## Tadesse E.A.

**Ethiopia** Tadesse E.A.,2014 Ethiopia has experienced decades of turmoil. The founding fathers created Ethiopia to have prosperity, to have love for each other, and to have unity, but those who were taken aboard by force knew nothing, saw nothing, loved nothing, and only united to sort out all those goals through fighting. In Ethiopia, author Tadesse E.A. offers a profile of Ethiopia, one of the world's oldest and most complex countries. Part history book and part book of memoirs, it provides deep insight into the country. Based on Tadesse E.A.'s strong academic background, vast international experience, and identity as an Ethiopian, he presents a look at Ethiopia in a contemporary way. He ? shares his life experiences from childhood to adulthood in an unfinished country; ? deals with the forces of the past; ? highlights the challenges of the people and their struggle during the imperial era; ? discusses two long-running governments and the national election process; and ? offers insight into the nonstop struggles and challenges during the transition period. Ethiopia melds the background of the past and the making of the present. It helps in the understanding of yesterday, which warrants many questions of its own, and today's mood, the uncertainty, and the central fact of the ongoing fractures between Ethiopians. It shares the journey of Tadesse E.A.'s life and what his country and its people have meant to him.

Tradition and Transformation Abebe Kifleyesus,2006 The Argobba are an ethnic and religious minority in southeastern Wallo and northeastern Sawa. Despite living in harsh environments and menace from more dominant ethnic groups, they have for centuries maintained their agricultural activity, trader and weaver identity, and religious unity. At present they are undergoing rapid cultural change, and are caught up in a tension between encapsulation and the struggle for the survival of Argobba cultural tradition and political position in what once was a strategic location. This book presents a perceptive historical and cultural analysis of change and continuity, looks at how the Argobba define and redefine their agricultural and commercial ways of living as a response to threats from Oromo migration, Amhara settler penetration and Adal aggression, and examines the past and present condition of Argobba social and economic transformation in north-central Ethiopia.

**Blue Talk and Love** Mecca Jamilah Sullivan,2015-03-18 The award-winning collection Blue Talk and Love tells the stories of girls and women of color navigating the moods and mazes of urban daily life. Set in various enclaves of New York City — including the middle-class Hamilton Heights section of Harlem, the black queer social world of the West Village, the Spanish-speaking borderland between Harlem and Washington Heights, and historic Tin Pan Alley — the collection uses magic

realism, historical fiction, satire and more to highlight young black women's inner lives. The storylines range widely: a big-bodied teenage girl from Harlem discovers her sexuality in the midst of racial tensions at her Upper East Side school; four young women from Newark, New Jersey, are charged with assaulting the man who threatens to rape them; a pair of conjoined black female twins born into slavery, make their fame as stage performers in the Big City. In each story, the characters push past what is expected of them, learning to celebrate their voices and their lives. In honor of Mecca Sullivan's being named the recipient of the 2018 Judith A. Markowitz Lambda Award as an emerging LGBTQ writer, Riverdale Avenue Books has released a second edition of her acclaimed collection for which the Lambda judges called Sullivan, "An essential writer of our present moment." We are so proud of Mecca for receiving this prestigious award. She made her fiction debut with Riverdale Avenue Books five years ago, when we were both new to the literary scene, and we are publishing an updated second edition with the wonderful quote from Ntozake Shange on the cover to commemorate this achievement," said Publisher Lori Perkins.

**Life and Ministry** Melkamu Negeri,2025-06-26 This book narrates how a young boy from rural Ethiopia went through a fascinating journey of life under the guidance of God and became a pastor of the largest Oromo congregation in the diaspora for over two decades. It's not only the story of Pastor Melkamu. We will also find the early growth of the diaspora Oromo Church, its success, and challenges in the book. I found this book inspiring and educational. I highly recommend it. -Asefa Wakjir This book is a great resource for anyone who wants to learn from the life experiences of such resilient people who passed through different challenges and became successful in their careers. The book enumerates the hardships in the life and ministry of Pastor Melkamu. His perseverance to overcome those dark days of his life is remarkable. Particularly his determination not to give me the time to reflect on what life could have been if God was not with us in our daily encounters. I believe anyone who reads this book will praise the Almighty God with Pastor Melkamu in our popular exaltation song that goes like this: Kan kee na dhibaa, kan kee na dhibaa, eessaa nama fuutaa, eessaa nama keessaa Yesus? Dhoqqee sochoot keessaa na baafte,gaaraa ol jedhaa isa irra na dhaabde, afaan koo galataan guuttee. Amen! -Yemane Gadissa (MEd) This book is full of lessons: start facing challenges and frustrations at a very early age, enduring unavoidable pains; however, exercise a faith that shatters the darkness and holds on to hope and opportunities. What a fascinating impact of a determined sibling to pave the way for a bright future. I strongly recommend this book believing that you will clearly see the miraculous guidance of God and even you will find yourself in it as you walk through. -The reverend Fikru Eticha, Minnesota, USA

**Phonetics** Martin J Ball,Joan Rahilly,2014-02-04 In their comprehensive new introduction to phonetics, Ball and Rahilly offer a detailed explanation of the process of speech production, from the anatomical initiation of sounds and their

modification in the larynx, through to the final articulation of vowels and consonants in the oral and nasal tracts. This textbook is one of the few to give a balanced account of segmental and suprasegmental aspects of speech, showing clearly that the communication chain is incomplete without accurate production of both individual speech sounds (segmental features) and aspects such as stress and intonation (suprasegmental features). Throughout the book the authors provide advice on transcription, primarily using the International Phonetic Alphabet (IPA). Students are expertly guided from basic attempts to record speech sounds on paper, to more refined accounts of phonetic detail in speech. The authors go on to explain acoustic phonetics in a manner accessible both to new students in phonetics, and to those who wish to advance their knowledge of key pursuits in the area, including the sound spectrograph. They describe how speech waves can be measured, as well as considering how they are heard and decoded by listeners, discussing both physiological and neurological aspects of hearing and examining the methods of psychoacoustic experimentation. A range of instrumentation for studying speech production is also presented. The next link is acoustic phonetics, the study of speech transmission. Here the authors introduce the basic concepts of sound acoustics and the instrumentation used to analyse the characteristics of speech waves. Finally, the chain is completed by examining auditory phonetics, and providing a fascinating psychoacoustic experimentation, used to determine what parts of the speech signal are most crucial for listener understanding. The book concludes with a comprehensive survey and description of modern phonetic instrumentation, from the sound spectrograph to magnetic resonance imaging (MRI).

**Current Multilingualism** David Singleton, Joshua A. Fishman, Larissa Aronin, Muiris Ó Laoire, 2013-03-22 This volume approaches contemporary multilingualism as a new linguistic dispensation, in urgent need of research-led, reflective scrutiny. The book addresses the emergent global and local patterns of multilingual use and acquisition across the world and explores the major trends that characterize today's multilingualism. It is divided into three parts on the basis of the broad themes: education (including multilingual learning in its general, theoretical aspects), sociolinguistic dimensions and language policy. The book's fifteen chapters, written by renowned international experts, discuss a range of issues relating to the quintessential and unique properties of multilingual situations – issues relevant to the challenges faced in different ways by researcher and practitioners alike. All the contributions share a focus on currently operative patterns of interaction between contexts, events and processes.

**Insight Into Ethiopia** Molla Tikuye, 2009 This book designed to give knowledge is written about Ethiopia, a nation with long time history known as a country of script and museum of history. For many intellectuals history of Ethiopia has become relevant to / cliché' or unique in African history. Materials covered in this book include transference of Ethiopian heritage to young generation, Sheba's and Ark's history, Amharic language and alphabet, information for tourists, and prayer for Ethio-

econo-socio-political development. Since faith has power, life for a Christian is easy because God says in Luke 11:9-10: Ask and it shall be given to you. In the same token if Ethiopians pray according to John 15:16 and John 16:23-24 in the name of Jesus, to believe in the Cross and to unify the country nothing will prevent to transform their lives and to get answer for their prayer. I, Molla born and raised in Ethiopia/Wollo/ Woldia having a Bachelor's degree in history like to make research in my spare time. Whenever; I write I produce original works. I have submitted my writings in 1990, 1991 and 1994 to Institute of Ethiopian Studies, major research institute of Ethiopia. In those days my writings were about mighty conquerors. After I came to America I accepted Jesus as my personal Savior in 1995. Ever since I accepted Jesus, hungry for the Word of God, I jump for the glory of the Lord whenever; worship starts. As a result miracles in my life continue to flow. Now I am a nurse. Before six years prophesy came to me through Pastor Seifu Kebede (Divine Mission Ministry) that I would be author of books. These days I start to write books to show the greatness of God and the weakness of man.

**Ongota** Harold C. Fleming,2006 A international team re-discovered a tiny tribe of hunters, first discovered a century ago in extreme southern Ethiopia but never seen again. Now dying out, Ongotan culture and language are kept alive by 20 old men who resist the pressures of two outside societies. A short description of their language and ethnography (published elsewhere) are given more fully. The examination of Ongota reveals an Afrasian (Afro-Asiatic, Hamito-Semitic) language of

marked dissimilarity to its sisters in grammar and a large lexicon with links to Afrasian languages spread over large sections of Africa. Ongota clearly is in a class by itself within Afrasian, even though loan words from nearby languages muddy up the analysis. Ongotan has serious implications for Afrasian prehistory as a whole and hence the prehistory of northern and eastern Africa. Traditionally, some scholars (especially geneticists) have assumed a constant flow of culture, language, and genes from the Near East to the west and south of Africa, especially the Sahara and the Horn. With the bulk of its deepest or oldest branches located in the Horn Afrasian must surely have expanded into the Near East from the Horn. Recent archaeology confirms this conclusion, as do palaeobotanical studies.

**Language Maven Strikes Again** William Safire, 2011-11-16 Good news! America's master wordsmith strikes again with a new collection of erudite, witty, provocative, sometimes barbed, frequently hilarious "On Language" columns. Published in The New York Times and syndicated in more than three hundred other newspapers, these opinions from the "Supreme Court of Current English Usage" cover everything from the bottom line on tycoonese and the accesses\* of computerese to portmanteau words like televangelist and Draconomics (the language maven's own plan for our bloated economy). Although Safire makes an admirable case for adverbs and adjectives, advocates of strong verbs will be heartened to hear that he also: pleads for the preservation of the subjunctive mood; delivers, hot off the college campus, the latest lingo in which 'rents means parents and yesterday's wimps are today's squids; decries the brevity-is-next-to-godliness literary school; bids farewell to anxiety (it's been replaced by trendy stress or swangst); noodles over such weighty geopolitical questions as "when an intercept of a fighter is a buzz"; bemoans the loss of roughage to fiber; and rides herd over the language spoken in Marlboro Country. More good news! Safire again spices his own wit and wisdom with correspondence from Lexicographic irregulars, those zealous readers and letter writers who reply to his columns with praise, scorn, corrections and nitpicks—anything to match wits with Super-maven. If You Could Look It Up and Take My Word for It occupy prominent spots in your bookcase, then Language Maven Strikes Again belongs there too. If they don't, then begin with this Safire and work your way back.

**Grammatical and Sociolinguistic Aspects of Ethiopian Languages** Derib Ado, Almaz Wasse Gelagay, Janne Bondi Johannessen, 2021-04-23 The focus of this unique publication is on Ethiopian languages and linguistics. Not only major languages such as Amharic and Oromo receive attention, but also lesser studied ones like Sezo and Nuer are dealt with. The Gurage languages, that often present a descriptive and sociolinguistic puzzle to researchers, have received ample coverage. And for the first time in the history of Ethiopian linguistics, two chapters are dedicated to descriptive studies of Ethiopian Sign Language, as well as two studies on acoustic phonetics. Topics range over a wide spectrum of issues covering the lexicon, sociolinguistics, socio-cultural aspects and micro-linguistic studies on the phonology, morphology and syntax of Ethiopian languages.
