets of real magic. He begins with an explanation of what magic is and, just as importantly, what magic is not. He explains that it is a spiritual study and practice which, along with forms of yoga, forms the two branches of the tree that is mysticism. Magic is not being a medium or a psychic. Then he explains the tools of the magician, what they mean, and how to use them. He explains the techniques of evocation and invocation, skrying, and astral travel. He shows how the Qabalah unites everything. He even gives a description of the secrets of sexual magick. All of this is in a clear, lucid writing style. This book is simply a must for anyone who is, or aspires to be, a real magician. Although Chic and Sandra Tabatha Cicero were friends of Regardie and are Senior Adepts of the Hermetic Order of the Golden Dawn, what changes could they have made to this classic book? Well, they did change the spelling from British style to American. And they did change his transliterations of Hebrew into the more popular style he used in his later books. But nothing vital was changed or removed. Everything else they added was complementary to the text that was there. And what incredible additions they are! Extensive annotations throughout every chapter; over 100 illustrations; more descriptive contents pages; a glossary, a bibliography and an index. They've even added a biographical note on Regardie and the importance of this book to him and to the occult world. This book contains some of the finest occult writing that has ever been produced. And with the new material by the Ciceros, it becomes a must-have for any magician!

The Tree of Life Israel Regardie, 1972-01-15 An introduction to ceremonial magic and Qabalah by the man believed to be the last living Adept of the Hermetic Order of the Golden Dawn. *The Tree of Life*, written by the occultist and ceremonial magician Israel Regardie, is the most comprehensive introduction available to the Golden Dawn system of initiation, a movement that greatly influenced modern esoteric traditions. It also serves as an ideal introduction to the numerous complex and obscure mystical writings of Aleister Crowley, whom the author served for a time as a personal secretary, and includes practical exercises for developing the will and the imagination.

The Wisdom of Israel Regardie Israel Regardie, 2018-10-31 The most important thoughts of Israel Regardie lie within the pages of this book. This unique compilation of essays and commentaries span his early career right up to his passing thru the veil. Every student and master will find *The Wisdom of Israel Regardie, Volume II*, both valuable and fascinating. Israel Regardie was a fascinating figure and larger than life philosopher, capable of kindness and humor while defending truth and justice. His writings capture his capacity for both intellectual rigour and a refreshing sensitive insightfulness. This is the very best of Regardie, an instant classic, and a must read for the esoteric student.

The Complete Golden Dawn System of Magic Israel Regardie, 2019-11-06 Regardie's resonance with the Golden Dawn derived in part from the intuitive knowledge that he demonstrated in his 1932 book, *The Tree of Life*. With the sponsorship of Dion Fortune, he joined the Stella Matutina in 1933 but quickly became disillusioned with its egotistical leadership and departed less than two years later after attaining the grade of Adeptus Minor. Three years after that, he published his

landmark collection *The Golden Dawn*, making the secret rites and teachings of the on-again, off-again Order available to a wider public for the first time, and making possible today's resurgence of interest in the Order. Several years later, Regardie and Crowley parted company after an acrimonious public clash of personalities. Regardie returned to the United States and studied chiropractic medicine in New York. He served in the Army during World War II, and afterward moved to Los Angeles to open a chiropractic clinic and also work as a Reichian therapist. He had studied psychology and psychiatry with several notable teachers and was a strong proponent of Jungian analysis all his life, as well as the more controversial work of Wilhelm Reich. Both writers are known among the 20th century's most unique and controversial psychological theorists, whose writings straddled the border between science, religion and myth, and incorporated a strong element of sexuality. It is easy to see how this emphasis blended well with Regardie's magical and esoteric studies.

A Garden of Pomegranates Israel Regardie, 1970 *The Original Account of the Teachings, Rites and Ceremonies of the Hermetic Order of the Golden Dawn* as revealed by Israel Regardie, with further revision, expansion, and additional notes by Israel Regardie, Cris Monnastre, and others. A comprehensive index has been supplied by noted occultist David Godwin for this new edition. Originally published in four volumes of some 1200 pages, this 6th Revised and Enlarged Edition has been reset in half the pages (retaining the original pagination in marginal notation for reference) for greater ease and use. Corrections of errors in the original editions have been made, with further revision and additional text and notes by actual practitioners of the Golden Dawn system of magick, with an introduction by the only student ever accepted for personal training by Regardie. The Golden Dawn, once a secret order, was one of the most prestigious groups flourishing at the turn of the century. Membership included such notables as W. B. Yeats, Aleister Crowley, Dion Fortune, Algernon Blackwood, Arthur Machen, Lady Frieda Harris, Brodie Innes, S.L. MacGregor Mathers, A.E. Waite, Evelyn Underhill and W. Wynn Westcott. Its influence on 20th century spiritual science has been enormous!

The Legend of Aleister Crowley Israel Regardie, Percy Reginald Stephensen, 2015-09-25 Exposes the vicious media campaign of vilification pursued against the Magus of the New Aeon.

The Wisdom of Israel Regardie Israel Regardie, 2018 *The Wisdom of Israel Regardie*, Volume I, is filled with the rich wisdom and deep knowledge of the world famous occultist who was the personal secretary to Aleister Crowley for four years. This book contains the best of Regardie's introductions to his and other authors books spanning the decades of his career. It also has some of Regardie's best forewords and prefaces. This never before published compilation allows the reader to gain breadth and depth into many of Regardie's writings, thoughts and philosophies in one amazing book. Israel Regardie (1907-1985) is a crucial figure in the development of modern occultism. At the age of 21 he travelled to Europe to work as Crowley's secretary, a period he writes about in his perceptive and sympathetic biography of the Beast, *The Eye in the Triangle*. This work describes (and is written despite of) their dramatic falling out which culminated in Crowley writing anonymously to every one whom Regardie knew or might come into contact with alleging all manner of extreme personal faults, no doubt intended to be as hurtful as possible. Regardie's commitment to magick and spiritual advancement continued unabated. He joined the Stella Matutina, a continuation of the Golden Dawn. As the operations of this group faltered Regardie came into possession of the Orders papers. Starting in 1937, Regardie published them so that the system would be preserved forever. Hand in hand with his magickal activities Regardie explored Freudian, Jungian and Reichian

psychoanalysis, and became a practitioner. For Regardie, magickal endeavour had to interface with spiritual awakening and psychological development. Regardie authored nearly a dozen original books including such substantial works as *A Garden of Pomegranates*, *The Tree of Life*, *The Philosophers Stone* and *The Middle Pillar* all of which were first issued in the 1930s. He worked to make the Golden Dawn system available and understandable to a new generation with new revised editions of *The Golden Dawn* and original works drawing upon the system in the 1960s, 70s and 80s. His transmission of the Golden Dawn system went beyond just communication of information about the system, he also acted as ritual initiator permitting others the reactivation of the Order.

The Philosopher's Stone Israel Regardie, 2019-01-15 *The Philosopher's Stone* presents text and analysis of three major alchemical works, approached symbolically, using the symbol systems and viewpoints of magic and psychology. The objective of alchemical study has been described poignantly by Dr. Israel Regardie. Like modern psychological methods, the alchemical formulae have as their goal the creation of a whole man, a fully integrated individual. Not only does alchemy envisage a person whose several constituents of consciousness are united, but with the characteristic thoroughness of all occult and magical methods, it proceeds a stage further. Alchemy aspires toward the development of a free and illuminated psyche. It is here that it parts company with orthodox psychology, and here that Dr. Regardie's insights shine. The clarity and elegance of the author's style, and the precision and depth of his thought, make *The Philosopher's Stone* an important and meaningful experience for every person who aspires to personal development and wholeness.
