A Leader's Gift Barry Banther,2014-04-22 You can no longer count on old motivational tricks to inspire loyalty among your associates. The rules of leading have changed, and now you must be able to take a diverse team and win with them quickly. Barry Banther knows how to equip you for today's business world because he knows what lasting leadership is made of. He has identified five qualities that aren't things leaders have; rather, they are things they give away freely and frequently to everyone they lead in the workplace. By embracing and demonstrating the five qualities expounded in this book, you will become a leader who brings out the best in your associates, whether you're a new manager or you occupy a C-suite office. Banther consults with and trains the teams of CEOs of family-owned as well as Fortune 100 companies. He has been the lead consultant on more than 400 leadership development engagements and has written 50-plus leadership training programs that are used by companies worldwide. After a career in broadcasting and, later, teaching and administration at the college level, Banther served three Florida governors as their appointee to oversee private higher education and was elected to an unprecedented three terms as chairman of the Florida State Board of Independent Colleges and Universities. Having learned the hard way—caring about numbers rather than people—Banther can tell you with confidence that when leaders put others first they themselves become more valuable to their team and their company than any authority or job title could ever mandate! That's also the best way to grow your bottom line: deploy the right people with the right skills at the right time to create loyal and repeat customers!

The Art of War for Beginners Vincent Gagliano,2011-07-11 The Art of War is one of the oldest and most widely read books on tactics and strategy ever written, but it can also be one of the most mystifying for modern readers to tackle. In order to complete this book, author Vincent Gagliano studied several different translations of The Art of War, in addition to

books on business, leadership, and military history. Here, he takes Sun Tzu's ideas and concepts and expresses them in a simplified form for first-time readers. He also describes how he came to write the book, and how new readers can study the text, helping them learn the concepts and apply them to everyday life. Whether you are facing struggles on the literal battlefield, in the boardroom, or in the arena, the ideas first expressed by Sun Tzu 2,500 years ago are still relevant today. Mastering the concepts of combat in any situation can give you the edge up on your competition, starting today!

Daily Motivational Quotes-If misery loves company, then motivation breeds success! Susan A. Enns, 2010-12-13
This is a collection of my favorite motivational quotes all in one place! Some are sales related, some are business related, but most are simply life related. They are in no particular order, just a random thought for each day of the year to help keep you on a positive note. If the old saying "misery loves company" is true, then motivation must breed happiness! I have spent my entire career, in one form or another, in sales. As such, I have dealt with rejection almost every day of my working life. Don't get me wrong, I have had a very successful career, but no sales person hears yes all the time. In fact, it is just the opposite. We hear no many more times than we hear yes. In sales, rejection is just something we deal with every day. When we let it get us down, it shows to everyone we meet, including our customers, our colleagues and our family. Essentially, our negative attitude becomes our worst enemy. Even if you are not in sales, if you let your negative thoughts get the best of you, you are your own worst enemy too. Given my profession, I have been asked many times how do I stay positive? It can't be easy to keep the right attitude when you have to deal with rejection every day, right? Yes, actually, it can be. I stay positive because I choose to stay positive. I actually make a conscious effort to not be negative and to only be positive. I discovered long ago that a motivational quote always puts me in the right frame of mind. I started searching the internet for a daily quote that made me smile or motivated me in some way. Each day I did this, I found that I became better mentally prepared to tackle the day. More importantly, I was just happier! I started to share what I found online. I would put a daily motivational quote in my Facebook and LinkedIn statuses, I would blog about them, and I would tweet them on Twitter. Friends, family, and business associates all enjoyed them so much they started calling me The Quote Lady. More importantly, everyone's positive attitude seemed to be contagious. The more the motivation spread, the more everyone became motivated! That's when I decided to pull together a collection of my favorite motivational quotes all in one place, and this eBook was created. I hope you enjoy them as much as I do. Remember, your thoughts control your outcomes and you control your thoughts. So choose wisely! Thank you for your everyday contribution to our success! It is really amazing for what you are doing in helping others stay positive and overcome their challenges, whatsoever small or big they may be. Susan inspires me to do better and help others. Like it...Very Motivating

This book identifies 168 outstanding coaches who have much to teach us about optimizing our performance, our character, and our lives. Coaches build winning teams and enable each athlete they mentor, guide, cajole, and nurture to achieve top performance. More than this, every great sports coach is first and last a life coach. Sportswriter Justin Spizman identifies and profiles 168 of the greatest coaches and managers of all time. They have much to teach us about optimizing our performance, our character, and our lives. Coach: The Greatest Teachers in Sports and Their Lessons for Us All profiles coaches in every significant sport, from football, basketball, baseball, and hockey to gymnastics, skating, rowing, rugby, soccer, and more. Rich in quotations, each profile ends with lessons for top performance on and off the field, in and beyond the arena. Justin Spizman tracks all the relevant stats—for every sport keeps score—but he seeks first and last to disclose the mind, the heart, and the force of character that drive each of the indispensable men and women behind the world's most envied and admired athletes. His profiles range from the likes of Cardinals manager Tony La Russa (already an MLB legend), to Aimee Boorman and Cecile Canquetau-Landi (who both coached gymnastics phenom Simone Biles), Bill Belichick (the take-no-prisoners field general of the New England Patriots), Pat Summitt (who racked up 1,098 wins as coach of the University of Tennessee Lady Vols basketball team from 1974 to 2012), Marián Vajda (the coach behind tennis titan Novak Djokovic), and David Leadbetter (golf guru to champions Kathy Baker, Nick Faldo, and Michelle Wie).

Destroy the Destroyer Charles Ofori Akrofi, 2017-04-26 The world is waiting for the manifestation of the children of God

for their salvation. Bitterness is one of the ways by which the devil makes sure that this manifestation does not happen. God is love and so should his children be. Were you abused as a child or are you still being abused, betrayed or rejected? Have you ever been a victim of rape? Dismissed from your job unjustifiably or undermined at the work place? How does it feel when it is a wife, a husband or a loved one? It hurts even the more. If you are hurting as a result of being bitter or you want to help someone Destroy the Destroyer will assist you. Destroy the Destroyer will take you through some of the causes of bitterness with examples from the bible, its deadly effects on the individuals and how some of them dealt with it and how you can also deal with it. You will also find real interesting stories of people who lived in bitterness and how it affected their lives. Learn how to prevent bitterness from taking root in your life and free yourself from the prison of anger?

Coach Me Paul D. Barchitta,2021-04-01 One of the core courses that I teach is Management 101. Introduction to business. The discipline of Management has evolved over time and the current trend in Corporate America is how does an organization morph from Management into Coaching. Society has become sensitive, and if you were to ask me, too sensitive, where the emotional wellbeing of the employee has been thrust to center stage. Corporate America has realized that you are not just an employee anymore, you are a resource, hence the change from "Personnel" to "Human Resource Management". If

we are going to view the employee more as a resource and less as a disposable component of an organization. Hence, the need for coaching. The need for the metamorphosis and paradigm shift away from management towards coaching is front and center. A goal of this book is to identify the foundations of management, the backbone of my management lectures every day in my management classes, and infuse the wisdom of the greatest coaches in the history of team sports. This book chronicles the foundations, concepts and theories of management and sprinkles in the quotes from coaches whether they were famous or not and explain how that quote relates to the management theories identified in the book.

Stupid, Ugly, Unlucky and RICH Richard St John,2005 Have you ever wondered what leads to success. Do you just need to be smart, great looking, or lucky? Richard St. John says those things dont lead to success. And he should know. He spent 10 years interviewing over 500 successful people, from Martha Stewart, to actor Russell Crowe, to DNA discoverer James Watson, to the top people in many fields. After analyzing and sorting all the information, Richard discovered the top 8 factors that are the foundation for success in any field. He also discovered that many successful people aren't especially smart, good-looking, or lucky. They're ordinary people, without special gifts, who achieve success by following the 8 factors. Richard himself is a good example. He says, I could never figure out how an ordinary guy like me succeeded in business, won top awards and became a millionaire. So I started a project to ask other people what led to their success, and it grew into a 10-year journey of discovery. The story is in Richards new book, Stupid, Ugly, Unlucky and RICH Spikes Guide to Success, an easy-to-read analysis that gets beyond the cliches to distill what the worlds most successful people really do have in common.
