Hope Bernard Warach, 2011-05-20 Without hope, there is nothing. As the child of young, poor Polish immigrant parents who lived on the Lower East Side of New York, Bernard Warach grew up celebrating a life of freedom in America, despite facing seemingly insurmountable odds during an incredibly challenging time in America. This is his story. Bernard suffered an attack of poliomyelitis at the age of three that left him with a withered left leg and diminished strength; even so, he went on to lead a vigorous life. With great attention to detail and the historical events that took place at the time, Bernard narrates an entertaining and dramatic tale that begins with his early experiences in public schools and continues through his graduate training in social work at the University of Pittsburgh. Through anecdotes and personal reflections, Bernard traces the remarkable life journey that eventually led him into fifty years of service with the United States Department of Agriculture

and as founding Executive Director for the Jewish Association for Services for the Aged (JASA). *Hope: A Memoir* provides an intriguing glimpse into the evolution of a family and how one man overcame adversity as a child to live a long, full, and rich life.

Parisians: An Adventure History of Paris Graham Robb, 2011-04-11 The New York Times bestseller: the secrets of the City of Light, revealed in the lives of the great, the near-great, and the forgotten—by the author of the acclaimed *The Discovery of France*. This is the Paris you never knew. From the Revolution to the present, Graham Robb has distilled a series of astonishing true narratives, all stranger than fiction, of the lives of the great, the near-great, and the forgotten. A young artillery lieutenant, strolling through the Palais-Royal, observes disapprovingly the courtesans plying their trade. A particular

woman catches his eye; nature takes its course. Later that night Napoleon Bonaparte writes a meticulous account of his first sexual encounter. A well-dressed woman, fleeing the Louvre, takes a wrong turn and loses her way in the nameless streets of the Left Bank. For want of a map—there were no reliable ones at the time—Marie-Antoinette will go to the guillotine. Baudelaire, the photographer Marville, Baron Haussmann, the real-life Mimi of La Bohème, Proust, Adolf Hitler touring the occupied capital in the company of his generals, Charles de Gaulle (who is suspected of having faked an assassination attempt in Notre Dame)—these and many more are Robb's cast of characters, and the settings range from the quarries and catacombs beneath the streets to the grand monuments to the appalling suburbs ringing the city today. The result is a resonant, intimate history with the power of a great novel.

George Jones Bob Allen, 2023-10-03 George Jones's nearly 60-year recording and performing career has had a profound influence on modern country music and influenced a younger generation of singers, including Garth Brooks, Alan Jackson, Randy Travis, Tim McGraw, and Trace Adkins. As Merle Haggard said of Jones in Rolling Stone magazine, "His voice was like a Stradivarius violin: one of the greatest instruments ever made." Jones's saga is a larger-than-life tale of rags to riches and back to rags again. He was born into near poverty in a backwater patch of East Texas. His formal education ended early; by his early teens, he was singing on the streets of Beaumont, Texas, for tips. After beginning to record in the mid-1950s Jones became, by sheer dint of his vocal prowess, one of Nashville's most celebrated honky-tonk singers. But from the start, Jones's life, as often reflected in his music, was shaped by misdirection, chaos, turmoil, and emotional strife aggravated by a ferocious appetite for alcohol. Fame and adulation seemed to merely intensify his personal travails. Jones's story has a relatively happy ending. With the help of fourth wife Nancy during the final decade and a half of his life, he got clean and sober, was feted as a much-revered elder statesman for the music, and, by most accounts, found peace of mind at long last.
