What is the difference between “within” and “inside”? Of course "within" may as well be "inside" - you buy a toy, and "3 AA batteries included within" - they may be in the box, and you need to load them into the toy, or they may be already loaded and inside the toy. *Does the term "within 7 days" mean include the 7th day?* It's ambiguous. I'd say "within 7 days" SHOULD mean within 7 x 24 hours from now, so if at noon on Monday I'm told "this is due within 7 days" that would mean by noon of the following Monday. But people often take today to be the first day of the count, so if on Monday someone says "within 3 days" they are thinking day 1=today, Monday; day 2=Tuesday, day 3=Wednesday. There's also ... **interpretation - What's the meaning of "within x of something" ...** Oct 18, 2018 · For points within a perimeter, of is not used: These trees are within my property. The jar is within my reach. "A-B=2 hours or B-A=2 hours" Mathematically, you could think of within as expressing < (less than) or ≤ (less than or equal to), depending on the situation. Or informally ± (plus or minus). The point x is within the circle C. **prepositions - give an explanation within two days (of/from) the ...** Jul 17, 2017 · 'Within two days of the receipt of this letter' is perfectly fine- 'within two days from the receipt of this letter' is a bit more clunky to speak, but not (by any way I could find) technically incorrect. Both words refer to the same starting point and ending point of the receipt of the letter and two days hence. 'To' is a bit more difficult. *Meaning of "within" in this sentence: "The form must be filled out ...* Sep 16, 2022 · As fev says, "within" pretty clearly means that there is some range of time in which you must fill out the form. The potential ambiguity is because in "within 10 days before the flight", the following noun phrase "10 days before the flight" has a form that would generally cause it to be interpreted as a point in time rather than a range. **'within and without' - English Language & Usage Stack Exchange** Aug 17, 2018 · 1 "Threats from within and without" is a perfectly good usage. If it seems confusing, break it down to two separate sentences: Our nation faces threats from within. (As with spies, a potential revolution, or civil war.) Our nation faces threats from without. (A neighboring empire wishes to invade us and seize our land.) Does "within an hour" mean before, after, or both? Nov 26, 2010 · Does within mean before or after? Or does it mean both? For example, Do not drink or eat within an hour of taking these pills. *prepositional phrases - "Within two days of the deadline", - English ...* Jul 18, 2016 · If "within a period of time" means that from a starting point you count that period of time. So, "within two days" for me is that from a certain point of time (30th March, say the last minute), you count 48 hours, either onwards or backwards. I thought it would be "backwards"; so 48 hours backwards means the last minute of the March

28th. What is the difference between "with" and "within"? Have you looked up with and within in a dictionary? If so, please quote their definitions, and what you think the right answer is (and why). That will help us answer your question more specifically, and will also demonstrate that this question isn't a 'dictionary lookup' question, which is off-topic on ELL.

phrases - What's wrong with "within this week?" - English Language ... Jan 28, 2014 · There's absolutely nothing wrong with I want to finish it within this week. Except that idiomatically, most native speakers wouldn't bother including within at all. Purely a personal opinion, but I feel that if that optional preposition is included, it would probably be for the sake of being more "emphatic" - in which case I feel it's actually more idiomatic to use determiner the rather than ...
