Trillia J. Newbell

"I Believe in You" Tina Sass, 2010-05-28 If you could ask your parents to tell you four things—four life lessons—that may have changed the way you lived your life, what would those four things have been? This book visits some basic keys to successful living that were passed over for the author and that seem to have been passed over for many young women. Instead of preaching fairy tale endings, it is time for parents to pass on realistic skills and facts to their daughters. This book was written to create conversations. Read it alone, read it with your daughter, then share it with others. I believe in you. TS

"Remember You're A Jones" Lessons That My Father Taught Me Brian Jones Jr,2019-03 According to the U.S. Census Bureau, 19.7 million children, more than 1 in 4, live without a father in the home. Consequently, this has caused a father absence crisis in America. Every day, little boys and girls are growing up, going through each stage without that

important role a man ultimately plays in a child's life. My father was one of those little boys and through that experience found his purpose: to be the best father to his children that he could be...and he was. On October 31, 2016 I lost the greatest man I've known, but the lessons he has taught me will live on forever.

Believe in Yourself Anne Poole, 2020-11-10 Believe in Yourself shares Anne's life journey; the struggle of overcoming challenges from being unhappy to finding fulfilment and vitality. Relationship experiences that led her to seek counselling and resolving to put herself first have given her real insight. A heartfelt epiphany about her mum was very powerful and confronting, yet freeing in offering true wisdom and solutions. Her limiting childhood beliefs had suppressed her voice. In sharing her fears about failure, fear of success and fear of shame, and highlighting the range of physical and psychological feelings associated with inertia and procrastination that were preventing her from moving forward, Anne illustrates how she found acceptance in the most difficult of situations. Digging deep and using various tools, she courageously faced the situations, embraced the lessons, and continues to enjoy the successes obtained. This is a wonderfully encouraging story where nature soothes her soul and allows her intuition to be heard. Anne shares her journey with simple honesty and gives genuine encouragement to those who may be facing similar challenges. The final story about the breathtaking scenery of Anne's trip to the Antarctic is filled with appreciation and gratitude for so many gifts, including spectacular sunrises and sunsets. Full of useful tools and practical exercises at the end of each chapter, the Action Aces summaries provide brilliant methods to apply! A LONG PETAL OF SEA SUVASI PAWADE,2022-12-05 First and foremost, I would like to thank you for reading My book. It is my hope that as you read you will find at least one chapter that speaks to you in such a way that you will want to read it again and again, and perhaps share it with my friends. I have written these chapters primarily for sailors or those interested in sailing. I hope however, that the selections of the points or ideas within this book might be enjoyed by many others who simply have an interest in, and a love for Book. My style is simple and unsophisticated. If you are an acute student of writing who counts syllables and study rhyme and meter, my ideas will probably be a disappointment to you. If, however, you read book simply for enjoyment and relaxation, thenmy book may speak to you in a special way and give you hours of pleasure. For it is this reason I write this book. I like to say my ideas of sailors and my love for sailor is nothing more than a story that rhymes... hopefully! It is my wish that my straight-forward and easy to read style is refreshing, and appeals to your taste. It has been my experience that many times it is helpful to understand what was going on in the sailors or seafarer's life and mind of the author at the time she was writing such experiences, to better gain an appreciation of the book. With this thought in mind, each idea in the selections of this book will be preceded by a short stories and experiences by me. The commentary will give a short explanation, information, or simply set the mood for the reading. I have also added some short stories, poems about current sail ships adventures in the appendices of this book. It is my hope that the skills, as well as the stories in the appendices will add to your reading pleasure. I should mention at this time that some of my ideas reflect my faith. I think however, that these chapters will be appreciated and definitely not be found to be offensive by those persons of other faiths. It is my deep belief that we are all on our own faith journey and all are deserving of respect and reverence. Consequently, I will never intentionally write anything that would be disrespectful of any religion. As the title of this book indicates, all chapters are about sailors or sailing adventures. Many were simply conjured up from my imagination. Whether the chapters my ideas are grounded in fact or fiction, it is my hope that within these pages you will be carried away from the cares of this world to a land far away. Some of the ideas may make you sad. Some may make you laugh. Others may leave you scratching your head wondering what that was all about. Whatever your reaction, my hope is that you enjoy what you are about to read and consider the following pages my gift to you. Now find a soft comfortable chair. Throw another log on the fire. Get yourself a hot cup of tea. Open the pages of this book and prepare to let your imagination carry you away.

The Queen of Inspirational Quotes Agnes Bonas,2017-01-16 My book is about quotes. These quotes will inspire you, some will change lives for the better, some will make you laugh, some will make you cry, and the rest you will either agree or disagree with me.

Fear and Faith Trillia J. Newbell,2015-03-17 We will never be short on fears. Failure, rejection, sickness, losing a loved

one, being alone—the fears we carry are many and heavy. Fear can be a tyrant, a bully we can't hide from. It can paralyze our spirit, damage our relationships, and hinder our faith. Trillia is no stranger to fear. She has known its harsh grip on her life, but she has also known the gentle hand of God, a peace and a faith from the One who conquers fears. In Fear and Faith, Trillia will encourage you as she reflects on Scripture and her own story. She will show you Jesus, who was tempted like you in every way. She will show you the character of God and how it inspires faith. And she will show you real women who have walked the road of fear—or are still walking it—and how they have found security in the Lord to be their strength. Whatever your fear, you are not alone, nor are you without hope. You have the One who can replace your fear with faith.

The Druze and their Faith in Tawhid Anis Obeid, 2006-07-06 As a small sect that emerged from Islam over a thousand years ago, the Druze religion and society has long been cloaked in a tradition of secrecy. Veiled from the outside world, the religious tenets have been vulnerable to distortion, misunderstanding, and misrepresentation. In this book Dr. Anis Obeid, a

Druze layman, provides a penetrating analysis of Druze scriptures and beliefs (Tawhid). Presenting a chronological narrative of the foundation and development of the faith, he explains the historical conditions and religious rationale behind this closed religion. The Druze faith is the product of Abrahamic monotheism as it coalesced with other philosophies, belief systems, and political structures of the West and the East and, as Obeid maintains, should be recognized for its core monotheism, and not fundamentally different from Judaism, Christianity, or Islam. He argues convincingly, with examples and translations from the Druze scriptures, only now accessible to a non-initiate public, that Tawhid is a progressive and dynamic spiritual process based on freedom of choice. This rich exploration of their faith, the author's appeal for a sincere cultural dialogue will resonate with a wide audience in the West and in the Middle East.

Suffering in Silence Donna Mac LCPC, 2015-09-29 Selective mutism is an anxiety disorder, and its currently one of the most misunderstood, under-diagnosed, and undertreated mental health conditions. When children with selective mutism feel expected or pressured to speak in social situations, they become terrified. Therefore, their level of anxiety significantly increases, but by remaining silent, their anxiety level slightly decreases, obtaining some relief for themselves. For these children, remaining silent is actually an ineffective coping mechanism, or a maladapted solution to create a sense of safety within themselves. Hence, their mouths freeze, and they are silent. This is temporary relief, but longitudinally, these children suffer in silence. Due to the fact that many children will display normative shy behavior or even socially anxious behavior at times, it can be challenging to discern if the child's behavior falls within normal limits or if the child actually demonstrates clinically significant behavior, signifying a selective mutism diagnosis. This can be confusing for parents, teachers, and even clinicians. This manual is meant to help clarify this distinction and will also assist you in figuring out how to seek help, ask the right questions, and what you can expect from early intervention services, school-based services, and holistic, therapeutic, and psychiatric services.
