**Rosina Ehmann**

Arte y patrimonio cultural Alcántara, Manuel,García Montero, Mercedes,Sánchez López, Francisco,2018-07-01 El Comité Organizador del 56º Congreso Internacional de Americanistas (ICA) publica las actas del encuentro celebrado en la Universidad de Salamanca el 15 al 20 de julio de 2018. Bajo el lema «Universalidad y particularismo en las Américas», reflexionó sobre la dialéctica entre la universalidad y los particularismos en la producción de conocimiento, un diálogo en el que la necesidad de conocer los particularismos de los fenómenos sociales, políticos, artísticos y culturales obliga a formular nuevas hipótesis que enriquecen y replantean las grandes teorías generales de las ciencias y las humanidades. El carácter interdisciplinario e inclusivo que ha caracterizado al ICA desde su inicio en 1875, como un congreso de estudios de área en sentido completo, hace aún más significativa esa dinámica de producción de conocimiento. Con un planteamiento interdisciplinario e inclusivo, ICA reúne a investigadores que estudian el continente americano, desde Alaska hasta Tierra de Fuego, incluyendo el territorio del Caribe, a partir del análisis de su política, economía, cultural, lenguas, historia y prehistoria. Así, el Comité Organizador les invitó participar en el análisis y la reflexión sobre las especificidades de las Américas y el Caribe con el objetivo de enriquecer las grandes teorías generales.

The Routledge Handbook of Archaeological Human Remains and Legislation Nicholas Marquez-Grant,Linda

Fibiger,2011-03-21 Methodologies and legislative frameworks regarding the archaeological excavation, retrieval, analysis, curation and potential reburial of human skeletal remains differ throughout the world. As work forces have become increasingly mobile and international research collaborations are steadily increasing, the need for a more comprehensive understanding of different national research traditions, methodologies and legislative structures within the academic and commercial sector of physical anthropology has arisen. The Routledge Handbook of Archaeological Human Remains and Legislation provides comprehensive information on the excavation of archaeological human remains and the law through 62 individual country contributions from Europe, Asia, Africa, North America, South America and Australasia. More specifically, the volume discusses the following: What is the current situation (including a brief history) of physical anthropology in the country? What happens on discovering human remains (who is notified, etc.)? What is the current legislation regarding the excavation of archaeological human skeletal remains? Is a license needed to excavate human remains? Is there any specific legislation regarding excavation in churchyards? Any specific legislation regarding war graves? Are physical anthropologists involved in the excavation process? Where is the cut-off point between forensic and archaeological human remains (e.g. 100 years, 50 years, 25 years...)? Can human remains be transported abroad for research purposes? What methods of anthropological analysis are mostly used in the country? Are there any methods created in that country which are population-specific? Are there particular ethical issues that need to be considered when excavating human remains, such as religious groups or tribal groups? In addition, an overview of landmark anthropological studies and important collections are provided where appropriate. The entries are contained by an introductory chapter by the editors which establish the objectives and structure of the book, setting it within a wider archaeological framework, and a conclusion which explores the current European and world-wide trends and perspectives in the study of archaeological human remains. The Routledge Handbook of Archaeological Human Remains and Legislation makes a timely, much-needed contribution to the field of physical anthropology and is unique as it combines information on the excavation of human remains and the legislation that guides it, alongside information on the current state of physical anthropology across several continents. It is an indispensable tool for archaeologists involved in the excavation of human remains around the world.

Dinosaur Footprints & Trackways of La Rioja Félix Pérez-Lorente, 2015-07-06 A guide to this fossil-rich area of Spain: "Likely to become a landmark reference in dinosaur ichnology." —James O. Farlow During the Early Cretaceous, lakes, meandering streams, and flood plains covered the region where the current foothills of Rioja now exist. Today the area is known for its wine and for the dozens of sites where footprints and trackways of dinosaurs, amphibians, and even pterosaurs can be seen. The dinosaurs that lived here 120 million years ago left their footsteps imprinted in the mud and moist soil. Now fossilized in rock, they have turned Rioja into one of the most valuable dinosaur footprint sites in all of Europe. Félix Pérez-Lorente and his colleagues have published extensively on the region, mostly in Spanish-language journals. In this volume, Pérez-Lorente provides an up-to-date synthesis of that research in English. He offers detailed descriptions of the sites, footprints, and trackways—and explains what these prints and tracks can tell us about the animals who made them.

XIII Congreso Nacional de Arqueología Argentina, 4 al 8 de octubre de 1999, Cabildo Histórico de la Ciudad de Córdoba, 2001

**Territorios de acumulación en el siglo XXI** Alejandro Fabián Schweitzer, 2025-06-03 El escenario global de fines del siglo pasado e inicios del siglo XXI se caracteriza por la disputa entre grandes capitales transnacionales y por la apropiación de nuevos espacios como surtidores de recursos naturales, estas disputas se inscriben en el proceso histórico de la expansión de las fronteras de la ecología y el mundo capitalista. El espacio conformado por los Andes meridionales y la Patagonia se destaca por la magnitud y complejidad de procesos de producción propios del lugar debido a las reconfiguraciones de naturaleza en marcha y por los niveles de conflictividad que presenta. Esta obra reúnen diez capítulos elaborados por dieciséis autores con un amplio abanico de formaciones y una convergencia de intereses y líneas de investigación con perspectivas críticas, se destaca la importancia del enfoque y de los casos estudiados con los cuales esperamos contribuir a

una mejor comprensión de los procesos de producción del espacio, el escalamiento de las dinámicas globales y sus manifestaciones concretas en nuestros territorios. Las autoras y autores de este libro son integrantes del grupo de trabajo Fronteras, regionalización y globalización del Consejo Latinoamericano de Ciencias Sociales (Clacso).

Humanities Lawrence Boudon,2002-08-01 Beginning with volume 41 (1979), the University of Texas Press became the publisher of the Handbook of Latin American Studies, the most comprehensive annual bibliography in the field. Compiled by the Hispanic Division of the Library of Congress and annotated by a corps of more than 130 specialists in various disciplines, the Handbook alternates from year to year between social sciences and humanities. The Handbook annotates works on Mexico, Central America, the Caribbean and the Guianas, Spanish South America, and Brazil, as well as materials covering Latin America as a whole. Most of the subsections are preceded by introductory essays that serve as biannual evaluations of the literature and research under way in specialized areas. The Handbook of Latin American Studies is the oldest continuing reference work in the field. Lawrence Boudon became the editor in 2000. The subject categories for Volume 58 are as follows: Electronic Resources for the Humanities Art History (including ethnohistory) Literature (including translations from the Spanish and Portuguese) Philosophy: Latin American Thought Music

**Administración cultural** Héctor Schargorodsky,2025-07-24 Administración cultural. Escritos sobre gestión y políticas públicas es una obra imprescindible para quienes buscan comprender en profundidad el funcionamiento del sector cultural desde el Estado. Con un estilo claro y riguroso, Héctor Schargorodsky analiza las claves estructurales de la gestión cultural en Argentina, sus desafíos históricos, sus dilemas institucionales y las condiciones necesarias para una planificación eficaz. Desde la necesidad de diseñar políticas culturales nacionales hasta la urgencia de profesionalizar al sector y fortalecer su base investigativa, este libro se presenta como una bitácora de trabajo y un legado vivo para quienes hoy se forman o ya actúan en el campo cultural. Aporta herramientas para quienes asumen el desafío de construir estructuras estatales a la altura de nuestras sociedades, más justas, plurales y democráticas. Organizado en tres núcleos temáticos -gestión y políticas, profesionalización y estudios de caso-, el libro ofrece instrumentos conceptuales y operativos para decisores, investigadores y trabajadores del ámbito cultural. A través de diagnósticos precisos y propuestas concretas, invita a repensar el rol del Estado, a construir capacidades institucionales sólidas y a asumir la gestión cultural como una verdadera vocación pública.
