**What Did Jesus Really Say-How Christianity Went Astray** Peter Cayce,2005-01-06 No dogma please. And hold the mustard. For something to be called Christianity, it should be based on the teachings of Jesus Christ. Jesus never said he needed to die for our sins so we could be saved. Only Paul and John make this claim. Christianity has therefore become a form of Paulism and Johnism that emphasize the Savior aspect of Jesus. And Paul had never met Jesus or heard him teach while Jesus was alive, and John tells a story that's so different from the other disciples that we must seriously question him as a source. Did you also know there are two different biblical stories about how Judas dies? And Mary Magdalene wasn't a prostitute until the Pope made her one in the sixth century. Pope Urban II even made killing non-Christians acceptable in the eleventh century. Other subjects include ancient Buddhist records about Jesus traveling to India and studying Buddhism. Jesus may even have studied and practiced Kabbalah. Subsequently, *What Did Jesus Really Say* is an easy to read introduction that also reflects on God, Karma, Buddhism, Kabbalah, Reincarnation, Politics, and even Astrophysics.

**The Buddha Said...** Osho,2017-06-06 One of the best-known and most provocative spiritual teachers of our time presents the Sutra of Forty-Two Chapters, sharing his unique insights into its profound ancient wisdom This rich and refreshing book invites us to travel with the Buddha on a path of radical wisdom. In his inimitable style, Osho interprets the Sutra of Forty-Two Chapters—a scripture compiled by a Chinese emperor in the first century CE—using wonderful contemporary anecdotes to make profound points. As we laugh or shake our heads at the folly of the characters in the stories, or marvel at their goodness, Osho engages us at every level to let us experience the Buddha's teachings and take in their timeless truths. As he writes in this powerful book: No belief is required to travel with Buddha. You can come to him with all your skepticism—he accepts and welcomes you, and he says, 'Come with me.'

**Mystery of the Christ** Oskar Kürten,2023-05-15 Who is the Christ? What is the 'Sun-spirit'? How should we understand the person of Jesus in relation to the Cosmic Christ, or even to the Holy Trinity? In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus, originally dispersed throughout his many writings and lectures, Oskar Kürten creates a mutually reconcilable and coherent text. We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth. The results of his work can sometimes be overwhelming, but as Kürten points out: 'humanity is always advancing in its intellectual and spiritual culture, and each step poses higher demands

on our capacity to understand'. In a volume comprising three previously-untranslated booklets, composed originally as study material for people conversant with the fundamentals of anthroposophy, *Mystery of the Christ* gives numerous pointers to great mysteries, inviting readers to penetrate ever more deeply into the inexhaustible subject-matter. As Kürten states, this approach enables us 'again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth-existence and the Mystery of Golgotha are placed'.

THE GOSPEL OF JOHN Original Version - Volume II translated by James David Audlin, 2014-02 The only narrative about Jesus by eyewitnesses, this is also one of the world's greatest literary works. The unfinished text was spirited off to Sinope when the author was sent into exile. Even there the hand of Rome nearly destroyed it. Rescued 35 years later, the author's spiritual heirs published it. While in Sinope some pages got lost or disordered. After publication various editors changed the manuscript repeatedly to suit the changing doctrines of early Christianity, even adding spurious new material. Thus the standard text is an inspiring mess, but still a mess. This translation restores not the unfinished original text, but the masterpiece the author sought to compose: a first-hand account of a real man sent to urge humanity to accept God's will, set down before doctrine repackaged him as an incarnate deity. Volume One contains the carefully restored text and a history of the gospel. Volume Two includes commentaries that burnish this masterpiece for the modern reader.

The Christ and the Bodhisattva Donald S. Lopez Jr., Steven C. Rockefeller, 1987-07-01 In this book, the authors explore and reconsider the contemporary significance of the Christ and the Bodhisattva. The volume includes essays by three eminent Christian theologians, Langdon Gilkey, Brother David Steindl-Rast, and Ann Belford Ulanov, that explore the significance of the Christ from the perspectives of the Roman Catholic contemplative tradition, modern depth psychology, and liberal Protestantism. Drawing on information previously unavailable in English, three distinguished scholars of Buddhism, Robert Thurman, Luis Gomez, and His Holiness the Dalai Lama, investigate the significance of the Bodhisattva in India, East Asian, and Tibet. A substantive introduction sets the historical background for the Christ in Christianity and the Bodhisattva in Buddhism. Contributors' essays enhance our understanding of current presuppositions, problems, and prospects for the Buddhist-Christian dialogue.

Esoteric Christianity Made Simple Con Trong Bui, 2020-03-31 *Esoteric Christianity Made Simple* is a thought-provoking, inspiring look at the Christian Bible, presenting ideas and context that are not what typical Christians usually hear or read. Those who are open-minded will find this book to be entirely different from their concept of Christianity, but any reader can understand and appreciate the explanations and insights. *Esoteric Christianity Made Simple* challenges long-held beliefs about topics from the Creation of Man to the Last Supper, focusing on the deeper, metaphorical meanings of the parables

and stories in the Bible. Whether or not you consider yourself to be religious or a Christian, this compelling examination of what the Bible is really saying can awaken any reader to a new spiritual reality.

**Integrative Spirituality** Patrick J. Mahaffey, 2018-10-26 In *Integrative Spirituality*, Patrick J. Mahaffey elucidates spirituality as a developmental process that is enhanced by integrating the teachings and practices of multiple religious traditions, Jungian depth psychology, and contemplative yoga. In the postmodern world of religious pluralism, Mahaffey compellingly argues that each of us must fashion a unique path to wholeness which integrates aspects of life and of the self that have become disconnected and disowned. Integrative Spirituality uniquely conjoins four components: exemplary religious pluralists from three traditions, individuation, the forms of contemplative Hindu yoga that have been successfully transmitted to the West, and a presentation of two models for integrating psychological growth and spiritual awakening. The book presents pioneering practitioners in each field who exemplify how we may fashion our own approach to integrating both spiritual awakening and psychological development and delineates an array of spiritual practices that integrate the somatic, psychological, interpersonal, and spiritual aspects of life. Ultimately, Mahaffey contends that integrative spirituality is a mode of being that fully embraces the divinity inherent in each of us and in the world. Integrative Spirituality will be essential reading for academics and students of Jungian and post-Jungian studies, transpersonal and Jungian psychology, and religious studies and contemplative education. It will also be of interest to analytical and depth psychologists in practice and in training, and to anyone seeking a greater understanding of spirituality, psychological growth, religious traditions, individuation, and contemplative yoga.

*New Age & the Last Days Deception* Billy Crone, 2019-03 Some would say New Age refers to those flower loving, freewheeling people in the 60's who wore tinfoil triangles on their head. Others will remark it has to do with those who fear for the ecosystem. Still some will give you a blank stare and say they have no idea what you're talking about. Yet, little do any of these people realize that the beliefs and teachings of the New Age Movement have not only permeated virtually every sector of our society, but they are leading mankind towards the greatest time of deceit this planet has ever seen. Therefore, this book, *New Age & the Last Days Deception*, seeks to give you the reader an in-depth insight into the background and beliefs of the New Age Movement and how they are attempting to lead and deceive our planet. Here you will discover such shocking facts as: The Basics of New Age, New Age in Society, The Beliefs of New Age, New Age & Astrology, The History of New Age, New Age & Mediumship, Oprah Winfrey & Her New Age Friends, and New Age & Divination.

From Punk to Monk Ray Cappo, 2024-04-09 “Ragunath’s transformation shows how one person’s choice to evolve can change the lives of so many. This book is real, funny, and inspirational.” —Jay Shetty The heartfelt memoir of Ray Raghunath Cappo, a legendary hardcore punk musician-turned-monk—and pioneer of the straight-edge movement—told with warmth,

candor, and humor. Ray Cappel was a hardcore punk singer and pioneer of the straight-edge movement living on the Lower East Side of New York City in the '80s, where his band Youth of Today played to packed clubs and touched thousands of people across the globe. But despite the accolades from fans, the popularity of his records, and the positivity he'd brought to the punk music scene, none of this success gave Ray joy. He felt stagnant, and he yearned for something more. This, along with his father's untimely death, led him to abruptly quit the band and buy a one-way ticket to India in pursuit of the answers to life's great mysteries. Living as a monk in the sacred city of Vrindavan and traveling across the country on a series of train trips, Ray embraced the rich, spiritual culture he discovered there. As his unusual adventure unfolded, he encountered extraordinary characters, witnessed deep acts of devotion, and experienced profound moments of divine connection, leading to a radical transformation that was ego-crushing and blissful all at once. Inspired to write music again, Ray returned to the US, where he and other monks founded Shelter, a band dedicated to spreading a message of faith, hope, and love. Told with warmth, candor, and humor—and featuring a foreword by globally renowned musician Moby—this heartfelt memoir chronicles Ray's emotional and spiritual journey from punk to monk and beyond.

The Secrets of Spirituality & Occult Helena Blavatsky, 2023-12-09 In *The Secrets of Spirituality & Occult*, Helena Blavatsky intricately weaves a rich tapestry of esoteric knowledge and spiritual exploration, unveiling the hidden dimensions of human existence. The book is characterized by its philosophical depth and mystical prose, drawing from a diverse range of traditions, including Eastern religions, Gnosticism, and the Western esoteric traditions. Blavatsky employs a metaphorical and often poetic style, inviting readers to ponder the intricacies of nature, existence, and the soul's journey toward enlightenment, all while positioning her work within the burgeoning context of 19th-century occultism and spiritual movements. Helena Blavatsky, a prominent figure in the Theosophical Society, was a revolutionary thinker whose travels across various cultures and in-depth studies of ancient texts profoundly influenced her worldview. Her early experiences in Russia and her later explorations in the East imbued her with a unique perspective on spirituality, which she passionately sought to communicate through her writings. Blavatsky's dedication to uncovering the universal truths underlying diverse belief systems led her to synthesize complex philosophical ideas into accessible narratives. This book is highly recommended for seekers of knowledge, scholars of spirituality, and those curious about the intersection of mystical thought and practical wisdom. It serves not only as a guide to understanding the deeper aspects of existence but also as an invitation to engage

with the transformative power of occult studies that remain relevant today.

*Faith, Religion & Theology* Brennan Hill, Paul F. Knitter, William Madges, 1997 This thoroughly updated text offers students and adults an overarching perspective. The Faith section focuses on the nature of human faith and Christian faith. The Religion section examines the personal and social value of religion, religious belief and behavior, and offers an overview of major world religions. The Theology section includes an analysis of the theology/faith relationship. Suggested readings and study questions, excellent end notes and index add to the value of this edition.

**The Gospel of John and the Other Three Gospels** Rudolf Steiner, 2025-05-19 What is the Christ-event? It is a confluence of all preceding philosophies and religious streams of humanity... united in Palestine; and they were expressed in the Gospels according to the different types of initiation of the one or other Evangelist.' – Rudolf Steiner Speaking two years after his main lecture course on the Gospel of John, Rudolf Steiner discusses initiation traditions in the course of human history, and how the Christ Event unified them all – in particular, those connected to the Western and Eastern mysteries. In addition to esoteric interpretations of passages in the Gospels, Steiner also presents many new and complementary insights on the world-historic significance of Christ's mission, including his initial reference to the Second Coming in the etheric realm. Dense in content, these thirteen lectures – delivered to an audience at the Royal Swedish Academy of Science, Stockholm – enrich our understanding of Rudolf Steiner's Christology. Only recently published in German, and here in English for the first time, the lectures are accompanied with an introduction by Hans-Christian Zehnter, an appendix of photos and facsimiles, extensive notes and an index. The voice rose and the speaking took on a more rapid tempo, while it flowed without stopping in perfectly formed, beautiful sentences, as only a born speaker can produce.' (From a contemporary newspaper review.) Thirteen lectures, Stockholm, Jan. 1910, GA 117a
