

Nightwish Over The Hills And Far Away Album

Rachal M. Roberts

Once Upon a Nightwish Mape Ollila, 2008 Hailing from the tiny hamlet of Kitee, Finland (pop. 10,000) Nightwish has captivated the world's imagination with magical million-selling releases like *Once*, *Century Child*, and *Wishmaster*. Their saga is a heavy metal fable as dramatic and tumultuous as the band's epic symphonic music. In these details and confessions, a vivid and painfully honest portrait of a musical dream emerges--and tensions swell as a split with original singer Tarja Turunen becomes inevitable. In this remarkably revealing official biography, author Mape Ollila charts the rise from village student project to global stardom, gaining unprecedented access not just to the members of Nightwish past and present; but also their families, their loyal and lewd crew, their peers, their critics, and countless other insiders from the Nightwish adventure. The book lays bare the creative firepower and personal demons of songwriter Tuomas Holopainen; the unique talents and traits of guitarist Emppu Vuorinen, drummer Jukka Nevalainen, and bassist Marco Hietala; and the true reasons behind the 2005 departure of vocalist Tarja Turunen--in the band's words and hers. Along the way, the band struggles with religious protesters, fortune-tellers, naked crew members, health problems, shady promoters, out-of-control fans, and the growing pains of an ever-steeper rock star learning curve. Happily ever after or not, these unique Finnish personalities are brought to life in this journey of into the mysteries of...Once Upon a Nightwish.

The Cursed Dragon - Book One of the Age of Acama Series Rachal M. Roberts, 2018-07-03 What if dragons were real and among us right now in today's world - Apex predators of all colors, 70 feet long with magical blood that they wield masterfully to care for their food source and herd: the human race? These dragons aren't pets nor do they allow humans to ride on their backs. The Cursed Dragon brings together what other stories have not, European and Oriental Dragons, AND gives the answers to why and how they exist but mere humans don't know about them. This believable fiction covers all continents and weaves science, history, and real locations into the fabric of fantasy. The purple dragoness Kalara used to be an Acama, a leader of dragons titled after the first king of the Aztecs, Acamapichtli who was actually a green dragon posing as a human over 600 years ago. But now she is lost; living as a human without magic in Tulsa, Oklahoma under the care of a Medicine Woman called Annette. The humans say Kalara has amnesia but that isn't exactly right. She has been cursed with a magic spell of confusion and empty mind by a hidden enemy. Now it's up to a blue dragon named Ravanan, who is a master at mind control spells, to find Kalara and fix her fragile mind. But while he and Kalara work hard to regain her magic and

memories the enemy is growing and infecting the herd...

Metal Garry Sharpe-Young, 2007 This is a comprehensive, illustrated book about one of the most enduringly popular forms of music. Combining biography, critical analysis, and detailed reference sections, it profiles all the major heavy metal artists as well as a huge selection of other niche acts from around the world. Features the topics: Doro, Heart, Rasputina, Nightwish, Riot Grrrl, Suzi Quatro, Girlschool, Hole, Vixen, Lana Lane, Pink, Runaways, other metal babes, modern rock babes

Die Coverversion und musikalischer Fortschritt? Eine Analyse der künstlerischen Bedeutung der Praktiken des Covers in der populären Musik Ariane Petschow, 2013-12 Die Coverversion - kommerzielle Kopie oder kulturelle Erinnerung, mangelnde Kreativität oder künstlerischer Fortschritt? Die kontrovers diskutierte musikalische Praxis des Verwendens von bereits Dagewesenem trägt zumeist einen negativen Beigeschmack. Doch bei genauerer Betrachtung zeigt sich, dass ohne sie vieles in der Musik nicht so wäre, wie es nun ist. Daher beschäftigt sich dieses Buch mit der Frage, ob einer Coverversion, nebst oder statt kommerziellem Interesse, auch ein künstlerischer Anspruch sowie eine ästhetische Wirkung zugesprochen werden kann. Dazu untersucht es die verschiedenen Ausprägungen des Covers, vom simplen Nachspielen bis zum Remix, und gibt einen historischen Abriss der künstlerischen Mehrfachverwertung. Weiterhin setzt es sich mit dem rechtlichen Rahmen des Covers durch das Urheberrechtsschutzgesetz und den darin enthaltenen Schranken der künstlerischen Freiheit auseinander. Letztlich werden zwei popmusikalische Beispiele aus der jüngsten Vergangenheit bezüglich ihres eklektizistischen Einflusses untersucht. Das Buch bietet dabei zahlreiche Anknüpfungspunkte für weitere Studien, sowohl in den rechtswissenschaftlichen Disziplinen als auch in der Musikästhetik.

You Have Not Yet Heard Your Favourite Song Glenn McDonald, 2024-06-20 'If you want to know anything about how music surfaces today, how to find it, or how to create it, you will find what you need right here.' Joseph Menn, Washington Post writer For the first time in history, almost every song ever recorded is available instantly. Everywhere. This book charts what music's dazzling digital revolution really means for fans and artists. As a former data guru at the world's biggest streaming service, Spotify, Glenn McDonald reveals: What the tech giants know about you How they serve up your next song Whether fans can cheat the algorithm Whether jazz is dead and ASMR is the new punk Your chances of becoming a rock star

Having analysed the streams of 500 million people, McDonald explores what the data tells us about music and about ourselves, from the secrets of russelåter in Norway to Christmas in the Philippines. Statistically, you have not yet heard your lifetime's favourite song. This book will take you on a voyage of discovery through music's fast-flowing new waters. 10 bonus playlists of wonder included! About the Author Glenn McDonald is expertly placed to provide a comprehensive picture of the global music industry in the 2020s. Growing up in 1980s and 1990s America, he was an obsessive collector of physical music – CDs and vinyl albums. But he soon realised the revolutionary power of digital media to make songs more widely accessible. He started doing data work at the US music-intelligence startup The Echo Nest, which was soon acquired by Spotify. He became Spotify's 'Data Alchemist.' His website Every Noise at Once (everynoise.com) is an unprecedented computational map of the world's music genres. Reviews 'If you want to know anything about how music surfaces today, how to find it, or how to create it, you will find what you need right here. And you will be highly entertained and amused in the process.' – Joseph Menn, Washington Post staff writer and author of *All the Rave: The Rise and Fall of Shawn Fanning's Napster*. 'We used to sell CDs by the weight of pallets, thanks to streaming we know how our content is consumed. In this immersive book, Glenn has demonstrated what we can do with this knowledge, so other industries facing their Napster Moment can learn from his unrivalled first mover advantage' – Will Page, author of *Pivot* and former Chief Economist of Spotify 'I'd say that reading this book is the next best thing to having an in-depth, impassioned, hours-long fika with Glenn McDonald about music and culture and all of the most burning topics of our time... but, I'd be lying. It's even better. This book is a true behind-the-scenes examination of our culture and our industry from the perspective of someone who was in the thick of it from the beginning. It's a history of the streaming era, written by someone who made history in the streaming era. Meg Tarquinio, PhD, Spotify/Twitch/Nettwerk Music Group 'Throughout McDonald's book, personal anecdotes and his own love of music spill out in witty, conversational prose. Even chapters that delve into streaming's complex finances – unsurprisingly, your £15 monthly fee does not go directly to your favourite artist, but is split between that month's most streamed, meaning that megastars such as Swift and Ed Sheeran stay at the top of the pyramid – are told in layman's terms.' Poppie Platt, *The Daily Telegraph* Extract CHAPTER 9. MERCENARIES AND FAN ARMIES Where there's an 'economic system,' there's probably fraud. This is not a proud truth to admit about humanity, but it seems to me to have been consistently historically true. Money is supposed to be a bookkeeping mechanism, but it becomes a goal. Fraud and cheating existed in the music business, like any business, long before streaming happened. Back when charts were based on people reporting sales numbers on phone calls, those people could be bribed to say different numbers. Radio DJs could be paid to pretend they were playing a song more because they just liked it. Accounting could be manipulated. Streaming doesn't necessarily make cheating easier, overall, but it definitely makes it more accessible to introverts. Instead of making phone calls, you can write computer programs that pretend to be streaming-music listeners. Piracy maintains a certain dastardly allure. Streaming

music fraud is not, to be brutally honest, the most glamorous or profitable form of dastrardry. Streaming rewards accumulate in tiny micro-transactions, and the software necessary to laboriously accumulate micro-royalties illegitimately isn't any easier to write than legal software for which you can get paid normal salaries. It only really scales if you become a service-provider selling fraud as a service, and then you're a business with business problems, instead of a pirate with a rakish eye-patch and the sea air in your hair. If you want to cheat your way to riches, you're better off trying to do it in junk stocks or cryptocurrencies, where there's way too much money sloshing around and the distinction between "legitimate" behavior and cheating is fuzzy. So you might have thought that fraud wouldn't be a big issue in streaming... Buy the book and carry on reading

CAMION BLANC Mape Ollila, Les archanges tombent en premier

CAMIONB BLANC Garry Sharpe Young, Après le tome 1 de l'Anthologie du metal qui retraçait le parcours des pionniers de la scène, du thrash, de la NWOBHM, du death ou encore du black metal, ce second volume s'intéresse plus particulièrement au doom, au power metal, au metal symphonique, au néo-metal, aux avant-gardistes, ainsi qu'aux scènes de diverses contrées (Amérique du Nord/Sud, Allemagne, Scandinavie, Japon, Europe...) et présente les formations les plus marquantes de chaque catégorie. Véritable référence en la matière, cette bible à mettre entre toutes les mains comblera aussi bien les néophytes que les amateurs avertis.

The Encyclopedia of Popular Music: Morricone, Ennio - Rich Kids Colin Larkin, 2006 Containing 27,000 entries and over 6,000 new entries, the online edition of the Encyclopedia of Popular Music includes 50% more material than the Third Edition. Featuring a broad musical scope covering popular music of all genres and periods from 1900 to the present day, including jazz, country, folk, rap, reggae, techno, musicals, and world music, the Encyclopedia also offers thousands of additional entries covering popular music genres, trends, styles, record labels, venues, and music festivals. Key dates, biographies, and further reading are provided for artists covered, along with complete discographies that include record labels, release dates, and a 5-star album rating system.

Nightwish Over The Hills And Far Away Album Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Nightwish Over The Hills And Far Away Album PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education

and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Nightwish Over The Hills And Far Away Album PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free

downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Nightwish Over The Hills And Far Away Album free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Nightwish Over The Hills And Far Away Album Books
