The Interpretation of the Bible Joze Krasovec, 1999-10-01 This unique volume, nearly 2000 pages in length and handsomely printed on Bible paper, is perhaps the most comprehensive scholarly work of our time on the translation and interpretation of the Bible. At its core are papers presented to an international symposium in Ljubljana in September 1996 to mark the publication of the new Slovenian version of the Bible, a landmark in Slovene identity and cultural life. In addition, its distinguished editor, Joze Krasovec, has commissioned a wide range of contributions devoted to translations of the Bible in

many languages, including the Slavonic languages, Croatian, Czech, Hungarian, Polish and the Scandinavian languages. The 82 chapters in this work, mostly in English, are divided into three parts. Part I, on ancient translations and hermeneutics of the Bible, contains contributions by M.-E. Boismard, S.P. Brock, K.J. Cathcart, R.P. Gordon, L.J. Grech, M. Hengel, O. Keel, J. Lust, E. Tov and others, with a notable comprehensive bibliographic survey of oriental Bible translations from the first millennium by M. van Esbroeck. Part II, on Slavonic and other translations of the Bible, includes the first detailed study of the history of the Slavonic Bible, by Francis J. Thomson (over 300 pp.). Part III, with essays by such scholars as J.H. Charlesworth, D.J.A. Clines, J. Gnilka, M. G÷rg, N. Lohfink and A.C. Thiselton, concerns the interpretation of the Bible in translation, philosophy, theology, art and music. In an appendix, a complete list of printed Bibles in languages throughout the world is presented for the first time.

Gerhart Hauptmann Eugen Kühnemann,1922

Studies in Early Christian Liturgy and its Context Gabriele Winkler,2024-12-11 The history of the Eastern liturgical rituals reveals the variety and splendour of the world of the Christian Orient, and the profundity of its theological thought. The ritual bears witness to the deep impact these liturgies made on the Mediterranean cultures and societies of Late Antiquity. Gabriele Winkler, a specialist in Oriental liturgies and Armenian studies, here explores the beginnings and early development of these rituals in their historical, philological, and doctrinal context. Her work elucidates the interdependence of the Syriac, Greek, and Armenian cultures; it also demonstrates the interest of this material for the religious and political history of the era.

Leben und Lehre Emanuel Swedenborg,1880

Apophatik als Lösungsformel für den interreligiösen Dialog? Ulrich Felder,2012-11-02 In der Diskussion um den interreligiösen Dialog leistet auch die pluralistische Religionstheorie ihren Beitrag. Sie versucht den Nachweis zu erbringen,

dass die großen Weltreligionen allesamt gleichberechtigte Heilswege zu Gott darstellen. In dieser gegenwärtig äußerst populären Theorie nimmt das Konzept der Unerkennbarkeit Gottes ein (Apophatik / negative Theologie) eine Schlüsselrolle ein: Weil Gott unerkennbar ist, kann keine Weltreligion für sich beanspruchen, dass sie der einzige Heilsweg zu Gott ist. Besonders die beiden breit rezipierten Theorieversionen von John Hick und Perry Schmidt-Leukel bauen auf dem Grundmoment der Unerkennbarkeit Gottes auf. In beiden Theorien fungiert die apophatische Theologie als Basisprämissen. Die Arbeit von Ulrich Felder weist jedoch nach, dass das Konzept der apophatischen (negativen) Theologie in den pluralistischen Religionstheorien von John Hick und Perry Schmidt-Leukel verkürzt rezipiert wird und damit als Basisprämissen nicht haltbar ist.
