*Labor Pain* Chioma A. A. Menakaya, 2023-02-09 Parents! Have you ever wondered what went wrong with your child or blamed yourself for your children's difficulties? Have you battled with the should haves and the should have nots? The book *Labor Pain* is a thought-provoking analytical search for answers to the parent-child relationship. It's the author's inner conflicts and questions raising her children in a different cultural environment than the one she was raised in, as a single parent, a product of divorce, a Christian, and in a time of big cultural change. Her book explores the roles and conflicts between culture, religion, personality, and socioeconomic factors in the parent-child dyad and parenting. The highs and lows of parenting and the many twists, turns, and rest stops on her spiritual journey as a parent. Her book explores the real human struggles in stories, proverbs, poems, and other narratives. Using Psalm 127:3-5 that declares that children are a gift and a reward from God as its framework, the challenging questions become the following: Why is parenting hard? Who or what is to blame for parent-child relationship difficulties? What constitutes a healthy relationship? What is good or bad parenting? Chioma A. A. Menakaya invites the readers to journey along with her, and as they do, make their own discoveries or gain

insight to help them deal with or appreciate their own journey as parents. The author hopes that children reading this book will gain an understanding from the parents' perspective. The book also provides useful tools for child welfare workers, psychologists, family advocates, and counselors dealing with migrant families and understanding the role of culture and religion in parenting. Journey along. About the Author Chioma is a mother of three who resides in Howard County, Maryland. She had a broad and extensive career in banking and financial services before moving into the public sector. Chioma is a member of Women's Business Enterprise. She owns several small businesses including a non-profit organization, Care Connect International Inc., whose mission is to help the less privileged in the community they serve ease some of their economic burdens. She understands that ignorance is crippling, thus, she never ceases in her pursuit for knowledge. Adroit in researching, analyzing, and understanding the legal, ethical, political, religious, and socioeconomic environments, she uses her book series Just from my Heart the tales of her personal journey, in an interdisciplinary approach to seek answers to the hard questions that tug at her heart. As life happens and as the human mind is a constant battlefield, her writings delve into the core of human relationships and life dilemmas to help bring perspective to the Why? of how things are. As a Christian, Chioma seeks solace and serenity in God through the turbulent waters of her life and when things do not just make sense. In Christ alone, her present help in surmounting the many curve balls life has thrown at her. Chioma wins because God always wins.

Seeds of Success Sheryl Towers, 2009-11-30 The pursuit of success can drive people to endlessly seek outside acceptance. Raises and praise from employers and social peer groups may be a sign of prosperity and progress but should not be mistaken for genuine achievement. According to Sheryl Towers, the founder of Life Enrichment Skills, only that which contributes to a person's overall happiness and enthusiasm can be considered true success. By using the metaphor of seeds blossoming into life, Towers adds a depth and personalization that transcends the standard step-by-step self-improvement guide. Through seventeen basic principles, or seeds, such as honesty, integrity, and faith, Towers lays the groundwork for a life of fulfillment. Each tenet, when cultivated and practiced, can enhance a person's sense of self and help them prepare a better future. Her view is a combination of realism and optimism. Seeking true success, she admits, can take time, patience, and resolve. As someone who has risen above negative conditioning to live by her own terms, Towers provides firm encouragement to support the reader through their journey. Words of wisdom from respected intellectuals, sports figures, and business executives combine with inspirational stories to guide those who wish to add true value to every aspect of their lives.

Modern Homelessness Mary Ellen Hombs, 2011-04-19 This in-depth examination reviews fundamental changes of the past decade that have reduced homelessness in the United States and other Western democracies. Focusing on the last decade, *Modern Homelessness: A Reference Handbook* examines the issue in the United States and in other nations that have adopted new strategies to address homelessness—and achieved notable results in preventing and ending it. The handbook covers the unprecedented reductions first announced in 2007 and the crucial shifts in strategy and investment, and the results that brought them about. These fundamental changes are analyzed to identify the factors that proved most effective in altering the national and local dialogue and response relative to this daunting issue. In addition to a brief history of homelessness in contemporary times, the handbook examines key developments of the past decade in research, policy, housing models, and service delivery that have been shown to decrease homelessness. These include active partnership among the governments of the United States, Canada, England, Australia, New Zealand, and others that moved the discussion in a new direction. The story is brought up to date with a consideration of the effects of the 2008 economic crisis.

*Odyssey of a Soul in Bondage* Jon E. Quick, 2008-02-29 A horrific act of violence captures the headlines. Yet, for those who bother to reflect on what little information which can be gleaned from a short article, a basic question often arises: Why? Behind the simplistic and abbreviated story offered by the media are multiple threads which, step-by-step led to the headline. In *Odyssey of a Soul in Bondage*, the author explores the events and decisions which led to one such incident. This narrative does not attempt to excuse or defend what is an indefensible crime, but is rather a personal search to answer how and why.
