The House by the Churchyard Joseph Sheridan Le Fanu,1899

The House by the Churchyard J. Sheridan Le Fanu,2025-06-11 When a skull is unearthed in the garden of an old house in Chapelizod, a quiet village on the outskirts of Dublin, it sparks the telling of a buried tale. In the 1760s, the village's seemingly genteel life—populated by military officers, doctors, clergymen, and local gossips—is unsettled by a series of disturbing events: a masked assailant attacks a young man, a mysterious stranger named Mr. Dangerfield takes up residence, and the sudden disappearance of a local figure hints at murder. Beneath the surface of dinner parties and Sunday sermons, secrets fester and violence simmers. A landmark of Victorian gothic fiction, *The House by the Churchyard* [1863] blends mystery, dark comedy, and historical realism in a narrative that influenced generations of writers. It is a key source for James

Joyce's *Finnegans Wake* and a striking example of J. Sheridan Le Fanu's talent for uncovering the eerie within the everyday. This atmospheric and intricately plotted novel stands as a precursor to the modern psychological thriller—and one of Le Fanu's most ambitious works. JOSEPH SHERIDAN LE FANU [1814-1873] was an Irish mystery and horror author. He had an enormous influence on the horror genre in the 19th and 20th century, especially through his championing of tone and effect rather than shock factor. Among his most noted work is the lesbian vampire novella *Carmilla* [1872] and mystery *Uncle Silas* [1864].

The House That God Built Zebedee King, 2016-02-27 By looking at the nightly news and simply observing for themselves the denigration of homes and communities across our country, many would agree that family foundations are cracking and shifting out of place. This has resulted in untold devastation within the home and our other social systems; therefore, many households and lives have simply given way and collapsed under the weight of a host of societal pressures. Many believe that a generation of social experimentation along with our cultures fixation at redefining virtually every foundational institution (especially the first human institution marriage) are responsible for placing the family and society on very shaky ground indeed, leaving a very dubious moral and economic legacy for successive generations. When cracks begin to appear upon the walls of a house, it may indicate a shifting or damaged foundation, which may indicate poor foundation work. As a result, builders typically reexamine the blueprints the master plan to determine the manner and materials with which the house and foundations built in order to pinpoint and repair a weak or damaged foundation. It is the authors conviction that in many households within society, weak or faulty spiritual and moral foundations have been laid, resulting in the cultural cataclysm we witness throughout our land. In his book, *The House that God Built: Gods Master Plan for Marriage and His Blueprint for Blessing*, Book One of his *Strong Foundation for Strong Families* series, the author discusses the need for a RE-Vision, of marriage and the family but not by redefining, replacing or removing these honorable foundations and pillars which have supported societies from the beginning of time. Rather, by employing the word RE-Vision, he calls for a refocus a fresh new look at Gods original design for the marriage and family. This plan is found in Gods Holy Word, specially, the first two chapters of the Book of Genesis because this, he feels, is where marriage, family and social systems began. Therefore, the book is a thorough exposition of the first chapters of Genesis which explore the motivations and the methods through which God Himself built His house (the heavens and the earth). This study provides keen spiritual and practical insights as to how we can build our homes according to Gods plans so as to receive His best blessings upon our homes and upon our communities.

Influenced by his own experiences and literary predecessors, Le Fanu adeptly navigates themes of hauntings, madness, and moral ambiguity, offering profound insights into the human psyche and the spectral world beyond. The House on the Borderland William Hope Hodgson, 2017-01-12T03:48:22Z *The House on the Borderland* is unique in several ways. The narrative itself is a double-frame narrative: the editor of the volume is presenting a manuscript he found under mysterious circumstances, describing the account of two fishermen who themselves discovered a hand-written account of the cosmic haunting of a recluse's remote home. Additionally, the novel is one of the earliest examples of the departure of horror fiction from the Gothic style of supernatural, psychological hauntings, to more realist, science-fiction/cosmic horror themes. The recluse is, among other events, transported to a mysterious supra-universal plane populated by monsters and elder gods; and his house withstands assaults from legions of monsters as he travels across time and the solar system. The book was very influential on H. P. Lovecraft, who himself was famous for the cosmic horror themes in his work. The concept of an uncaring, and even evil, universe that Lovecraft found so disturbing is front and center in this supremely strange novel. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

The House of Falling Women Rosemary Ekosso, 2008 House of Falling Women is the story of a young woman with quixotic ideas about improving the lot of women who finds out that the crusader's cloak is an uncomfortable one. Martha Elive, armed with a university education and a substantial legacy from a Dutchwoman she meets while studying abroad on a scholarship, decides to create an institute for the empowerment of women, only to find that the contradictions to be resolved are more firmly anchored in her psyche than elsewhere. In addition to her unexorcised ghosts and the legacies of a chequered love life, she has to contend with recalcitrant public opinion and moral inertia, the opposition of old-guard reactionaries, and the incomprehension of her small-town parents. House of Falling Women is a poignant, often hilarious story of the search by a group of women for a new place in society in a world where women are dissatisfied with the old values and bewildered by the new.
